# ELKS PREPARE TO ENTERTAIN

## Big Leader of Whole Herd, Sammis, Comes to Rose City.

Authentic witnesses solemnly declare that the three big elks guarding the entrance to the Elks' club rooms, Seventh and Stark streets, smiled broadly today. One of them (the big one with the medal that stands near the door), these same witnesses say, was heard to exclaim, sotto voce, "Welcome."

If all this is true, and it may be, the big elk was not alone in demonstration. This is honor day in Portland Elkdom. The stuffed elks and the live Elks are being given their first opportunity to entertain their grand and brand new exalted ruler, James U. Sammis, with him Fred W. Robinson, grand secretary. Both come from Los Angeles directly, but before they received their titles, Mr. Sammis came from Soulx City, Iowa, and Mr. Robinson from Dubuque.

"We are going to do ourselves proud in entertainment in spite of the limited time for preparation," George Hutchin, chairman of the committee on entertainment for Portland lodge Benevolent Protective Order of Elks asserted this morning.

Mr. Sammis and his party of 11 were due to arrive at 11 o'clock this morning. Their train was delayed and they did not reach here until 2:30 p. m. But at 10:30 a. m. automobiles were lined up outside the clubrooms and there they stayed until it was made certain that the distinguished visitors had entered the city. The afternoon's program of entertainment includes a lunch at the club rooms, an automobile tour of the city and for tonight, an elaborate banquet at the Commercial club.

"I'm not surprised at all that Sammis received the honor of being elected grand exalted ruler of the Elks," declared Judge W. H. Conniff of Sioux City, this morning, when questioned as to the personality of the new chief ruler.

"For one thing," continued the judge, "he is about as brilliant a man as we have in the state, up to Cummings' pace any day in the week. He has been prominent in politics, although he has been mostly engaged in working other people into office, while Commings has spent most of his time working himself in. By profession Mr. Sammis is a lawyer. His first love is Elkdom, although he is a member of other fraternal organizations, notably the Masons. Another thing about him is this: he rarely goes for anything for himself, but when he does he gets it, and when he gets it he always proves himself worthy of the prize."

The time set for tonight's banquet is 6:30 o'clock. It will be attended by resident and visiting Elks. Later a meeting of the order will be held in the lodge rooms.

# SOCIETY MEN CONFESS CRIME

## Two Salt Lake Youths Are Charged With Robbing Pullman Company.

(United Press Leased Wire.)

Salt Lake, Utah, July 24.—The arrest of John M. Cummings and W. O. Rose, who confessed today to attempting to rob the cashier of the Pullman company here, created a sensation in the Y. M. C. A., where both young men were considered star members.

Following the arrest and confession of the young men, persons from Ogden came here and identified them as the same men who held up and robbed the depot of the Salt Lake & Ogden railroad July 4, securing $500.

Both men roomed at the Y. M. C. A. and Rose was the star wrestler in the organization's gymnasium.

## THUG TRIES TO ROB BAKER; SHOOTS HIM

(United Press Leased Wire.)

San Francisco, July 24.—Detectives are searching Golden Gate park this afternoon for a bandit who last night shot and seriously wounded Chris Hauser, proprietor of the Emporium bakery at 1130 Oak street. Hauser was shot at 9 o'clock last night while he was counting his cash preparatory to closing up his shop. The bandit entered the store and seizing a bag containing about $200 in cash, attempted to wrest it from the baker. Hauser resisted and was shot through the neck. It is thought he will recover.

### Ship Employe Killed.

(United Press Leased Wire.)

San Francisco, July 24.—Gus Behrens, for 20 years an employe of Captain H. Schrader of the schooner Theodore Roosevelt, fell through a hatch on the ship today, breaking his neck and crushing his skull. He died instantly.

### Hundred Miles in Sixteen Hours.

(United Press Leased Wire.)

Chicago, July 24.—Sidney Hatch, representing the Illinois Athletic club this afternoon won a 100 mile race at an amusement park. Official time is 16 hours, 39 minutes. Charles Lobert finished second, nine miles behind Hatch.

