JUNCTION NEWS.

Clipped From the Times of January 7.

Now comes the report from Spokane that Mont Van Vranken is the father of a big ten pound boy. The young man arrived on Christmas.

Another new firm in town. J W Starr has sold an interest in his store to his son O S Starr and the firm will be known as J W Starr & Co.

The K P lodge held a public installation of officers Thursday evening and a jolly good time was enjoyed by all. The families of the members and also other friends were present

The Times office is going to move again. We expect to move this time in daylight. We have purchased from Mr Coon the building adjoining the Times office on the south, which will be moved to the lot north of the city hall which we have recently purchased. The building will be repaired for immediate use.

The show window of Milliorn Bros store was broken into and all oranges dates, figs and cigars in reach were stolen. This is supposed to be the work of some of the young toughs about town who will land in the penitentiary some of these days unless they call a halt pretty soon.

LIKE A MIRACLE.

HOW A LOCOMOTOR ATAXIA SUFFERER WAS CURED.

The Story of a Sturdy Engineer—His Death was Decreed at a Consultation of Physicians, but a Changed Medical Treatment Saved His Life.

From the Evening News, Detroit, Mich.

James Crocket, a sturdy old Scotchman, living in Detroit, Mich., at 88 Montcalm Street, was asked about his wonderful cure.

"First," he said, "I must tell you something of my life before my almost fatal sickness. I was born in Scotland in 1822, and came to this country in 1848. I am a marine engineer by trade, and have been up and down the big lakes hundreds of times.

There is no spot between Duluth and the Atlantic Ocean I do not know. In 1872 I was in the employ of the Detroit and Cleveland Navigation Co., and for fifteen years I was at my post as chief engineer on one of their big passenger steamers. My first boat was the R. N. Rice, which was burned at the docks. Then I was transferred to the Ruble, which was chartered to make the run between Detroit and Cleveland.

"I brought out the new steamer the 'City of the Straits,' and for years acted as her chief engineer. It is a great responsibility, the position of chief engineer on those big passenger palaces. Thousands of lives are held in the keeping of the engineer. Few realize the dangers that might befall them, and on the engineer depends the safety of the passengers. The anxiety causes a great nervous strain, and the strictest attention is necessary during the trip. Not for a moment must he lose his watchfulness, as the human freight above him is absolutely in his care.

"For fifteen years I carefully watched the big engines and boilers without a single accident, and only noticed that I was getting nervous. Suddenly without warning I was taken sick, and in less than a week I was prostrated. I had the best of physicians, and hoped to be at work again within a week. I grew gradually worse, and at the council of doctors, they said I had nervous prostration, and had destroyed my whole nervous system and would never be able to be up again. They said I had worn myself out by the long nervous strain caused by watching and worrying about the machinery. No man could stand such nervous strains over seven or eight years, while I had been fifteen years in destroying my nerve centres. For three long years I was unable to move from my bed without assistance. The doctor said I had locomotor ataxia, and would never be able to walk again.

"The pains and suffering I experienced during those years are almost indescribable. My wife used to put eight or ten hot water bags around me to stop the pain. Those that came to see me bid me good-bye when they left me and I was given up. The doctors said nothing more could be done for me. In fact I had given myself up, and thought there was no use trying to get well.

"We tried every known remedy, and my wife kept reading the articles about Dr. Williams' Pink Pills for Pale People to me. Finally she said they only cost 50 cents, and she wanted to know if I would try them. To please her I consented, and the first box gave me relief. I continued to use them for about two years before I could get strength enough to walk. It came slow but sure, but what I am to-day is due wholly to Dr. Williams' Pink Pills for Pale People.

"Nearly everybody in Detroit knows how long I was confined to the bed, and of my wonderful cure. It is almost a miracle to some people that saw me when the doctors had given me up, but Dr. Williams' Pink Pills for Pale People cured me surely enough.

"Dr. Williams' Pink Pills for Pale People made me what I am to-day. I only wish I could persuade others to do as I did, and take them before it is too late."

(Signed) "JAMES CROCKET."

Before me, a Notary Public, personally appeared James Crocket, who signed and swore to the above statement as being true in every particular.

Locomotor Ataxia and Paralysis Can be Cured

These extreme nervous disorders were treated with wonderful success by the discoverer of Dr. Williams' Pink Pills for Pale People previous to his discovery being offered to the public. This remedy is the only known specific in many diseases that, until recent years, were pronounced incurable. Recognizing their merit in such cases, many physicians now prescribe

Dr. Williams' Pink Pills for Pale People

These pills expel impurities from the blood and supply the necessary material for building up wasted nerve tissue, thereby reaching the root of many serious diseases.

The great success of this remedy has led to many attempts at imitation and substitution. Some dealers tell customers that they have "a pill made from the same formula," or "the same except in name." Of course it isn't true. But they don't fool many buyers. People are too intelligent.

The Genuine are sold only in Packages Like This.

How to Prevent Pneumonia

You are perhaps aware that pneumonia always results from a cold or from an attack of la grippe. During the epidemic of la grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or la grippe to result in that dangerous disease. It is the best remedy in the world for bad colds and la grippe. Every bottle warranted. III. IV.

[Copyright, 1898, by the American Mutoscope Company.]

The gesture of the benediction is in the sign of the cross, made with two fingers of the right hand. The pope repeated it several times on this occasion. He blessed the camera, he blessed the photographer, he blessed the 17,000 negatives that were made of him; he blessed through the mutoscope and the biograph the spectators of the benediction. This was his special wish, and he expressed it officially. At St. Mary's seminary of St. Sulpice in Baltimore the students had to restrain themselves from kneeling at the benediction reproduced by the biograph. Mgr. Martinelli, the papal delegate at Washington, was impressed by the vividness of it profoundly. The method of taking these pictures was interesting. Mr. Dickson spent four months in Rome before he had made much more progress than to learn in a general way where the Vatican was. He carried on his negotiations through the chief officer of the papal court, Count Sodarini, but his mission would have failed had it not been for the friendly aid of Count Pecci, the pope's nephew, and an officer of the pope's household.

La Grippe Successfully Treated.

"I have just recovered from the second attack of la grippe this year," says Mr Jas A Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I was satisfied would have been equally bad as the first but for the use of the remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting 'down.'"
