When You Go Away
Have The Journal sent to your Summer address.

Attorney Files Cross-Complaint.—Answering a suit by James Marmaras, in which the latter charged misappropriation of funds, Attorney McCants Stewart yesterday filed a cross-complaint against Marmaras asking for $170.60, which he alleges is due for money spent for Marmaras and for fees. Stewart alleges that he secured bondsmen for Marmaras in a municipal court case, paying a $25 fee to the bondsmen in the sum of $1500 on appeal from that court, and paid $115 for the bonds. He admits receiving refunds of $22 in money paid in one case, but alleges that Marmaras authorized him to apply the money on his fee of $85 for services rendered. In all, he alleges he has received from Marmaras but $132.

Woodyard Attached.—The entire waterfront between Morrison and Yamhill streets, a wood barge, 119 cords of slabwood, 24 wagons and two woodsaws were tied up yesterday when Constable Andy Weinberger served attachment papers in two suits against Henry Westerman, a woodman doing business as the Ranier Slabwood company. The Stephen Mead estate filed suit for $300 rent against Westerman and M. McCrum sued him for $152 towage charges. Constable Weinberger kept a crew of men at work which had begun the unloading of the wood as he feared that the barge might sink, leaving him with the responsibility for the safety of its cargo but minus the cargo.

Contract Alleged Worthless.—H. G. Kemp was placed on trial in Circuit Judge Morrow's court yesterday on a charge of obtaining an assignment of a contract of sale from Ernest S. and Mae M. Vauclair in exchange for Linn county land, which he represented to be worth $500 and to belong to himself and B. Kaufman alias Kivich, but which is alleged to have been practically worthless and to have been held only on a void delinquent tax certificate. Kaufman is to be tried separately on the same charge.

Civil Service Examinations.—The United States civil service commission announces the following examinations: On August 3, marketing specialist, livestock and meats, male, to fill a vacancy in the office of markets, department of agriculture, salary $1800 [illegible] August 5, inspector of musical instruments, male, for a position in the quartermaster corps, Philadelphia, Pa., salary $1200; August 6-7, domestic science teacher, female, for positions in the Indian service, salary $600 to $720; August 10, statistical expert, male and female, for a position in the children's bureau, department of labor, Washington, D. C., salary $2000; motor car mechanician and driver, male, for field service in the office of public roads, department of agriculture, salary $1200; August 19-20, special agents and research assistants, male and female, for a position in the children's bureau, department of labor, salary $1200 to $1600. The examination for chemist's aid, announced for July 8, has been postponed to July 22, and the metallurgical engineer examination announced for July 13 has been postponed to August 3. For further information apply to T. V. Hutchins, local secretary, Postoffice building.

Plaintiff Wants Administrator.—E. E. McClaren yesterday filed a petition for the appointment of Oria S. Coombs as administrator of the estate of Eugene Pearson, who died March 3, 1914. Personal property of the estate is estimated in the petition to be worth $350. McClaren is plaintiff in a suit against Pearson which was pending at the time of Pearson's death for the collection of $5000 which he alleges Pearson borrowed from him. He asks in the suit that $20,000 par value of bonds in the Burnt River Consolidated Mining and Dredging company put up by Pearson as collateral security be sold to satisfy the debt. A widow in Philadelphia is named as Pearson's sole heir.

Found Sister Promptly.—Mrs. Retta Martin found her sister yesterday afternoon less than an hour after the first edition of The Journal appeared on the street. Mrs. Martin came in from Denver expecting to visit Mrs. Cliff Hutchins, the sister whom she had not seen in 12 years, but she had removed from the only address Mrs. Martin knew of and her name could not be found in the directories. Mrs. Hutchins read of Mrs. Martin's predicament in The Journal and communicated with her at once. She now lives at 1755 Derby street.

Florence Captured by Conspirators.—Beautiful Florence Gray, the heiress, is captured by conspirators in the fourth episode of "The Million Dollar Mystery," entitled the "Flat in the Floor Above," which is the big attraction at the Columbia for the remainder of this week. From beginning to end, this offering is one series of sensational features. See this production, solve the mystery and win the $10,000 prize offered by the Thanhouser Film Corporation. (Adv.)

Administration Code Finished.—County Commissioner Holman yesterday sent a copy of the administrative code prepared for Multnomah county to County Judge Edward C. Judd of Clatsop county, and requested the superintendent of the county farm to send Judge Judd samples of farm records. Judge Judd requested the information, that he might employ it in bringing the records of the county farm of his county to a greater efficiency.

Sues for $10,000 Damages.—That extreme heat from the briquetting furnace which he was firing for the Portland Gas & Coke Co. caused him to become so weak he could not properly handle a piece of wood weighing 200 pounds is the allegation of William Hurd, in his $10,000 damage suit filed yesterday against the company. He alleges that the wood fell upon him and injured him permanently.

Tinter Sues for Damages.—A. & C. Feldenheimer, jewelers, were yesterday sued for $15,312 damages by E. W. Clark, a tinter. Clark alleges that while he was tinting their store an employe of the store opened a gate in a showcase, upsetting a ladder on which he was standing and precipitating him to the tile floor, a distance of 15 feet. He alleges that he was permanently injured.

Teamster Sues for $10,000.—Alleging that a knot in a roadway at the plant of the Western Oregon Lumber company caused a cartload of lumber to upset and knock him from the roadway to the ground, 30 feet below, Andrew Sobota yesterday filed suit for $10,000 damages against the company. A broken leg and other injuries were received by Sobota, he alleges.

