MASS MEETING AT NEWBERG INSISTS ON THROUGH ROAD

If Washington County Won't Repair One Bad Strip on Route From Portland, Yamhill Men Will.

(Special Dispatch to The Journal.)

Newberg, Or., April 25.—Determination on the part of Newberg and McMinnville citizens to get seven and one-half miles of bad road—the only poor spot on the road between Portland and Newberg—put in good condition for automobile travel, led last night to the formation of an organization with probably the longest name in the Willamette valley. It is "The Yamhill County Automobile and Commercial Club and Good Roads Association."

This body proposes to do a novel thing: If the county commissioners of Washington county will not appropriate $20,000, or at least some part of it, to improve this seven and one-half miles of road, the new and enthusiastic organization proposes to provide all the funds itself. One county will thus be doing the unique act of constructing a road in another county at its own expense.

Nearly 200 persons attended last night's meeting here. Most were from Newberg and McMinnville, but there were several Washington county farmers from the vicinity of the strip of road involved and four automobile enthusiasts from Portland: Lewis M. Head, a councilmanic candidate; H. L. Keats, auto dealer; Arthur L. Finley, undertaker, and H. E. Seymour, assistant secretary of the Portland Automobile club.

The bad strip of road lies between Tigardville and Rex, and the reason advanced at the meeting why Washington county has been slow to spend money on it was that the commissioners feared that part of the county would eventually secede, which would put the expense on other shoulders.

Officers were chosen as follows: President, George E. Wagoner, Newberg; vice president, W. T. Macy, McMinnville; secretary, Hugh Nelson, Newberg; assistant secretary, Dr. G. F. Wright, McMinnville; treasurer, John Crosby, Dundee; board of governors, Gus Doudad of Washington county, W. T. Vinton of McMinnville, Dr. Littlefield of Newberg, J. W. Winters of Washington county, George Wagoner of Newberg. This board of governors was authorized to go to Hillsboro and request a definite statement from the county commissioners whether they would make an appropriation for the road. If not the board is authorized to let contracts itself for the improvement.

The Portland Commercial club and H. L. Keats have offered cups for the individual raising the greatest amount of money for the work, if subscriptions prove necessary.

FOUR ARRESTS ON KIDNAPING CHARGE MADE IN INDIANA

(Continued From Page One.)

McNamara was whisked to the station here after his arrest.

The warrants for the arrest of Ford, Drew and Fox, as well as those under which Burns and his detectives were expected to be arrested, were sworn out by John Keegan, a local labor leader, who acted for the executive board of the International Association of Bridge and Structural Iron Workers.

"Ridiculous," Says Ford.

Ford declared his arrest was utterly ridiculous. "I am not a police officer," he said, "and had no part in taking McNamara. My arrest will amount to nothing. It may be a different matter for Detective Burns, but I think he will be able to defend his action. I am here simply to see what is going on and to gather information for use in Los Angeles when the trial of the three men begins."

Detective Burns today ridiculed the statements that there is doubt as to his having the right men.

"When James W. McNamara reaches Los Angeles," he said, "he will be identified as the J. B. Bryce who bought dynamite at Giant, Cal., and whom we have traced positively as one of the Los Angeles dynamiters. The identification of Bryce will be positive and absolute. Further than that, there were two sticks of dynamite found unexploded under the Times building. These sticks came from the Giant works and have been identified as Bryce's purchases.

"McManigal is not wanted in connection with the Times explosion but for the dynamiting of the Llewellyn Iron Works in Los Angeles at a later date."

Burns declares he has positive proof that Bryce (James McNamara), David Caplan and M. A. (Cocky) Schmidt were responsible for the Times disaster and that John J. McNamara paid James for the job. He said that Caplan and Schmidt were simply anarchists unaffiliated with the Structural Iron Workers, who helped with the job.

Burns thinks McManigal worked alone on the Llewellyn job, but that John J. McNamara furnished the money.

HAYWOOD PREDICTS SUSPECTS' ACQUITTAL OF CHARGES MADE

(United Press Leased Wire.)

Cleveland, April 25.—Prediction that John J. McNamara, international secretary of the Structural Iron Workers, and his associates would be vindicated of all connection with the Los Angeles explosions and denunciation of the methods employed in the arrests were made here today by William D. Haywood, who was acquitted of the murder of former Governor Frank Steunenberg in Idaho after a similar accusation. For the United Press, Haywood wrote today:

"The kidnaping of John J. McNamara from his offices in Indianapolis and the flight with him across the continent which is now in progress is nothing new in the class war now on throughout the world. In 1906 President Charles H. Moyer of the Western Federation of Miners, Adams, Pettibone, St. John and myself, members of that organization, were arrested in Colorado without a warrant, secreted temporarily and later rushed 1000 miles to Idaho to be charged with the murder of Steunenberg.

"Like McNamara, we were given no chance to confer with our friends or families or to consult with an attorney. We were imprisoned for 18 months. Everyone knows the result of the trials.

"I predict that McNamara and his associates will be vindicated.

"It is remarkable how easily the wheels of the courts move in those instances when the workingmen are accused of crime, and how securely the safety clutch holds when any attempt is made to prosecute the capitalist."

Judge Hilton for Defense.

(United Press Leased Wire.)

Pomona, Cal., April 25.—Judge O. M. Hilton, formerly of Denver, now of Pomona, will be one of the attorneys to defend John J. and James W. McNamara and Ortie McManigal, arrested in connection with the Los Angeles Times and other dynamiting outrages.

In response to a telegram from President F. M. Ryan of the International Association of Bridge and Structural Iron Workers, asking him to act as counsel for the accused men when they reach Los Angeles, Judge Hilton left today for that city.