### Notarial Commissions.

(By Journal Leased Salem Wire.)

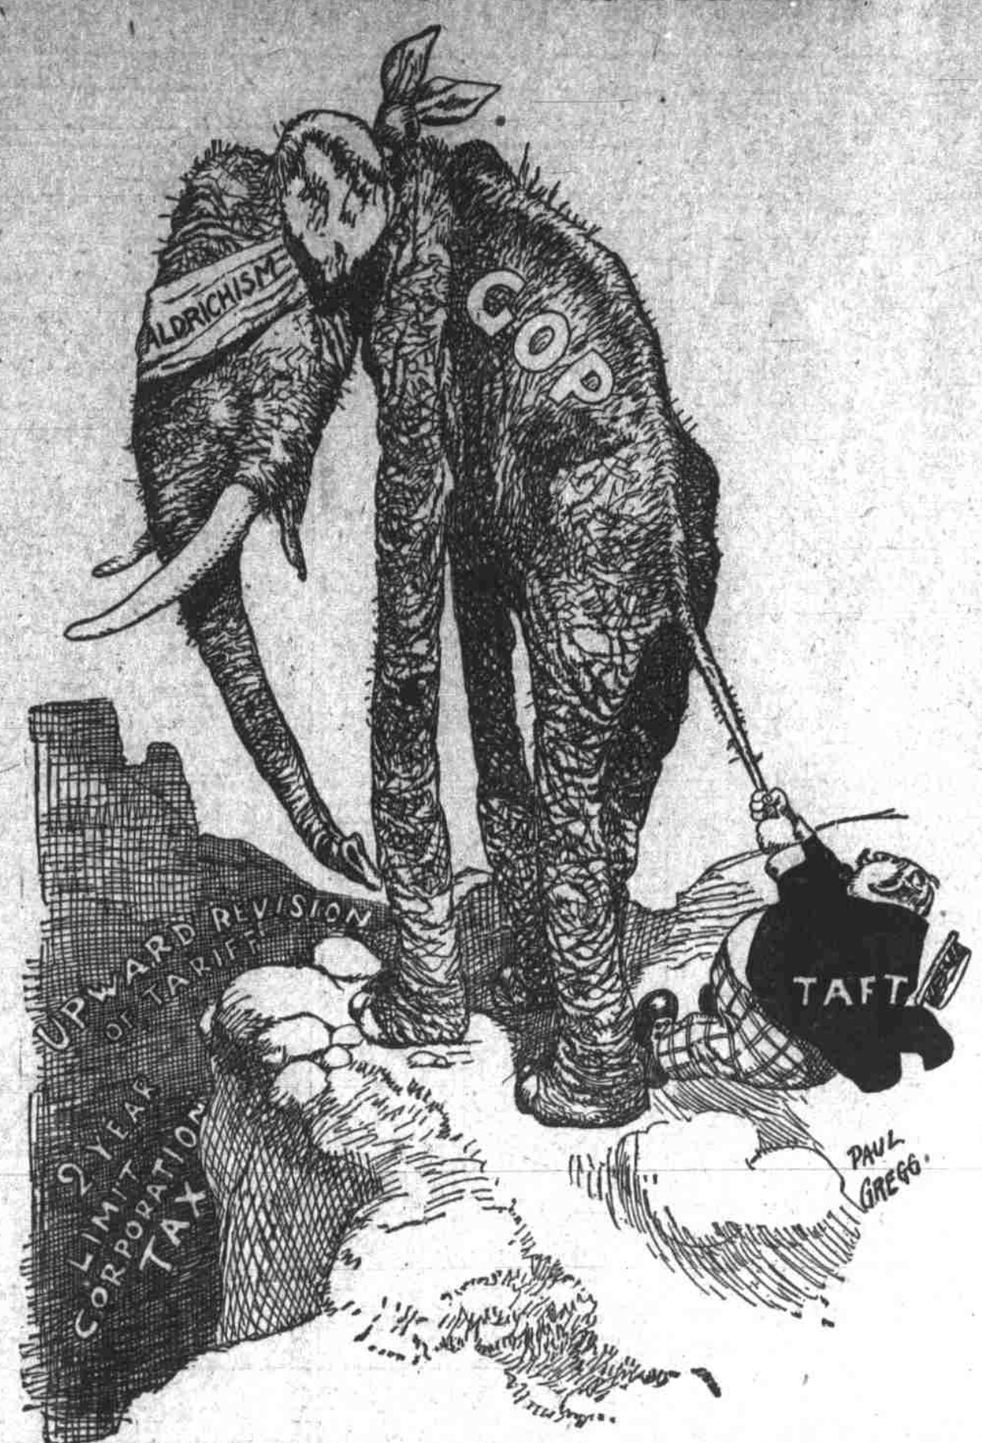
Salem, Or., July 24.—Notarial commissions have been issued to W. O. Heyman, Estacada; W. A. Storey, Portland; J. A. Buchanan, Roseburg; B. J. Howland, Myrtle Creek; C. A. Clunet, Junction City; C. J. Heidtman, Bonanza.

