PORTLAND DAY TOMORROW AT FAIR

Many Places of Business Will Give Half Holiday to Permit Employes to Attend Exhibit and See Fast Races—Award of Ribbons

Tomorrow is designated as Portland day at the Portland Fair and Livestock exposition and it is the intention of most of the big stores to close in the afternoon that their employes may attend. One of the features of this day will be livestock parade. All of the prize winners so far judged will bear ribbons.

The races for tomorrow will be some of the fastest yet seen and three classes will be pulled off. The first race will be the 2:08 pace for the Rose City stake of $2500, which is one of the big stake events of the meet. The principal horses entered are Hymettus, Mortrix and Lord Loveleigh, all winners at the Salem races.

The 2:25 trotting race for 3-year-olds will be contested for by Fairy Alley, Gemima King, Harry T., Flora Dora and Tortoise Shell.

In the 2:30 trot the entries are Paul W., Zoma Oak, Shamrock, Nellie Mars, Zelma F. and Leah Patch, a lineal descendant of the great Sam Patch.

Judges Begin Work.

When the judges of the livestock called for the entries to show in the arena this morning for awarding premiums, the fat of the northwest lands pranced out for show. They were a classy lot, and the owners were justly proud of their respective animals. The greater part of the exhibits are in, and the judging began at 9 o'clock.

It will take fully two days for this, and possibly Thursday forenoon. When all have been passed upon by the careful eyes of the judges, they will be arranged for the parade around the mile track, where all can see what has kept the stockmen busy for the past few weeks. Animals sleek and fat, animals large and small, and animals with pedigrees running back 50 years or more are on exhibition.

In the 3-year-old class for 2-year stallions, Joseph M. Rieg's little horse Fireman won first. This horse took second prize at the Salem fair in a bunch of splendid standard thoroughbreds.

Prizes Awarded Today.

Following were passed upon this morning, and prizes given in their order:

Standard bred stallions, 4-year-olds—Sonona Boy, Frank E. Alley; Sonona, J. P. Porter; Irwin Heart, Harry Squires; Bonnie N. C., P. J. Hall.

Three-year olds—Red Phantom, Paul Brunzel.

Two-year olds—Fireman, Joseph M. Reig; Bonaday, Frank E. Alley.

One-year-olds—Bill Cardwell, Frank E. Alley; Roseburg Boy, Sitka Boy, Diamond, all belonging to Frank E. Alley.

The entries under 1-year were King Dixon and Michael Angelo, both owned by Frank E. Alley.

Standard bred mares—Four year olds, Mabel Wyn, Oregon Mist, Moonlight Bell, all owned by Frank E. Alley; Ora May, P. J. Porter, and Bettie J., Frank E. Alley.

The full exhibit of cattle is not in and judging began with the Devon cattle and the awards follow:

Bulls—Three years old. Red Cloud, George Simeral, Macleay, Or.; Sundown, William Neal, New Hampshire. Three year olds, Hillside, William Neal; Raymond S., W. S. Simeral; Oregon Boy, George Simeral. Senior yearlings, Lone Wood Boy, William Neal; Red Goods, George Simeral. Junior yearlings, Winopsankie, William Neal; Golden Rod, W. P. Simeral. Senior calves, Gihrockie Lad, William Neal; Red Raven, George Simeral. Junior calves, Red Goods, George Simeral; Hillside Boy, William Neal; Red Chief, William Simeral.

Another judge passed upon the following Holsteins:

Bulls—Three years old, Jewel of Woodlake, John L. Smith, Spokane; Sir Mechtilde, William Bishop, Chinacum, Wash.; Korel, William Bishop. Two years old, Posch Gerber, John L. Smith; Aggie Cornucopia, William Bishop. Senior yearlings, Piertze Pasch, John L. Smith; Natsey Gerber, John L. Smith; Prime Segis, P. A. Frakes; Onones Cornucopia, William Bishop. Junior yearlings, Sir Kerndye, John L. Smith. Senior calves, Prince Paul, John L. Smith; Dutchland, William Bishop; Sir Di Kol, John L. Smith, and Hazelwood Astna, John L. Smith.