Judge Hilton was associated with Clarence Darrow in the defense of Moyer, Haywood and Pettibone at their trial, and for a number of years was attorney for the Western Federation of Miners.

CHICAGO LABOR MEN WILL RAISE MONEY TO DEFEND ACCUSED

(United Press Leased Wire.)

Chicago, April 25.—Planning to raise a monster fund for the defense of John J. and James W. McNamara and Ortie E. McManigal, the alleged Los Angeles dynamiters, the Chicago Federation of Labor will meet here on Sunday to discuss plans for the protection of the men now speeding to California. It has already been decided that individual assessments will be levied and that all the unions in good financial circumstances will make donations. It is expected $100,000 will be subscribed for a preliminary fund.

Discussing the situation, President Fitzpatrick said today: "Union men object to this gigantic conspiracy in the general fight of the employers and the unions over the 'open shop.' The unions can be counted on to give all possible aid to these men. We have investigated the case and we know the men are innocent. The arrests were staged theatrically so as to impress the public with the 'guilt' of these men.

"Dynamite and clockwork were planted and were found by detectives to make it appear that the men were guilty. That is easy. They found dynamite all over the west when they arrested Moyer, Haywood and Pettibone. The ought to have found it, for they planted it themselves."

Launch Owner Can Identify.

(United Press Leased Wire.)

Oakland, Cal., April 25.—A. D. Burrows, owner of the launch Pastime, which J. B. Bryce, who is alleged to be James W. McNamara, used to haul the dynamite, said to have been used to blow up the Los Angeles Times building from Giant, Cal., has been watching the newspapers in an effort to find pictures of the man. He said today that he could identify the man who rented the boat from him and his evidence will be a valuable aid when the detectives arrive. He is prepared to go to Los Angeles as soon as the detectives arrive with McNamara.

Congress Asked to Investigate.

(United Press Leased Wire.)

Washington, April 25.—A resolution demanding an investigation into the arrest of John J. McNamara in Indianapolis was introduced in the house today by Representative Victor Berger, the Milwaukee Socialist.

Berger's resolution recites the 14th amendment to the constitution, sets forth the facts in the arrest of McNamara, and provides for committees of both houses of congress to investigate the arrest and extradition and to report their findings.

What John Mitchell Says.

(United Press Leased Wire.)

New York, April 25.—"Indiana's action in permitting John J. McNamara to be rushed away without a word of defense does not appear just to the man in the street."

This was all that John Mitchell, former president of the United Mine Workers would say this afternoon concerning the arrest of McNamara in connection with the Los Angeles Times explosion.

Wait for Verdict, Says Crunch.

(United Press Leased Wire.)

San Francisco, April 25.—Following a meeting of the executive council, the California State Federation of Labor today asked a suspension of judgment concerning the Times dynamite suspects until they shall have been tried.

With the present equipment, which soon will be enlarged, 400 telephone conversations a day can be carried on between London and Paris.

COREY TOO POOR TO RUN, HE SAYS

Friends Who "Egg Him On" Would Have to Provide the Sinews.

(Salem Bureau of The Journal.)

Salem, Or., April 25.—Chief Clerk H. H. Corey of the secretary of state's office says he has been strongly urged to make the race for secretary of state at the next election, both by his own friends and by the friends of the late secretary, Frank W. Benson. However, Mr. Corey says he is unable to be a candidate for the office on account of the financial requirements. Unless his friends are sincere enough to provide financial support for his candidacy, Mr. Corey says such a move on his part is out of the question.

Mr. Corey's home is in Baker county. He held positions in the county clerk's office in that county before accepting the position as auditing clerk under Mr. Benson, from which position he was promoted to chief clerk upon the appointment of S. A. Kozer as insurance commissioner.

2 TON LATHE FALLS ON HEAD OF CLERK

Thomas Wilson, Shipper for Spokane Company, Does Not Long Survive.

Spokane, Wash., April 25.—Caught beneath a machine lathe weighing nearly two tons as it slipped and fell from the loading platform in front of the Hallidie Machinery company, Railroad avenue and Wall street, about 8 o'clock today, Thomas Wilson, shipping clerk for the company, was fatally injured and died later at the emergency hospital.

The big iron machine caught him across the head and throat, crushing his head and fracturing the skull in a half dozen different places. His chest was also partically crushed.

Little is known here of Wilson. He came a short time ago from Pennsylvania.

TRY TO IDENTIFY SUSPECT

(Continued From Page One.)

one a morning and the other an afternoon edition. Bryce dared not carry them through the streets. Those papers were Saturday editions, containing details of the dynamiting. They were purchased by Bryce on the train from Los Angeles.

"A dozen other links surely connect Bryce with the dynamiting. If they should prove McNamara to be Bryce they have the man. But they must identify Bryce beyond a shadow of doubt, and Mrs. Ingersoll's testimony will be the most important in that phase of the case."

NEW YORK ASSEMBLY FAVORS DIRECT ELECTION

(United Press Leased Wire.)

Albany, N. Y., April 25.—By a vote of 105 to 30 the state assembly today passed a resolution for the direct election of United States senators. The resolution has already passed the senate.

Mischa Elman, Violinist

AT THE HEILIG THEATRE

Wednesday Evening, April 26th

London and Berlin critics were absolutely amazed at this young virtuoso's maturity and independence of conception, his superb command of violin and bow and his marvelous delivery; and Elman's American tour has demonstrated that these critics were right when they declared that for sheer genius this amazing boy has never been equaled, and that his mastery over the technic of violin playing is as perfect as that of any virtuoso of the time.

The new Elman records are a revelation of the great possibilities of the Victor's new recording process. The beautiful tone, reproducing perfectly Elman's playing, the smoothness of the records and the absence of any mechanical imperfections are delightful to note.
