## Tree grant applications available at City Hall

Street Tree Grant applications will be accepted by the Baker City Public Works Department April 3, 2017 through June 16, 2017.

Grant funds are available only to plant street trees (trees within the public right-of-way).

Applications will be accepted until approved grant applications meet or exceed the grant funds available. If the approved grant applications exceed the funds available, grant awards will be determined by the date/time application is received (priority order).

In the case of two grant applications being received at the same time, a lottery will be held to determine the grant recipient. Upon staff confirming the grant application is complete, grant applications will be reviewed by

the Baker City Tree Board. The Tree Board may approve the application, reject it (due to existing site constraints not being able to accommodate a new tree—utility locations, adjacent trees or structures not providing sufficient room/light to encourage a new tree to grow, etc.), or request further information from the grant applicant. Based upon the Tree Board's findings, City staff will issue the final grant determination.

Trees must be planted and itemized receipts must be submitted to the Public Works Department by no later than June 23, 2017.

This is a reimbursable grant, meaning the initial cost of the tree purchase and/or tree planting must be paid for by the grant recipient. Grant recipients must provide a grant match by providing the first \$25

towards the cost of each tree. Grant dollars will not be dispersed until the tree project is complete and the final site inspection reflects that the tree planting project meets the grant requirements.

There are a myriad of additional requirements and considerations listed on the actual grant application, and applicants are encouraged to read them in detail.

The Anthony Silvers Street Tree Trust Fund funds these grants. Since 2014 the interest accrued on the Silvers' Trust has been utilized to plant 25 street trees at the Baker County Fairground property and to expand 11 tree wells and plant 11 new street trees

Questions? Contact Jennifer in the Public Works Department at (541) 524-2063 or [jmurphy@bakercity.com](mailto:jmurphy@bakercity.com).
