## PORTLAND BOY WINS MILE RACE IN 4:15

Vere Windnagle.

Portland track and field followers were jubilant today over the wonderful showing made by L. Vere Windnagle of Cornell, former Washington high school athlete, in winning the one mile run championship of the intercollegiate conference meet at Cambridge, Mass., yesterday.

Windnagle was the favorite in the race, but it was not expected that he would hang up the time of 4 minutes, 15 seconds. Eastern track critics expected to see him cross the finishing line about the 4 minute and 18 second mark. In winning the race, Windnagle showed his heels to Paul Wilson of Stanford, a former team mate at Washington high. Wilson finished fourth.

Windnagle graduated from Washington high school in 1913. He attended the University of Oregon one year and then went east and registered at Cornell. He has represented Cornell two years in track and two years in cross-country. Next season, he will captain the Cornell cross-country team.

In local scholastic circles, Windnagle was considered a half miler, and his best time for the event being 1 minute, 56 4-5 seconds. Last year he finished second in the mile run in the meet on Franklin field. A couple of weeks ago, Windnagle pushed Ted Meredith to a new world's half mile record at Philadelphia.

## WILLAMETTE IS FIRST IN TRACK EVENTS, SALEM

### McMinnville Is Second and Pacific Finishes Third; Good Time Made.

Willamette University, Salem, Or., May 27. The second annual Willamette invitational track and field meet for the non-conference colleges of Oregon was won by Willamette on the local field today by a score of almost double that of the nearest competitors. The final count showed Willamette to be in the lead with 77 points, McMinnville college 41½ and Pacific University a poor third with 28½ points to her credit.

Culver of McMinnville broke his own non-conference record for the high jump by ¼ inch, getting over the bar at 5 feet 6 inches.

The most brilliant race of the meet was the 220 yard dash in which Grosvenor of Willamette and Lucas of Pacific tied for first with Small only six inches behind for third. Ford easily won the 100 yard dash with the remarkable non-conference time of 10 seconds flat.

By winning the meet Willamette will again possess the large silver trophy cup which was won by Pacific last year. It must be won two successive years for permanent possession. The meet marks the close of the spring athletic calendar of events at Willamette.

## PAUL CLYDE BREAKS PACIFIC COAST MILE MARK IN DUAL MEET

### Betters Former Mark by 3-5 of a Second in Great Race; O. A. C. Wins, Big Margin.

### COLEMAN WINS HIS DRACE

**Damon of Aggies Is High Point Winner With 14 Tallies—Kadderly Stages Come-Back in 220 Event.**

Oregon Agricultural College, Corvallis, May 27.—The Oregon Agricultural college team defeated the U. of W. aggregation on the local outdoor oval today in the annual dual meet by a score of 79½ to 51½.

The Pacific coast intercollegiate record for the mile run went by the boards when Clyde, the Washington captain, negotiated the distance in the fast time of 4 minutes 19 4-5 seconds, bettering his own former record by 3-5 of a second. All three men finished in former record time, Coleman of the Aggies covering the distance in 4 minutes 20 4-5 seconds for third place.

One of the most exciting races of the day was the two-mile, in which McDonald of the northerners and Coleman of the locals ran a dead heat for the last hundred yards, Coleman nosing the other runner out at the tape by a very few inches.

Washington proved themselves strongest in track events, taking all three places in the century, but could not match up with the Orange and Black athletes in the field events.

Kadderly, the Aggie captain, staged a come back in the 220, defeating Stenstrom in near record time. Damon was high point winner of the meet, taking two firsts, a second and a third for a total of 14 points. Kadderly placed second, adding 13 points to the O. A. C. score.

The relay was forfeited by the Washington runners because of the large score already run up before that event.

The summary:

Mile run—Clyde, Washington; McDonald, Washington; Coleman, Aggies. Time, 4:19:4.

120 yard high hurdles—Gibson, Washington; Straughn, Aggies; Demon, Aggies. Time, 16 1-5 seconds.

100 yard dash—Newton, Washington; Stenstrom, Washington; Knight, Washington. Time, 10 1-5 seconds.

## WASHINGTON IS 16 LENGTHS TOO FLEET FOR U. C.

### Conibear Crew Simply Pulls Away From Southern College's Eight.

University of Washington, Seattle, May 27.—Washington out-rowed California today and won by 16 lengths. The race was slower than expected, due to the strong head wind the crews had to buck. The time was: Washington 17 minutes 41 seconds; California, 18 minutes 41 seconds.

At the finish Washington was rowing an even, steady stroke, while California was splashing badly at each stroke. The southerners were all in at the finish, but the Seattle men seemed to be able to go again as far. Between 10,000 and 12,000 people saw the race. Both eights finished their season today, as neither are going to row in the east.

Critics say that Washington has the best crew in the history of rowing on the coast. The substitution of Breggs for Leader did not seem to be noticed by the way the men worked together. Two men will be lost on the Washington crew by graduation, Captain Brokaw and Walske.

| California. | Position. | Washington. |
|---|---|---|
| Gale | Coxswain | Ebright |
| Falck | Stroke | Kumm |
| Penny | 7 | Walske |
| Congdon | 6 | Newton |
| Lamb | 5 | Harr |
| Hardy | 4 | Cushman |
| Black | 3 | McConihe |
| Ednes | 2 | Breggs |
| Demund | Bow | Brokaw |

**Angels May Get Pirate.**

Los Angeles, May 27.—(U. P.)—James Smith, understudy of Hans Wagner, has been offered to the Los Angeles club by the Pittsburg Pirates. It was learned from an authoritative source here that Smith will probably fill the place vacated when Bobby Fisher was sold to the Cincinnati Reds.

Smith is only a boy, but, according to those who have seen him in action, he is the most promising youngster in the majors. He is already a fair hitter and can field his position with speed and accuracy. Pittsburg owes Los Angeles a a player as Delhi never reported.