Butterfield & Co., from Weiser, Or., swept the field with a fine line of sheep. In the Spanish Merino entry he took everything for 1 and 2-year-old rams, 1 and 2-year-old ewes, ewe lamb, ram lamb, two lambs from one ewe, and best flock, which consisted of one ram, one ewe and one ewe lamb.

VALUABLE PREMIUMS BRING OUT BEST OF LIVESTOCK SPECIMENS

It is a classy bunch of livestock on exhibit this week at the Portland fair, and the handsome number of premiums offered by the management has drawn out the best in the northwest. Some have come from as far off as New Hampshire, and by this evening all will be in, groomed and ready for the fanciers.

When the 97 cars that had been at Salem were unloaded, a finer lot of stock could not have been seen anywhere, and the spacious barns are now fast filling with late arrivals. Feed, water, and all the accommodations for the stock family are provided in abundance. The attendants are comfortably housed, and spending their time in dressing up their animals for the big parade the latter part of the week.

This parade will mark one of the high lights in the stock exhibit, and competitors for prizes are vying with each other in bringing applause of the grandstand, when the cavalcade moves around the track. Judging began late yesterday afternoon with the sheep, and when the date is selected for the outside exhibition, all will carry their respective prizes in red and blue ribbons.

One of the busiest men among the stockmen is George Gammie, Portland, who is superintendent of this feature of the big show. Each of the cattle, sheep and hog barns have a superintendent. A small ring has been constructed in front of the horse barns, where the broncho busting will be done, and where the horsemen may exercise their stock.

Carried Concealed Weapons.

George Harris, arrested last night by Patrolman Barstow on a charge of carrying concealed weapons, pleaded guilty in municipal court today and was fined $25 by Judge Frank S. Bennett and the blackjack he was carrying confiscated. Suspecting that Harris was armed, the officer followed him for several blocks last night, and made the capture when the man, who was with friends, drew the weapon.

A young woman living in Middletown, Pa., has succeeded in perfecting a process for photographing on tiles pictures which are practically indestructible.

DEEP SEATED COUGH

CURED IN 5 HOURS

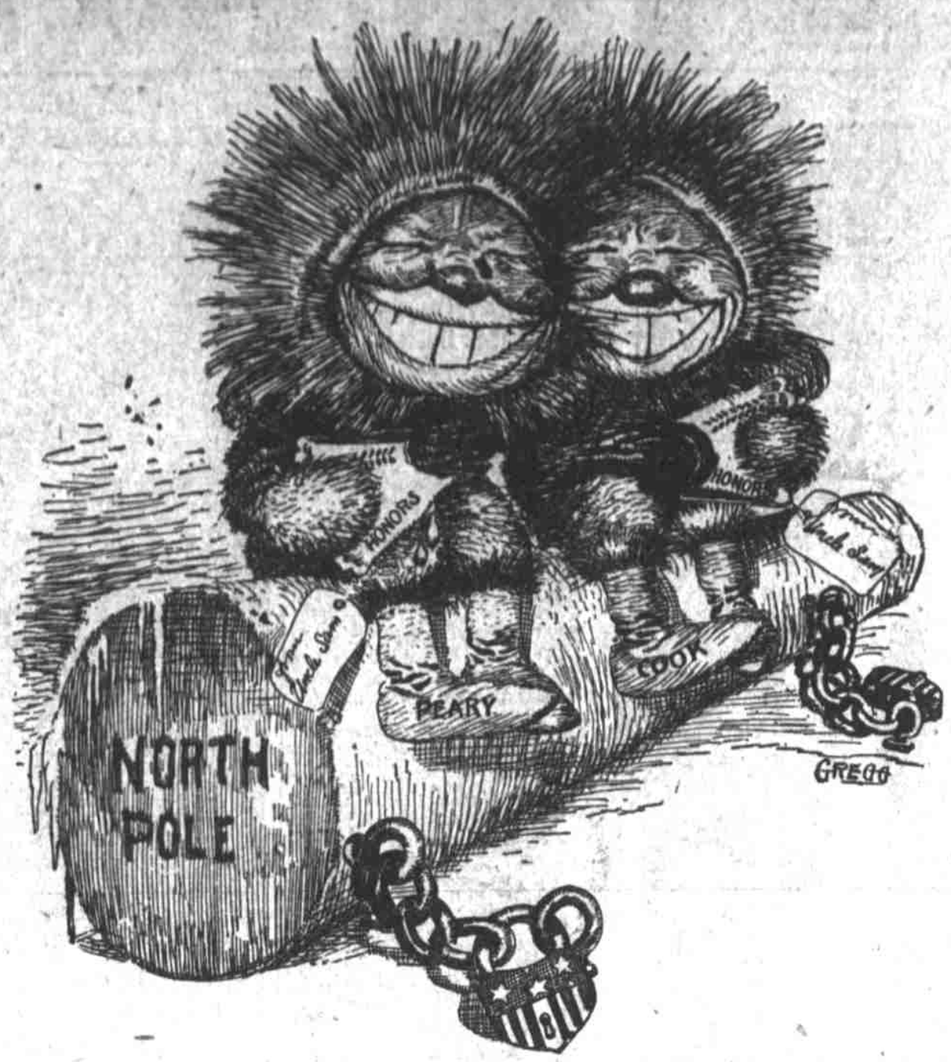
New Home-Made Syrup.

