SWEDES ENGAGE IN A RIOT ON THE TRAIN

One Man Seriously InjuredT--aken Off at Eugene and Is Now in the Hospital

A lot of Swedes coming south from Portland on Thursday morning's passenger train became engaged in a free-for-all fight that created great excitement on the train at the time. It appears that one big fellow dared any one to try to whip him, whereupon several pounced upon him and a general mixup ensued. Probably twenty men were engaged in the scuffle. The other passengers in the car sought places of safety and let the Swedes fight it out without interfering. It is said that many windows were broken out, lamps were smashed and general havoc created. The trainmen, after considerable difficulty, succeeded in quelling the riot and it is said put nearly all of the men engaged in it off the train.

One man, P. D. Philberds, who resides at Baker City, was seriously hurt in the melee. He was taken off the train at Eugene and is now in the hospital. His left eye was all but gouged out by some one's fingers. He is in great pain and will in all probability lose his sight in that eye. Dr. L. W. Brown is attending him.

CATTARRH A GERM DISEASE

Breathe Air Medicated by Hyomei and Killi the Germs

Now that physicians and scientists universally agree that catarrh is a germ disease the reason for the failure of the old-fashioned stomach dosing in this trouble is readily seen.

Prior to the discovery of Hyomei, a treatment which cures catarrh by filling the air you breathe with germ-killing and healing medication, statistics showed that at least ninety-seven out of every hundred persons in this state were suffering from catarrh of some form.

The treatment with Hyomei is very simple and pleasant; a small inhaler comes with every outfit and three or four times a day Hyomei is breathed through this, making the air at that time like that found on the mountains where the pine forests give off their fragrant and healing balsams.

The complete outfit costs but one dollar, while extra bottles can be obtained for 50 cents. Mr. Hull has seen such remarkable results from the use of Hyomei that he sells it under an absolute guarantee that it costs nothing unless it cures. jl 8 15

SIMONS SUED FOR LIBEL IN SUM OF $15,000

Another Sensation in Matter of Allowing Kelsey & Young's Bill

J. D. Matlock, Member of Fire and Water Committee, Accused By Simons of Conspiracy to Defraud City, Is Plaintiff

Another sensation in the matter of the injunction suit against the city, filed yesterday by L. Simons, seeking to restrain the payment of the warrants for Kelsay & Young's $2300 bill against the city, was sprung late this afternoon when J. D. Matlock, a member of the former fire and water committee of the council which is accused by Simnos of conspiring to defraud the city, filed a suit against Simons for libel in the sum of $15,000. L. Bilyeu appearing as the plaintiff's attorney.

Portions of the complaint as filed are as follows:

"That said statement was made in said complaint by the said L. Simons with the intention to injure this plaintiff in his character and reputation and that said publication was false and defamatory and known to be so by the said defendant, L. Simons, at the time of said publication, and that by means thereof the plaintiff herein was greatly prejudiced and injured in his reputation and his good name.

"That thereafter and on the thirty-first day of May, A. D. 1906, the said L. Simons, further intending and contriving to injure this plaintiff in his personal reputation and bring his good name into dishonor and disrepute, caused the substance of said allegation above contained and contained in said complaint to be published in the Eugene Daily Guard and in the Eugene Morning Register, daily newspapers published and circulated throughout the said city of Eugene and Lane county and throughout the state of Oregon generally, and thereby did greatly injure and damage the reputation and good name of this plaintiff.

"That said charge in said complaint was made wilfully and' maliciously and with the intent to injure and damage the reputation of this plaintiff, and this plaintiff has been damaged and injured thereby in the sum of five thousand dollars, and for the further sum of ten thousand dollars punitive damages herein."

COPLEY'S SUIT AGAINST SOUTHERN PACIFIC CO.

Man Injured at Springfield Bridge Seeks Aid of Federal Court to Recover Damages

Trial of the suit brought by M. F. Copley, a laborer, against the Southern Pacific Company, to recover $15,000 damages for personal injuries, began before a jury in the federal court today, says yesterday's Portland Telegram. The plaintiff alleges that he was employed in building a bridge across the Willamette river between Springfield and Henderson stations, in Lane county. His work was to wheel dirt from an excavation for a bridge along a 12-inch plank on a wheelbarrow. While so engaged, he says, October 24, 1905, one end of the plank gave way, precipitating him to the ground and breaking the muscles and ligaments of the left knee, crippling him for life.

The defense declares that Copley carelessly got tangled in the handles of the wheelbarrow, and that the company was in no wise responsible for the accident.

A demurrer to the amended answer of the defense was argued before Judge Wolverton and denied before the trial began.