## *All Who Would Enjoy*

good health, with its blessings, must understand, quite clearly, that it involves the question of right living with all the term implies. With proper knowledge of what is best, each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to living aright. Then the use of medicines may be dispensed with to advantage, but under ordinary conditions in many instances a simple, wholesome remedy may be invaluable if taken at the proper time and the California Fig Syrup Co. holds that it is alike important to present the subject truthfully and to supply the one perfect laxative to those desiring it.

Consequently, the Company's Syrup of Figs and Elixir of Senna gives general satisfaction. To get its beneficial effects buy the genuine, manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists.

# PUTTING ON THE BRAKES



# LIGHTNING HITS HOUSE 4 TIMES

## Woman Killed, Son Will Die, Husband and Neighbors Injured.

(United Press Leased Wire.)

American Fork, Utah, July 24.—Lightwhich struck the home of John Singleton four times instantly killed Mrs. Singleton and rendered her son and husband unconscious last night during a heavy thunderstorm.

Mrs. Singleton was killed with the first flash and while young Singleton went to the house of a neighbor for aid, John Singleton was struck by the second bolt. As his son entered the doorway ahead of two friends who accompanied him, the third bolt crashed through the roof, knocking him unconscious and burned him so terribly that his life is despaired of.

Unaunted by the damage already wrought the two neighbors entered, only to be struck down by the fourth flash. With the exception of young Singleton, those injured by the electric bolts will recover.

# BOY AERONAUT LOST IN SWAMP

## Fog Envelops Him and Death in Many Forms Confronts Him.

(United Press Leased Wire.)

New York, July 24.—Frank W. Goodale, a boy aeronaut of Toledo, is suffering from the effects of exposure to weather and fatigue following a flight yesterday, when he was lost and nearly drowned near Kingsland, N. J. Goodale had previously made ascensions in his flying machine from the Palisades amusement park. He was recently engaged to appear at a park in a Newark suburb. Yesterday he determined to fly the intervening eight miles.

All went well until he encountered a heavy fog hanging over the Jersey meadows. The boy lost his bearings and control of his airship. The machine settled in a swamp and Goodale was nearly drowned. Fighting his way blindly, after discarding his clothing and dismantling his machine, the aviator made his way over several miles of marsh land. He was beset by clouds of mosquitos and a misstep would have meant death.

Accidentally he discovered that by working the frame of his machine backward and forward it would bound along gently, and in this way he tramped for hours, until he chanced to reach Kingsland. There he fell fainting and was taken to a hospital.

## DISCHARGED SERVANT BEHEADS A CHILD

(United Press Leased Wire.)

St. Petersburg, July 24.—Princess Alexander Mestcherski, 14 years old, was decapitated by a discharged housekeeper at the family home in Smolensk province, according to advices received here today. The housekeeper cut off the little girl's head with an axe. It is supposed the crime was the result of a desire of the housekeeper to obtain revenge for the loss of her position.

