WHEAT MARKET LOWERS.
Portland, Dec. 13.—Wheat bids at the local exchange were 1 cent lower on all grades except northern spring which was down 2 cents as compared with Saturday. Not only was the feeling weak, but the market was quiet at all points.

There was some demand from the mills and it is probable that the best grades of milling wheat will continue to hold their own, but the export varieties are not wanted at the present time and are the weakest on the list. There is no export inquiry, except at prices too low for shippers to consider, as the cheapness of Argentine offerings has closed the only available outlet for Pacific coast wheat. Europe may some time resume buying, but how soon that will be after the turn of the year remains to be seen.

Potatoes Move Slowly.

The low point of the potato movement apparently was reached during the week ended November 26, at 2258 cars. The shipment figures rose to 2600 cars last week, of which 2547 cars were from leading Maine crop sections. During the corresponding period last year nearly 2800 carloads were forwarded.

Butter and Eggs.

The butter market was firm at the opening of the week and the best cubes sold at 41@42 cents. There was a fair supply of under grades, which were generally held at 40 cents.

Eggs were steady, with no changes reported in the buying or selling prices.

A few small orders for dressed turkeys were received for early shipment and this strengthened the market. The best birds sold at 42 cents. Live poultry receipts were small and Saturday's prices were maintained.

There was a good demand for dressed veal and this were offered. Pork is considered too low in relation to live hogs, but no change was made in the price yesterday.

Five fishermen, charged with gaffing salmon contrary to law, were fined $25 each at Tillamook this week.

Work on the Mount Hood loop highway, delayed because of difficulties in securing rights of way, has been resumed.
