Michigan Society.—The Michigan society of Oregon is planning to hold a meeting without a program in the assembly hall of the Multnomah hotel next Monday evening. The "New Idea" in gatherings will not have time consumed by long-drawn-out business or longer speeches, said Mrs. Harriet Hendee, the secretary, this morning. It is likely that some attention will be paid to planning for Michigan headquarters in Portland during the Rose Festival so that every "Michigander" who comes next summer to Portland may be made to feel at once at home. Judge Morrow may talk ten minutes and President Frost of the society has a parody on "Michigan My Michigan" that recites how warm it was for Michigan folks in Portland last winter even while the thermometer was freezing in the home state. The meeting will be principally devoted to a social time. Introductions are to be by means of cards bearing the name and occupation of the wearer. Mrs. Hendee said this morning that the charter for membership would be open until the Monday evening meeting. She is to be at Ellers tomorrow from 2 to 6 p. m., to meet those members of the society who desire to pay their yearly dues.

May Complete Sewer—By working day and night shifts Contractor Elwood Wiles hopes to be able to complete both branches of the East Stark street sewer in four months, although the city has allowed nine months for the completion of the work. The sewer committee of the executive board yesterday recommended the award of the contract for the construction of branch No. 1 from the river to East Twenty-first street to the company operated by Mr. Wiles, the contract price being $63,582. The contract for branch No. 2 had been let previously. Work was started yesterday.

Illustrated Lecture—Howard Evarts Weed, a landscape architect of Portland, has been secured by the Horticultural Study club of Orenco to give an illustrated lecture on "Landscape Gardening" this evening at 8 p. m. There will be no admission charge to the general public, which is cordially invited. This club meets each week for a systematic study of horticulture, and this is the first lecture given under its auspices which has been open to the public. It is the intention of the club to secure lecturers from time to time on popular horticultural subjects.

"Where Rolls the Oregon."—Next Tuesday evening at 8 o'clock, Rev. Edward Barber of Walla Walla, Wash., will lecture in the First Methodist church, South, on Union and Multnomah. His subject is "Where Rolls the Oregon." Mr. Barber's lecture is a graphic, interesting, pathetic, humorous and highly instructive history of Oregon. Everybody cordially invited to hear him.

"Don't Misrepresent."—A. G. Clark, president of the Portland Ad club, was the principal speaker at the weekly luncheon of the Portland Transportation club yesterday. He urged above all things that goods should not be misrepresented. W. A. Robbins was appointed chairman of a committee to draft a constitution and bylaws. J. O. Thomas was chairman of the day.

High Cost of Living.—The high cost of living committee, Councilman Will H. Daly, chairman, has called a meeting for 8 o'clock at Voelker's hall, 793 Mississippi avenue, to arrange for a cooperative store to be established in Albina. Speakers will be Mr. Daly, Judge Isaac Swett and Miss Eleanor Baldwin.

Jewish Services Tonight.—Services will be held at the Congregation Ahavai Sholom, corner Park and Clay streets, tonight at 8 o'clock. Charles Robison will speak. Subject will be "Exodus" (special Passover lecture). Tomorrow morning services will begin at 9:30, Rabbi Abrahamson officiating.

Naramore Is Selected.—At the last meeting of the executive board of the Oregon Society of Engineers, F. A. Naramore was appointed to fill the vacancy in the board caused by the resignation of J. C. Stevens, structural engineer, who has gone to Spain on an important mission.

Special Friday and Saturday—Excellent Claret, 40c per gallon; Carolina Mt. wine, delicious, $1.50 per gallon. Kline Bros., 194 Third and 253 Washington streets. Main 6146. *

Lecture on Milk Sanitation.—For consumers and producers of milk, Professor T. D. Beckwith, bacteriologist of Oregon Agricultural college, will discuss tomorrow evening in the Y. M. C. A. auditorium, "The Sanitary Importance of Clean Milk." This is one of a series of Saturday evening lectures arranged by R. C. French, director of the educational department of the Y. M. C. A., and the purpose is to aid the pure milk campaign by practical educational methods interesting and valuable alike to dairymen and the consumers of milk. Admission is free, and an invitation is issued to all who would like to learn more about the handling of milk to come and hear Professor Beckwith.