### Marriage Licenses.

Oregon City, July 24.—A marriage license was issued yesterday by County Clerk F. Greenman to Clara Engen and Albert McInnis.

# ROSE CITY IS WINNING HEARTS

## Fair Daughters of New York Find Handsomest Men Live Here.

"We're doing Portland, we New Yorkers, don't you know," said a charming lass at the Oregon hotel this morning. "And," she added, "we like your town so well that we'd rather stay a month or always than just until tomorrow night."

The young lady belonged to an excursion party of more than 100 organized from ainong prominent residents of New York, Brooklyn and Philadelphia. At the Hotel Portland another young lady was found. She had a confession to make, too.

"I've heard there are so many good looking men in the west, and so have my friends," she admitted shyly. "When I was planning a summer vacation, they all said I must come west and find out if the report is so, and if it is so, to let them know. And, do you know, I have seen the best looking men I ever saw, in Portland. I started to telegraph back to my girl friends that the first report is true, and then some unkind person told me the good looking men were all eastern visitors and that all the men who lived here were out raising apples or building railroads. I didn't believe him, though."

The second young lady is a member of the excursion party organized by the Brooklyn Eagle. Both delegations came into Portland this morning. One of the significant statements made by members of both parties was, "we heard so much about the beauty of the Pacific coast, but we didn't believe it after seeing San Francisco until we came to Portland."

A reception will be tendered the visitors tonight at 8 o'clock by the Commercial club. Former New Yorkers now living in Portland will participate.

## IS MILK A FOOD OR JUST A DRINK

Chicago, July 24.—Such momentous questions as whether milk is a drink or a food, and whether an ice cream cone is a confection, a drink or a food, will be solved in the suit begun before Judge Lockwood Honore by W. F. Merle, a stockholder and director of the White City Construction company, to compel an accounting from Joseph Beifeld, president of the company.

Mr. Beifeld holds concessions in the park for which he pays a percentage to the company on everything but the restaurant privileges. Merle claims that milk and ice cream are not food and should not be included in the exempted list.

Arguments were begun but later it was agreed that a list of propositions shall be submitted to Judge Honore for him to pass upon.

Merle declares Beifeld owes $100,000 to the White City company.

## HANS SCHUMANN-HEINK PROUD OF OLD GLORY

New York, July 24.—Hans Schumann-Heink, one of the stalwart sons of Mme. Schumann-Heink, has returned after nine months spent in Dresden studying voice culture under Scheidemantel. Mr. Schumann-Heink is a bass baritone. He says he will study opera in this country. He wore a small American flag in the buttonhole of his coat.

"That looks good," remarked an interviewer.

"You bet it does," he replied. "I am an American citizen and I am proud of it. I wore this flag most of the time I was in Germany."

The young man took from his pocket an American flag so much soiled that he said he was almost ashamed of it. It had hung in his room during his stay in Germany, becoming smoked and begrimed.

# FINAL VOTE ON LEATHER MONDAY

## Heyburn and Warren Said to Stand Alone in Demand for Hide Duty.

(United Press Leased Wire.)

Washington, July 24.—With Heyburn and Warren practically the only senators protesting against the removal of the duty on hides, the tariff conference committee decided today to take a final vote on the leather schedule next Monday.

The Republicans have agreed to a reduction in the tariff on sole leather from 10 per cent to 5 per cent, and boots and shoes will be reduced to 10 per cent. The rate on them was originally fixed at 20 per cent. Harness and saddlery will be fixed at 20 per cent instead of 40 per cent.

A compromise of 10 cents on iron ores was agreed upon today. Print paper will be taxed $3 a ton, and wool pulp will be free.

Progressive Republicans will give a dinner to President Taft tonight. Among those who will attend the banquet are Senators Borah, Bourne, Jones, Dixon and Curtis.

# VIEWS VARY ON THE DONLIN DEAL

New York, July 24.—Although the officials of the New York National league baseball club today refused to confirm or deny the report that Mike Donlin would become captain and manager of the Philadelphia club, their refusal to make a denial is accepted generally as confirmation.

