TRAVELING SALESMAN SAYS AKOZ RELIEVED HIS STOMACH TROUBLES

Sydney Kahn Declares New Medicinal Mineral Enabled Him to Resume His Work

Sydney Kahn, who resides at 118 Taylor street, San Francisco, and one of the best known traveling salesmen on the Pacific coast, representing the Pabst Brewing company, says that while Blue Ribbon beer is his specialty, he is not overlooking a chance to put in a lot of good words for Akoz, and telling what the radio-active medicinal mineral did for him. He says that he began to use Akoz after suffering a long time with indigestion and stomach trouble. Many other remedies he tried without being benefited, he had to lay off from his work. After using Akoz for two months he is on the road to recovery and has taken up his work again.

"My indigestion and stomach trouble became so bad," said Mr. Kahn, in telling of his experience with Akoz, "that I could not eat. The gas that formed in my stomach caused such excruciating pains that I could hardly stand them, and was forced to lay off from my work. I could not treat my customers as I had been accustomed to, and every one I knew realized I was suffering from some serious ailment.

"I was told of what Akoz had done to relieve people suffering as I was. I decided to try it out, having some misgivings as to the results, as I had tried many other remedies without success. I used Akoz for two months, drinking the water, and before the end of that time I noticed a marked improvement in my condition. I began to pick up in weight, and found that my appetite had returned, much to my joy. My friends noticed the change, and it was not long before I was out getting orders for my company again.

"I have not had a recurrence of pain since the first few days I began taking Akoz. I feel sure that the good Akoz has done me will be permanent, and I cannot say too much for the remedy."

Not only is stomach trouble relieved by Akoz, but it is just as effective for rheumatism, catarrh, ulcers, piles, skin disease, liver trouble, eczema and other ailments.

Akoz is now being demonstrated at the Owl Drug Store, Broadway and Washington street, Portland. You are invited to visit, phone or write the Akoz man at the Owl for further information regarding this advertisement.

NORTH YAKIMA WILL NOT SUPPORT FAIR

Committee Meets With Success but Principle Is Said to Be at Stake.

(Special to The Journal.)

North Yakima, Wash., March 13.—Taking the stand that the support of the state fair is up to the state and the Democratic administration, a committee of 20 business men of North Yakima last night decided after a three hour session against making the effort to raise the $10,000 guarantee for the 1915 exhibition, suggested by Commissioner of Agriculture J. H. Perkins and urged by Governor Lister.

After securing the promises of a little more than $7000 in two days' work among the business men, the committee which undertook the task of ascertaining the sentiment of Yakima citizens, went to Seattle 10 days ago for a conference with Governor Lister. At that time statements made a week previous in North Yakima by two members of the advisory board, Ira D. Cardiff and E. E. Flood of Rosalia, that the administration would support a biennial appropriation of $750,000, and $100,000 for permanent buildings, the the next legislature, were repudiated by Governor Lister, who promised his support to an appropriation of $50,000 for the support of the biennial and $10,000 for permanent improvements.

"It is not a question of our ability to raise the money," said Dr. J. F. Barton, president of the Yakima Valley Business Men's association. "Our decision was made because the concensus of opinion was that it is no more reasonable to ask North Yakima to support the state fair than it would be to ask Cheney to support its normal school for a year because the state's appropriation was insufficient to pay the teachers' salaries."

SOUTH BEND PIONEER TAKES HIS OWN LIFE

South Bend, Wash., March 13.—Charles Barstow, one of Pacific county's oldest pioneers, killed himself yesterday afternoon in the absence of his niece, Miss Gertrude Larkin, who has been looking after him, by hanging himself by a slender rope to a beam in the basement. The ceiling in the cellar is so low that if he had not fallen, it is probable that he would not have succeeded in his purpose.

Miss Larkin had gone to buy him some quinine and coming back found him in the basement lying with his head doubled under his body.

Mr. Barstow was for two terms a member of the state legislature. He was the first postmaster at Riverside.

He leaves a son, Curtis, and a daughter, Mrs. Ora Brown, who was last heard from in Portland.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to Flush Kidneys and Neutralize Irritating Acids; Splendid for System.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs, which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Eckman's Alterative, after many years of use, is known to be most beneficial in bringing about relief, in many cases complete recoveries. Investigate this case:— Spbell City, Mo.

"Gentlemen: I had a terrible cough, night sweats and pleurisy in my lungs. A man who heard me coughing advised me to take your Alterative. I paid no attention to him then. I got so bad the doctor said I should go to Wyoming. I did, and when I got there I steadily grew worse. Then I remembered what had been told me about your medicine. I began taking it, with no faith whatever, but before I had taken three bottles, I could eat anything. Fever and night-sweats stopped and for over a year I have been well and in better health than I ever was."

MAKES RHEUMATISM PROMPTLY DISAPPEAR

Chronic Crippled-up Sufferers Find Relief After Few Doses of New Remedy Are Taken

It is needless to suffer any longer with rheumatism, and be all crippled up, and bent out of shape with its heart-wrenching pains, when you can surely avoid it.

Rheumatism comes from weak, inactive kidneys, that fail to filter from the blood, the poisonous waste matter and uric acid; and it is useless to rub on liniments or take ordinary remedies to relieve the pain. This only prolongs the misery and can't possibly cure you.

The only way to cure rheumatism is to remove the cause. The new discovery, Croxone, does this because it neutralizes and dissolves all the poisonous substances and uric acid that lodge in the joints and muscles, to scratch and irritate and cause rheumatism, and cleans out and strengthens the stopped-up, inactive kidneys, so they can filter all the poisons from the blood and drive it on and out of the system.

Croxone is the most wonderful medicine ever made for curing chronic rheumatism, kidney troubles, and bladder disorders. You will find it different from all other remedies. There is nothing else on earth like it. It matters not how old you are, or how long you have suffered, it is practically impossible to take it into the human system without results. You will find relief from the first few doses, and you will be surprised how quickly all your misery and suffering will end.

An original package of Croxone costs but a trifle at any first-class drug store. All druggists are authorized to sell it on a positive money-back guarantee. Three doses a day for a few days is often all that is ever needed to cure the worst backache or overcome urinary disorders.—Adv.