Given $2000 Judgment.—In the suit of Myrtle Maud Delaney against her stepmother, Mrs. Elizabeth Scott, this morning in the circuit court before Judge McGinn, a judgment for $2000 was given in favor of the plaintiff. The action was over money placed in the hands of Mrs. Scott as administrator for the stepchild. It was stated by the girl on the witness stand that she was given only one new dress by the step-mother between the time she was 13 and 18 years old. The greater number of her clothes were "made over" from those used by Mrs. Scott, added the witness. Mrs. Scott explained that the stepdaughter was proud and quite extravagant, which caused a large part of the money left in her care to be used for the girl. The girl is the daughter of Harry W. Scott, who was a well known sign painter of Portland. He died several years ago, leaving insurance money. The step-daughter married recently. In the suit brought by the girl against the step-mother yesterday in the same court over the distribution of land, the court held in favor of the defendant. Attorneys White & Manning represent the girl, while Simon, Beech & Nelson appear for Mrs. Scott. An appeal was taken from the decision in the land suit. The amount involved in this action is in the neighborhood of $10,000.

Protest Against Purchase—A delegation of property owners from Montavilla appeared before the fire committee of the executive board yesterday to protest against the purchase of two lots at the corner of East Eighty-second and Burnside streets. The purchase of the lots for $1650 for use as a site for a fire station was recommended by Fire Chief Dowell. The property owners say a cheaper and more central site can be purchased in the vicinity of East Eightieth and Burnside streets. No action was taken by the committee on the protest. The committee recommended the award of a contract for 50 Gamewell fire alarm boxes at a cost of $5625. It also recommended the letting of a contract for a fire station at Kern Park to A. W. Horn, whose bid, the lowest tendered, was $2750.

Loan Shark Methods—Alleging that the suit of J. W. Cahow against George and Jane Tiemeyer will reveal some of the most vicious methods of the loan shark, the defendants filed an answer to the action yesterday in the circuit court. The Tiemeyers arrived from Germany a few years ago, and had reason to go to M. E. Schouweiler, a money lender in the Abington building, to secure a loan. The answer filed in the aged couple's behalf sets forth that they have more than paid the principal in renewals.

Phones Us Your Order.—Fresh ranch eggs, 2 doz., 45c; fresh killed fat hens, 20c per lb.; royal chinook salmon, 20c per lb.; shad, 10c; large crabs, 10c each; razor clams, 2 doz., 25c; hard shell clams, 5c per lb.; Norway mackerel, 10@20c each; Yarmouth bloaters, 6 for 25c; kippered salmon, 20c lb.; Olympia oysters, 45c pt.; extra select eastern oysters, 45c pt.; chinook salmon bellies, 20c lb. Ring us up. East 418, B-1694. D. Kellaher & Co., Grand ave. and East Morrison st. *

Miss Butler to Speak—Under the auspices of the Frances Willard branch of the W. C. T. U., Miss Emma Butler of the juvenile court will speak this evening at the United Brethren church, East Twenty-seventh and Sumner streets, at 7:45 o'clock. Her topic will be "Amusements and Their Relation to the Delinquent Girl." The meeting will be free to all girls over 12 years old and to women. On Sunday evening Mrs. Lucy Saxon Additon will speak in the same church on "Labor and Temperance, the Leading Economic Issue."

Boy Hurt by Car.—Nine-year-old Lawrence Keppinger of 394 North Twenty-fourth street, while playing on Twenty-third street, near his home last night, ran into a Twenty-third street car, in charge of Motorman Wright and Conductor C. J. Seal, and was painfully injured. The Red Cross ambulance was called and the boy was about to be taken to the hospital, but it was found that he was not badly enough hurt for such a move and he was taken to his home.