It is known that the New Yorkers have used every available method of persuasion to induce the hard hitting footlight star to rejoin his team, and it is also said that the supplications met with ignominious failure.

In view of this, it is thought that New York decided to realize all possible on the great player and has disposed of him to the down trodden Philadelphians.

According to reports that were circulated this afternoon, New York, in exchange for Donlin, will get Outfielder Magee of the Phillies, and either Pitcher Foxen or Pitcher Moren. It is thought that McGraw will hold out for Moren, whose recent work has been of the gilt-edge variety.

President Brush of the Giants sailed today for Europe. When seen at the pier prior to his departure, he refused to comment on the deal.

Philadelphia, July 24.—When Manager Murray of the locals was questioned concernong the reported Donlin trade, he said:

"I know nothing about it. I haven't been asked for my resignation, and I don't intend to resign."

State Senator McNicholl, part owner of the Philadelphia club, denied that the magnates wanted Donlin. He gave as his opinion that the whole affair was unfounded and was intended as a boost for Donlin's future theatrical ventures. The whole deal, he said, smacked of press agents.

### Wounded by Sour Milk.

New York, July 24.—Stephen Smith, an employe of the Monroe creamery, near Livingston, N. J., was injured by being struck in the face by the lid of a milk can. The milk had soured, and when Smith tried to remove the lid it blew up. The lid struck Smith in the face, gashing his cheek, cutting his lip and his left eye. The wound in his lip had to be sewed up.

Sunlight is said to check influenza epidemics.

# NO INJUNCTION IN BARREL CASE

A decision of the circuit court this afternoon denied the injunction asked for by the California Barrel company against the Eastman Timber company. The plaintiff company asked an injunction restraining the officers of the defendant company from guaranteeing a $600,000 bond issue.

The case was heard by Judges Gatens, Morrow and Gantenbein, who decided that the complaint did not set forth sufficient facts to warrant an injunction being given, wherefore it was refused.

# How to Live Long

## Through Scientific Observation of the Life of Men and Animals.

The scientists who claim that life can be greatly prolonged have advanced a theory which is based on animal life as it exists in the jungles. Take, for instance: An elephant lives for several hundreds of years; parrots have a life of two or three hundred years, and other species of animals enjoy several centuries of active life. Now, if we are advocates of Darwin, who claims that man evolved from apes, the matter is settled. But if our view is contrary, we have but to review history. People formerly lived several of our modern lifetimes.

The trouble is that now we crowd an hour into every minute. The war of commerce creates worry, exposure, stirs up disease germs, and thus shortens life.

However, man has been given that which aids in prolonging life. The Duffy Pure Malt Whiskey Co., of Rochester, New York, produces a stimulant that fills the present demand.

Duffy's Pure Malt Whiskey is an absolutely pure, gentle and invigorating stimulant and tonic; assists in building up the nerve tissues, tones up the heart, quickens the circulation, gives power to the brain, strength and elasticity to the muscles and richness to the blood. It brings into action all the vital forces, makes digestion perfect and enables you to get from the food you eat the nourishment it contains. By getting the nutriment your food contains, you are bodily strengthened; this creates a vigorous condition over the entire human system, making it possible to repel the germs that constantly assail you.

Duffy's Pure Malt Whiskey is indorsed by leading men in all professions, including clergymen, doctors, educators, nurses, lawyers as well as business men and the intelligent generally. It is invaluable in the treatment of indigestion, nervous prostration, malaria, chills, low fevers and all diseases of the throat, the bronchial tubes and lungs. It is a heart tonic, and in old age, when the vital forces are yielding to the weight of years, it will bring strength and vigor to the muscular and nervous centers.

If weak and run down, take a teaspoonful four times a day in half a glass of milk or water.

Duffy's Pure Malt Whiskey is sold everywhere by druggists, grocers and dealers or shipped direct for $1.00 per bottle.

Our Consulting Physician will send to every reader of The Journal advice, and an interesting illustrated medical booklet free of charge. The Duffy Malt Whiskey Co., Rochester, N. Y.