(Cut this out.)

From Boston Press.

Progress in medical compounds never ceases, and now it is stated by a prominent medical man that any deep-seated cough or cold on the lungs can be actually cured in five hours by the clock. Opium and morphine have been resorted to in the past, as relief measures. But now it is learned that the system must be treated to rid it of inflammation and congestion. A tonic laxative cough syrup does the work so quickly and thoroughly as to be almost magical. What heretofore has taken weeks to cure can be accomplished in hours. Get this formula filled or mix it at home and always keep it on hand: One-half ounce fluid wild cherry bark, one ounce compound essence cardiol and three ounces syrup white pine compound. Shake the bottle and take 20 drops every half hour for four hours. Then take one-half to one teaspoonful three or four times a day until the system is purified and toned up. Give children less according to age. One filling will usually cure a whole family, as the dose is small.

"ROOM ENOUGH FOR TWO"



RAILROADS MUST PAY SEWER COST

City Attorney Says Corporations Must Stand Share of Improvements.

In an opinion written for the city auditor, Deputy City Attorney R. S. Grant has stated that railroad rights of way are subject to assessment for sewer improvements. The opinion was requested because of a remonstrance made by the Oregon & California against an assessment made against that company for part of the cost of the Brooklyn sewer.

Officials of the company say they are benefited in no wise by the improvement inasmuch as their property is occupied only by railroad tracks. They make the protest that the assessment levied against them is unjust and arbitrary and unconstitutional.

Mr. Grant quotes numerous authorities and refers to various precedents to show that the assessment is legal and that it can be levied. A similar case in Toledo, Ohio, was decided against the railroad company.

The opinion of the deputy city attorney is important because if it is warranted it will mean that a large portion of the costs for sewers laid in the Peninsula will have to be defrayed by the North Bank railroad which has terminal and other property in that section of the city.

STRIKE CLOUD STILL LOOMS

Machinists on O. R. & N. Will Wait Salt Lake Conference Before Acting.

There will be no settlement of the threatened strike of machinists on the O. R. & N. until after the conferences between the railroad officials and the committee from the machinists in Salt Lake City have been concluded and the machinists' committee can confer with the Portland officials of the O. R. & N.—which will not be before next week.

General Manager J. P. O'Brien of the O. R. & N. had a request from the representative of the union men for an interview last week. He expressed his willingness to confer with them at any time, but has been notified that there will be no meeting here until the threatened strike on the Oregon Short Line has been settled by the Salt Lake conference of this week.

"I expect that the committee from the machinists will arrive in Portland next week and take up the matter then with our master mechanic's department," said Mr. O'Brien. "Until then at least I think matters will remain as they are."

Mr. O'Brien said it was not his understanding that the machinists asked for an eight hour day and he believed that question had not had any place in the demands of the machinists.

BUNKO MEN WILL BE SHOWN NO MERCY

"Bunko men will be shown no mercy in this court, and there will be no escaping the sentences I may impose," declared Municipal Judge F. S. Bennett today, when he sentenced J. B. Williams, accused by J. H. Small of fleecing him out of more than $2600 by means of the famous "bit-and-bridle" fake poolroom game.

