An Inordinate Kisser

A Jersey City man is in trouble through his inordinate fondness for kissing. Because of it his sweetheart likes him no more- a case of getting too much of a good thing—and had him arrested. Here is the painful story as told the magistrate:

"I was on the point of being discharged many times," the girl said, "because of this man's conduct. He would waylay me and kiss me daily He would come into the kitchen and kiss me hundreds of times. I could not avoid him, and as a result the beef often was spoiled or dinner was more than an hour late.

"I complained to Mr. Meish, but he blamed me. Wadise had worked for him for five years and was a good man on the farm, so Meish always took his part.

"My lips are sore and my face is in a terrible condition, as he hardly ever shaved and his stubby beard would cut my cheeks painfully. I I want to make a charge of assault and have him put under bonds to keep away from me."

As an instance how property in the suburbs of New York sells, the New York Journal relates the sale of 61 lots for $625,000. And the party that first contracted for the lots got $10,000 during the day for his bargain.

What would the people do without a telegraphic news service? Now comes the news all the way from Reno, Nevada, that the boss faro dealers of that town have fixed the limit of bets allowed at $12.50 and $25, instead of $25 and $50, as before. Another trust to bother the poor workingman and hinder him from getting his just dues. What's the use of being a gambler if they won't allow competition for the money?

OLD SORES SAP THE VITALITY AND UNDERMINE THE HEALTH

Old Sores that refuse to heal are a constant menace to health. They sap the vitality and undermine the constitution by draining the system of its very life fluids, and those afflicted with one of these ulcers grow despondent and almost desperate as one treatment after another fails. They patiently apply salves, washes, plasters, etc., but in spite of all these the sore refuses to heal and eats deeper into the surrounding flesh, destroying the tissues and growing to be a festering, inflamed and angry mass. The source of the trouble is in the blood. This vital fluid is filled with impurities and poisons which are constantly being discharged into the sore or ulcer, making it impossible for the place to heal. It will not do to depend on external applications for a cure, because they do not reach the real cause, and valuable time is lost experimenting with such treatment; the most they can do is keep the ulcer clean. Any sore that will not heal is dangerous, for the reason that it may have the deadly germs of Cancer behind it. A cure can be brought about only through a remedy that can change the quality of the blood, and this is what S. S. S. does. It goes to the very bottom of the trouble, drives out the poisons and germs with which it is filled, and purifies and builds up the entire circulation. By the use of S. S. S. the sore is supplied with new, rich blood which corrects the trouble, soon stops the discharge, and allows the place to heal naturally and permanently. S. S. S. also reinvigorates the entire system, and where the constitution has been depleted or broken down it quickly builds it up and restores perfect health. Write for our special book on sores and ulcers, and any medical advice you are in need of; no charge for either.