Only Four Divorces.—The weekly divorce calendar contained only four applicants this morning in the circuit court. Decrees were granted to Annie L. Lacey from Albert Lacey on account of his friendship for Myrtle Bowen; Emma Simmons from Charles Simmons for cruelty, Dollie F. Maling from William Maling for desertion, and C. M. Griffith from F. M. Griffith for cruelty.

Seek Lost Girl.—Chief of Police Ira Hamilton, of Salem, has sent a photograph and a description of 16-year-old Mabel Poole of Salem, who disappeared from her home on March 19 and has not since been heard from. The girl is said to have left Salem with Pearl Rawson and is believed to have come to Portland. She is about five feet tall, has dark hair and eyes.

Lost and Stolen Bureau.—The police committee of the executive board yesterday acted favorably on a request from Chief Slover for the establishment of a lost and stolen jewelry identification bureau. The system will be installed at a cost of $300. The committee recommended the temporary appointment of C. A. Waddell and F. K. Chandler as patrolmen.

Total Registration 35,066—The total registration for the primary election is 35,066. Of this number 28,059 are Republicans, 5158 Democrats and 1847 miscellaneous. Only a few days remain for voters to place their names on the precinct registers. The books are open each evening on the fourth floor of the courthouse.

We, the East Side Cleaners and Dyers, wish to announce to the public and to our customers who have patronized us so loyally in the past, that hereafter we will clean and press either ladies' or gent's suits, $1.50. Thanking you for past favors. Phones Tabor 3519, Main 9182, A-7383. *

"Ernest Crosby," a disciple of Walt Whitman, lecture tonight at 8, by William Thurston Brown, principal of the Modern school, Behnke-Walker building, fourth floor. Admission free. Sunday morning at 11, E. J. S. McAllister will speak on "The Ethics of Single Tax." *

Where is the Best Place to get good eyeglasses fitted and not be overcharged? At Geo. Rubenstein's. Hundreds of satisfied patrons recommend him. 189 Third-st., near Taylor. *

Took Joke Seriously.—An old rusty gun, without a chamber for cartridges, was used Monday night by two 16-year-old boys, Frank Naple and Walter Grier, to hold up John Bruger, a milkman on the Fulton road. The two boys, in a spirit of jest, attempted to emulate highwaymen, using the old gun as their weapon, but Bruger did not see the joke, nor did he notice the dilapidated condition of the gun when it was pointed at his head. Bruger threw all the money in his pockets, $3 in small change, to the boys and then drove away. Yesterday both boys were arrested by Patrolman Rudolph for the juvenile court. Young Naple lives with his father at Fulton, and the Grier boy lives at 1466 Macadam road.

Feared Man Was Robber.—Julius Jacobs, proprietor of the Arcade jewelry store, 32 North Sixth street, has reported to the police that an attempt was made to hold him up Wednesday night, when a large man walked into the store and asked Jacobs if he were alone in the place. Jacobs, who became frightened at the strange actions of the man, jumped around the corner of the counter and the man fled, and as he ran out the door Jacobs saw a club or the butt of a gun in his hands. Jacobs gave chase for several blocks, but the man made his escape.

Lights for Bridge.—The bridge committee of the city executive board yesterday adopted a report recommending the installation of lights on the substructure of the Broadway bridge and the employment of a watchman to care for them at a salary of $75 a month.

Making Good.

"Give me some of your cards," exclaimed one of my customers yesterday, after my tailor had altered and fitted one of my ready to wear $18.75 suits to his satisfaction. "This suit fits me better than my old one which was 'made to order' at twice the price." I owe my success to these good fellow "boosters," but I have to "make good" first. Be Ready For Old Age—Save

It's a period that we all must face — the afternoon of life—when our youthful vigor is on the wane and our earning power is declining.

If we've failed to make capital of the best years of our life—to save when we were young and life was before us—there's little chance for success when we grow old.

But——

Don't think it won't pay to save small sums if your income is small—you'll have a start anyhow—and then after the income grows larger you'll save more — for you'll have formed the habit of frugality—of living within your income.