Charged with vagrancy, Williams pleaded not guilty, and to his great surprise and consternation, instead of a fine being imposed, he was sentenced to serve 30 days on the rockpile. Giving notice of appeal, Williams' bail was fixed at $500 by the court.

Williams was accused of having opened up a fake race poolroom and, by using a short telegraph wire to have bled the victim to the extent of about $2500.

On the witness stand, Williams testified that he was an associate of the notorious Harvey Dale, a shrewd worker in Portland during the days when crime ran riot.

DEDICATE PARK AT KENILWORTH SUNDAY

Dedicatory exercises for the Kenilworth park, newly purchased by the city will be held next Sunday afternoon at 2 o'clock. A committee in charge of the work has completed its work and the program in the rough has been announced. It will include speeches, a sacred concert with refreshments and sweets served in the park by the ladies of the district.

A special car has been arranged for which will leave Third and Yamhill streets at 1:30. It will carry a band, members of the park board, council, the mayor and other officers of the city and specially invited guests and will reach the park half an hour later. The exercises will commence at once with R. D. Merchant, president of the Kenilworth Improvement club, through whose efforts the park was secured, presiding. A. L. Barbur, Father Gregory, Mayor Simon and others will be called upon for speeches.

DOUGLAS STARTS MILK CRUSADE

Roseburg, Or., Sept. 21.—Sanitary conditions of Douglas county dairies are said to compare favorably with those in other parts of the state. There have been no complaints received at the local health office.

Believing, however, that all dairies should be inspected at least once a year, it is said that the county health officer will soon make an inspection of all the dairies in the county. It is also reported that a local authority will send samples of milk from all parts of the county for inspection by experts at one of the Oregon colleges.

Sold Liquor to Minor.

Fred Van Cleave, proprietor of a saloon at the corner of Fifth and Oak streets, accused of selling liquor to a minor, pleaded guilty to the charge in court today and was fined $50 by Municipal Judge Frank S. Bennett. Van Cleave testified that the boy entered his saloon, and informed him that he was sick and desired whiskey as medicine.

PORTLAND WILL HAVE INSTITUTE

Dr. Wallace Butterick Makes an Announcement After Investigation.

Dr. Wallace Butterick of New York, secretary of the general education board, in a talk to members of the Commercial club this afternoon, announced that after a careful investigation of the educational work being done by the various colleges and institutes in Oregon, the board has decided to confine its financial assistance to Portland and that it would join hands with the trustees of the Reed institute to make that training school one of the most notable in the United States.

In his talk Dr. Butterick said that the board has canvassed the educational situation in this state very thoroughly and had come to the conclusion that Portland as the natural center of the life of the state could best support a large educational institution and that although he recognized the crying needs for money and other assistance of the schools and colleges, already existing that none of them had the opportunity for serving so many people as would the proposed Reed institute in Portland.

The general education board received an endowment of $53,000,000 from Rockefeller a short time ago to be distributed in aiding in the educational work of the United States. It is impossible to tell how much financial assistance the Reed institute will receive from the board, but it is probable that it will be a large amount, and it is certain to be sufficient, together with the $2,500,000 endowment to the Reed institute, received from the Reed estate, to give Portland one of the best schools in the country.

Eugene Defeats St. Johns.

(Special Dispatch to The Journal.)

Eugene, Or., Sept. 21.—The St. Johns team of the Tri-City league was easily defeated by the Eugene Colts in the last game of the season here Sunday afternoon, the score standing 8 to 5. The game was marked by dumb plays on both sides and was void of interesting features.

Batteries—Eugene, Baker and Lemley; St. Johns, Olney and Peabrook.

Some fine figs were raised on Elk river in Curry county.

BRINGS SUIT TO HOLD DOCUMENTS

John R. Cochran Applies for an Injunction Against Mine Owners.

To prevent the shipment out of the state of deeds to valuable mining property in Placer county, California, held in escrow by the United States National bank of this city, a petition for an injunction was hastily filed in the circuit court this morning by John R. Cochran, who says that he will be irretrievably injured if the papers are taken out of Oregon and returned to John H. Thomas, from whom the property was to be purchased.

