To Help Newsboys—The Daughters of the American Revolution will organize a society of Children of Republic in Portland for the purpose of building up citizenship ideals among newsboys. The society will meet Saturday afternoons from 1 to 3 o'clock at the People's institute. At each meeting a member of the D. A. R. will preside. Professor Robert Krohn will conduct a half hour's drill in gymnastics. The government of the society will be in the hands of the boys themselves. About 100 newsboys will comprise the club, and at each meeting they will renew their pledge to the American flag. There was a meeting of the Daughters of the Revolution yesterday afternoon at the home of Mrs. Walter F. Burrell, when these plans were drawn up.

Pipe Contract Awarded—The contract for furnishing the pipes and specials for connecting the two new reservoirs at Mount Tabor was awarded to the East Jersey Pipe company at a special meeting of the water board held at the city hall this morning. The material will be furnished before February 15, 1910. The bid of the East Jersey people is for lock bar pipes, a kind never used in Portland, but which are regarded as excellent in both quality and service by both Superintendent Dodge and Engineer Clarke, who recommend them. However, should the lock bar pipes become out of order, it is said, there is not a boilermaker in Portland who could repair them. The bid of the East Jersey Pipe company was $1700 less than the next lowest bid.

Entertainment at Sellwood—Ladies of the Blackmar circle, G. A. R., had their entertainment at Union hall, Sellwood, last evening. The Sellwood Cadets, under command of Captain Poole and Lieutenant Gaterwood, gave a very interesting gun and march drill, the boys had a campfire with songs, stories, etc. A tableau, “The Battlefield,” with Red Cross nurses in attendance, was a feature that interested the audience very much. Comrade Miller rendered the piece, “Before the Battle,” the Misses Wans gave the “Star Spangled Banner” with flag drill, Miss Brigg gave “There Will Be One Vacant Chair,” and another young lady sang “Columbia.” Comrade Adams opened and closed the exercises with appropriate remarks.

Meet at Brooklyn School.—The Mothers' and Teachers' club of the Brooklyn school will hold its first assembly meeting Thursday afternoon at 1:30 o'clock in the assembly hall of the Brooklyn school. The pupils of the Brooklyn school have made arrangements to give a Thanksgiving program for entertainment of the club, and the free kindergarten department will make a display of articles appropriate to Thanksgiving made by the little folks. Following the program the club will hold a business meeting when plans for the year will be announced. All parents and others interested will be welcome to attend.

Gave Illustrated Lecture—The Portland Society of the Archaeological Institute of America gave the second lecture of the season last night at the Art museum. The lecture was delivered by Rev. Edward Arthur Wicher, D. D., of the San Francisco Theological seminary, and was well attended. His lecture, “Recent Archaeological Investigations in Palestine,” was illustrated and dealt with the result of his work and studies in Palestine. Another lecture will be delivered next month by the general secretary, Mitchell Carroll of Washington, D. C.

Couples Night Tonight — Exposition Skating Rink, Portland's popular place of amusement these days. Hundreds are learning to roller skate afternoon and evenings, and the mammoth white maple floor is crowded to capacity. Never was roller skating so popular. Begin to learn to skate today. Instruction free to beginners afternoon and evening and plenty of able, careful instructors are furnished free by the management to assist those desiring any attention. Rink open daily. Sessions mornings from 10 to 12. Afternoon 2 to 5 and evening 7 to 10:15.

Would Set Aside Decree.—Dissatisfied with the decree of Circuit Judge Gatens against them, the attorneys for Mrs. Emily M. Lasche have filed a motion to set aside the order granting E. C. Lasche a divorce from her. It is asserted that the district attorney was not served with a summons and did not appear at the trial, as required by law, and that Judge Gatens erred in the admission of certain testimony.

Central W. C. T. U.—Central W. C. T. U. met as usual Wednesday afternoon. Mrs. C. M. Badgley gave a reading which was much enjoyed. Mention was made of the able report of the national convention, given by Mrs. Unruh last week. The matter of furnishing headquarters was discussed. A membership contest is in progress. Next week will be the social meeting.

Letters on Liquor Licenses—Deputies in the auditor's office are preparing 500 letters, which are to be sent to the proprietors of all places where intoxicating liquors are kept for sale, explaining the conditions of next year's liquor licenses. All proprietors of saloons, wine houses, sample rooms, grocery stores, where liquor is sold and wholesale distributors must have their applications for 1910 licenses in before December 10 or no license will be issued. No new corporations will be given licenses. The name of every member of the firm must be written on the applications, and should any new firm wish to open a saloon it will be necessary for them to buy out some place already licensed.

“Success in Apple Growing and attaining satisfactory results depends on getting started right,” said Professor Cole, a member of the State Agricultural college at Corvallis. “First the selection of location, with the right kind of soil, where climatic conditions, elevation, water supply, water and air drainage, distance to transportation or railroad, are favorable. The condition of the soil, varieties of trees best suited to the locality, the size and quality of the trees, are of the greatest importance, for the reason that the first year's growth of a fruit tree has everything to do both with the life of the tree and its productiveness.” We selected the right kind of soil in the most favorable locality and are selling five and ten-acre tracts planted to apples, located 38 miles south of Portland, two miles from a railroad station, on easy terms. We will guarantee an income each year until your orchard comes into bearing. If you are interested in apple growing, call on us. Let us show you our contracts, explain our methods, and you will find our offer one of the most attractive and liberal ones. Woodburn Orchard company, Inc., 506-508 Henry building, Fourth and Oak streets.

Edwin Howes Dead—Edwin Howes, aged 27 years, but recently from Minnesota, died at the Lents hotel early this morning of tuberculosis. He leaves a wife and young child, parents and a sister, who came with him on his journey in quest of health. The elder Howes brought the ailing son to Oregon but recently, not thinking that the disease had fastened itself so firmly. The change of climate came too late, however. The body will be shipped to the old home in Minnesota for burial.

Fear for Safety of Line—The petition of the Portland Railway, Light & Power company for a right of way over the Bull Run pipe line was referred to a committee consisting of J. C. Ainsworth, W. B. Mackay and Engineer D. D. Clarke of the water department, at the meeting of the water board, held this morning. The board is reticent about recommending the right of way because it is feared that the weight of the cars running across the pipe line might cause a break in the pipe.

Mrs. Schneiter Wants Divorce.—Suit for divorce on the grounds of drunkenness and cruelty has been begun in the circuit court by Katie Schneiter against Robert Schneiter. They were married in September, 1900, and have four children. She says her husband threatened her life.

Lived 152 Years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurlock, Ky., shows how to remain young. “I feel just like a 16-year-old boy,” he writes, “after taking six bottles of Electric Bitters. For thirty years Kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth.” They're a godsend to weak, sickly run-down or old people.
