SATURDAY - - JUNE 22

The coming of the Boston Bloomer girls is provoking no little discussion as to whether they have pockets in the bloomers and if so what quarter.

Two boats left Dawson June 14th with a million and a half of gold-dust aboard. Such news stimulates the gold seekers and keeps up the rush to the inhospitable northern gold fields.

A few more day and the nuisance of stamping checks, deeds, etc will be over. July 1st is the date. While the cost was small to the individual the stamp tax has been an irritating aggravation.

The Salem Journal in its crusade against Judge Burnett remarks that the other circuit judge of that district, Judge Boise, "knows too much law to hold a term of court in one afternoon."

A French surgeon contends that the small intestines of the human body are too long and the large ones too short. A very interesting subject for that class of medicos that would cut off a toe to cure a corn.

A meteor fell in Sonora, Northern Mexico, June 11th, that shook the earth as from an earthquake at Altar, forty-five miles away. An exploring party will search for the wanderer that has at last found a permanent resting place.

Arthur Scnitzler, Austrian playwright and novelist, has been expelled from the ranks of the army-reserve of Austria for ridiculing the practice of dueling in his last novel. He sowed good seed, and the duelists are watering and cultivating it in attempting to degrade him.

The New York State Board of Health will attempt the enumeration of consumptives within the state. The figures will be obtained through physicians, no names of patients being required. It is thought the doctors will generally respond to the request for information.

The enormous growth of the orange cultivating industry in California in recent years is demonstrated by the fact that in 1880-81 a total of 15 cars loaded with the fruit were shipped east from Riverside, while in the season of 1899-1900 the shipments amounted to 4,700 cars.

Captain Manney took his big battleship the Massachusetts through Hell Gate, New York harbor, Thursday. While his superiors raked him over the coals for what they considered an unnecessary risk, the passage of a battleship through a place bearing such a name was peculiarly appropriate. In case of a hot naval engagement they get more hell than could possibly be crowded in elsewhere, in shorter time and smaller space.

Bartholomew Moriarty, aged 65, fell from a scaffold and broke his neck with consequent local paralysis, says the Philadephia Medical Journal. He walked six miles to St Josephine's hospital, Yonkers, New York. The X-ray made a diagnosis of fracture of the cervical vertebrae and the broken fragment was removed by surgical procedure. A plaster dressing was applied, union was perfect and recovery prompt. Patient was discharged cured in six weeks after the injury.

The June number of the New York Insurance Press says "more than $76,200,000 was distributed in the Middle States last year through payment of life insurance policies, a considerable gain over the record of 1899; in the Central States the distribution amounted to $36,300,000, a gain of nearly $3,000,000 over the preceding year; in the New England States $25,900,000 was paid out, something more than in 1899; in the Southern States the payments reached $20,500,000, or $1,000,000 more than in 1899; the policyholders and their beneficiaries in the Western States received $15,400,000, about $1,400,000 more than in 1899; in the Pacific States the payments were $7,300,000, approximately equivalent to the payments in 1899."

Notice to Bridge Builders.

Notice is hereby given that sealed bids will be received at this office up to noon July 6th, 1901, for the construction of a county bridge on Bear Creek at what is known as the Mahon crossing, 4 miles west of Junction, according to plans, specifications and strain diagram thereof furnished by me and kept in this office for the information of bidders. A deposit of five per cent the amount of bid is required by the state law with each bid. The right is reserved by the court to reject any and all bids.

Strong Again.

The woman who knows the full value of health is the woman who has lost it and regained it; the woman who from being weak and sickly is once again made a strong woman. Half a million weak and sickly women have been made strong and well by the aid of Dr. Pierce and his "Favorite Prescription." It cures the ills which weaken women. It regulates the periods, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness. It nourishes the nerves and so cures nervousness. It promotes a healthy appetite and induces refreshing sleep.

"I had female trouble for eight years," writes Mrs. L. L. Dennis, of 426 East College street, Jacksonville, Ills. "Words cannot express what I suffered. I spent money among the medical profession and found none. Friends urged me to try Dr. Pierce's Favorite Prescription. When I commenced taking this medicine I weighed ninety-five pounds. Now I weigh one hundred and fifty-six pounds—more than I ever weighed before. I was so bad I would lie from day to day and long for death to come and relieve my sufferings. I had internal inflammation, a disagreeable drain, bearing-down pain, and such distress every month, but now I never have a pain—do all my own work and am a strong and healthy woman."

Use Dr. Pierce's Pleasant Pellets with "Favorite Prescription" if the bowels are inactive or irregular.