The defendants in the case, besides the United States National bank and Thomas, are the American Bank & Trust company, the Rose City Trust company and the Bald Knob & Consolidated Gold Mining company. The deeds were first given into the hands of the Rose City Trust company and forwarded to Portland in care of the American Bank & Trust company. Cochran says that one of the deeds was found to be imperfect and for this reason the money was not paid at once.

In the meantime, it appears, a hitch arose and the Crocker National bank of San Francisco, which has some connection with forwarding the escrow, has demanded the return of the deeds. To keep the deeds here the injunction was secured. It is understood that a more carefully drawn complaint setting up the trouble in detail will be filed later.

POSTMASTERS TO MEET TOMORROW

General Hitchcock Will Not Be Able to Deliver Address.

A short time ago Postmaster Young addressed a letter to Postmaster General Hitchcock on behalf of the clerks and carriers of the office, asking the head of the department to make an address to the employes in the courtroom in the afternoon of Thursday, September 23, when Mr. Hitchcock will be in the city. This morning Mr. Young received a message saying that the general had made other arrangements. The message to Postmaster Young follows:

"General Hitchcock desires I should advise you that he will arrive in Portland Thursday morning, leaving for Butte 5:40 same date. This will be necessary in order to attend the convention at that city. He has accepted an invitation to attend a luncheon given by the Commercial club Thursday noon.

"HALL, Assistant Superintendent."

The annual meeting of the Presidential Postmasters' Association of Oregon will be held in this city beginning tomorrow morning. The meeting will be held at the Commercial club and it is expected that a majority of the presidential postmasters of the state will be in attendance. There are about 60 members of the association and topics of general interest, touching upon the postal service in general will be discussed. Secretary Johnson of Corvallis is in the city and has charge of the program.

JUDGE MORROW TAKES AN AUTOMOBILE RIDE

An automobile ride into Washington county became one of the duties of Circuit Judge Morrow this morning. After taking testimony in the case of John Dalquist against William N. Daniels, which was practically completed yesterday afternoon, the attorneys agreed that a personal visit by the court to the Dalquist land would assist in determining the case, and early this morning the judge and his party left by auto. The land is about six miles from Portland.

Dalquist claims damages of $3870 for timber cut from his land by Daniels, the latter having a contract for timber bordering the Dalquist land. By mistake the Daniels cutters got over the line. Arbitrators selected by the two awarded $250 to Dalquist, who was dissatisfied and carried the matter into court.

That Lame Back Means Kidney Disease

And To Relieve The Lame And Aching Back, You Must First Relieve The Kidneys

There is no question about that at all — for the lame and aching back is caused by a diseased condition of the kidneys and bladder. It is only common sense, any way — that you must cure a condition by removing the cause of the condition. And lame and aching back are not by any means the only symptoms of derangement of the kidneys and bladder. There are a multitude of well-known and unmistakable indications of a more or less dangerous condition. Some of these are, for instance: extreme and unnatural lassitude and weariness, nervous irritability, heart irregularity, "nerves on edge," sleeplessness and inability to secure rest, scalding sensation and sediment in the urine, inflammation of the bladder and passages etc.

These symptoms are, as stated, Nature's unfailing and unmistakable warning of more desperate and fatal conditions that may soon result. As you value your health — your peace of mind and comfort of body — do not neglect these symptoms. Some of the most dangerous complications known to medical science result from neglected diseases of the kidneys and bladder.

DeWitt's Kidney and Bladder Pills are an exceptionally meritorious remedy for any and all affections or diseased conditions of these organs. These Pills operate directly and promptly — and their beneficial results are at once felt.

They quickly regulate, purify, stimulate, and effectually heal and restore the kidneys, bladder and liver, to perfect normal and healthy condition — even in some of the most advanced cases.

They can always be depended upon to do just exactly what is claimed for them. As an illustration, Mr. David Bugh of Gasconade, Mo., states: "Your Kidney and Bladder Pills have done wonders, when I had Bright's Disease, and diabetes in the worst form".

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail postpaid. Do it to-day.

Cocoa Fact No. 16

Most beverages are used for their stimulating effect, their food values being of secondary importance. Cocoa, however, is principally desirable for its nourishing qualities. It is rich in gluten and albumen, and is easily digested.