Boomed at Another Place.—August Brignon, who works at the Panama rooming house, 226½ Burnside street, says that T. Svetgi, logger, who was sent to jail for 30 days for having in his possession a watch belonging to another man, did not room at the house of which he has charge, but at another place bearing the same name.

All Patrons of the postoffice, with their friends, are invited to attend the big postoffice excursion to Bonneville Sunday, July 19. Fare, $1.00. Ask carriers about tickets. Trains from union depot 9 a. m. (Adv.)

Fuel Dealer Fined.—A. P. Morse, transfer and wood dealer at 334 Front street, was found guilty yesterday in the municipal court of selling short measure of wood to Mrs. J. B. Bruce, 148 East Sixteenth street. The complaint was that Morse delivered 16½ cords and charged for 18 cords. City Sealer Jones measured the wood and reported only 16½ cords, while a bill of lading furnished by the railway also showed the same amount. Morse claimed his measurements made 18 cords. A fine of $25 was imposed, from which Morse announced he would take an appeal to the circuit court.

Postoffice Clerk Wanted.—The U. S. civil service commission announces that a postoffice clerk examination will be held at Newberg August 8, to establish an eligible register from which selection may be made to fill positions as they may occur in the position of clerk in the Newberg postoffice. The entrance salary for clerk is now $600, with annual promotions up to $1000 per annum. Men and women will be admitted to this examination and the age limits for the position of clerk are 18 to 45 years. The position of assistant postmaster, salary $1000, will also be filled from the register resulting from this examination. The age limit is 21 years or over. Application blank, form 1371, and information to applicants, form 1372, may be secured from the local secretary, board of civil service examiners at the Newberg postoffice.

Cows Offend No More.—Evidence being introduced in the suit of George E. Helmer against Edgar Lawrence and A. V. Folkman to abate a cow pasture near Helmer's home to the effect that the cows have been moved away and the place made sanitary since the suit was filed, Circuit Judge Morrow yesterday denied Helmer's application for a permanent injunction but allowed Helmer his costs against the defendants. Judge Morrow stated that he had left the case in such shape that it can be reopened in case conditions become bad again. Helmer objected to the pasturing of half a dozen cows on the place.

Deputies Arrange for Outing.—There will be several hours of fun provided for the guests of Sheriff Word's deputies on their excursion tomorrow night on the steamer Grahamona, among the stunts being a "kangaroo court." Who will be arrested has not yet been decided, but someone is to taste the real joys of being "pinched," tried and made to pay some penalty. The boat will leave the Taylor street dock at 7:30 sharp and will return in time for all to travel homeward on the cars. Dancing will be enjoyed. The hosts and guests will be limited to about 150 persons.

Complaint Is Dismissed.—By paying all bills and judgments against them and settling with Mrs. Emma Porter, who had signed a complaint charging larceny by bailee, Mr. and Mrs. Earl Buchanan, who were recently arrested in St. Helens on the charge, secured the dismissal of the complaint yesterday. Among the accounts were an $18 board bill which had been the basis of a defrauding an innkeeper charge and a $28 grocery bill for which judgment had been secured. They also paid all court costs.

Boosting for East Side Market.—The East Side Business Men's club has requested the city authorities to have the assistant market master visit the central east side public market on East Sixth street each market morning. Later, when the market becomes permanent, it is expected that a superintendent will be employed to give his entire time to building up this market. All central east siders are urged to patronize the market in order to help make it permanent.

"Inspector" Steals Small Articles.—Mrs. J. E. McMichael, 389½ South Sixteenth street, reported to the police yesterday a stranger inspected a flat with the professed view of renting it. Later he returned and stole several suits of clothes, two pairs of shoes and other smaller articles.

Judge Reduces Verdict.—On an appeal from the district court, Circuit Judge McGinn yesterday cut the judgment allowed the Howard Automobile company from $336.92 to $33.86 against Clifford R. Fones. A bill for $142.06 was disallowed because it represented repairs on a truck sold to Fones by the company, and Judge McGinn held that the repairs were excessive considering the short time Fones had had the truck.

Policeman Interfered.—While trying to get her husband home yesterday afternoon, Mrs. J. Landes, living at Carson Heights, told Patrolman Quinton to attend to his own business. She was arrested on the charge of disorderly conduct and the husband was held on the charge of intoxication. When he was sober last night, the jailor allowed him to go home. The wife was held for court this morning. Patrolman Quinton took the couple in charge at Third and Main streets. Mrs. Landes explained the affair in detail to Judge Stevenson, who allowed her to go home this morning.

Norway and Sweden On Eve of Alliance

Talk of Federation of All Three Scandinavian Countries Is Revived By Fear of Russian Aggression.

Christiania, Norway, July 16.—Advocates of a renewed union between Norway and Sweden are predicting here now that the two countries will be joined in a strong allegiance inside of a year.

It is admitted that at first the combination may be for no more than defensive purposes, but the prophesy is made that this will speedily lead to commercial and industrial developments which, even if they do not bring the neighbors under a single government, will not fall far short of it.

The movement toward the federation of all three Scandinavian countries—Norway, Sweden and Denmark—has not made quite so much headway but there is much talk of it and many believe it is a certainty of the not distant future.

Soreness between Norway and Sweden seems practically to have disappeared.

A common fear of Russian aggression has had more than any other one thing to do in promoting federation sentiment.
