BOARDS ANXIOUS TO GET LINE ON ALL REGISTRANTS

Alaska Locals Forward Original Registration Cards of Oregonians Registered in Alaska.

DISTRICTS ARE REPORTING

Boards Desire to Hear From Anyone Knowing Whereabouts of Men Not Answering Call.

The Alaska local boards have forwarded to local division board No. 9 the original registration cards of registrants who have been registered in Alaska and who gave their home address as in the state of Oregon.

Section 64, selective service regulations, says that the original registration card shall be retained by the local board, and no serial number shall be assigned by such local board, but that a copy of all such cards and a list of the names of all persons whose registration cards have been so received, shall be forwarded to the adjutant general of the state to be assigned a serial number as provided in section 67, selected service regulations.

The questionnaire will be filled out by the local board, according to the information on the registration card, and will then be sent to the adjutant general's office for the serial number. Local exemption board officials are nonplussed by the great number of delinquent questionnaires returned by registrants. Some are said to not be known at the address given at the time of the registration and others have left for parts unknown.

Names of registrants sent to local boards from Alaska for classification are:

Identification Is Erroneous

La Crosse, Wis., Jan. 23.—(I. N. S.)—After she had identified the body of a man found hanging in the woods near here as her missing husband, Mrs. Edward Abraham today met her husband, in the custody of a sheriff, en route for a train to the county jail. He was arrested at Detroit, Minn., on a desertion charge. The dead man is still unidentified.

Ruggs Dies in Alaska

Juneau, Alaska, Jan. 23.—(I. N. S.)—William Ruggs, nephew of the late Senator Platt of New York and a mineral draftsman in the surveyor general's office, died here following a stroke of paralysis.

Sentences of Death In Army Restricted

Commanding Generals to Submit Records to Office of Judge Advocate General, Except With Troops Facing Enemy.

Washington, Jan. 23.—(I. N. S.)—An order taking away from commanding generals of territorial divisions and departments the authority to execute death penalties, until the records of the trial have been reviewed in the office of judge advocate general and it is found there is no legal objection to carrying out the extreme penalty, was issued by the war department today.

The order is an aftermath of the secret execution of negro troops at Houston, Texas, after they had been convicted by a general court-martial of having participated in the Houston race riots. The new ruling does not apply, however, to commanding generals of troops in the face of the enemy. These may carry out the death penalty or suspend it, according to their best judgment.

Folded Arm Policy More German Stuff

Seattle, Jan. 23.—(U. P.)—The United States shipbuilding is menaced today by a "folded-arm" policy carried out by workers, tools of the German government.

Recognition of this menace by the United States government was revealed Tuesday by United States Attorney Clay Allen in a talk at the Municipal league luncheon.

"I. W. W. members have been advised to abandon sabotage and any violence that may land them in jail, but to adopt the 'folded-arm' policy and do as little work as possible," said Allen. "German agents have taken advantage of this organization to delay the program of our government."

PARLEY TO FAIL, BOLSHEVIKI SAY

Statements in Russian Press Regarded as Official—Germany Unmasked.

By Joseph Shapien

Petrograd, Jan. 23.—(U. P.)—Breaking off of all peace negotiations at Brest-Litovsk was forecast in all the Bolshevik newspaper organs today. Their unanimity would appear to indicate this prediction came from authoritative circles.

The Bolshevik view is that the only good accomplished by the negotiations has been to unmask the real imperialistic nature of the enemy demands.

According to comment here, nothing more can possibly be expected from the discussions.

Both the Pravda and the Isvestia today bitterly assailed Germany Foreign Mnister Kuehlmann's treacherous dual policy.

Ukrainans Reported Losing

Official Bolshevik reports claimed victories over the Ukrainan Rada troops at Poltava and the occupation of that city by the Red Guards. On the south Ukrainan front further advances have been registered, Novgorod-Sversk captured and progress made toward Bachmach. The Ukrainans are retreating. A decisive battle is expected shortly. The Bolsheviki have already taken Sarna, Archtina and Troitsk.

Out of respect to the number of Friday's victims of assassins whose funerals are today, the Bolshevik government postponed a scheduled demonstration at the Winter Palace and Smolny Institute.

The Bolshevik government has been informed that the general peace strike at Vienna is due to the stand adopted by the central powers at Brest-Litovsk.

Exchange of Prisoners Delayed

Delayed dispatches from Brest-Litovsk received today told of a formal protest to the peace conferees by General Hoffmann, in which he declared he would be compelled to withdraw the German commission on prisoners of war from Petrograd where it is now negotiating, if the soviet expected to place German officer prisoners on the same level as private soldiers.

The Russian delegation, it was asserted, had lodged complaint to Kuehlmann and Czernin that "central powers' newspaper accounts of the negotiations omitted Trotsky's declaration, in which he denounced the reversal of position by Germany on the principles accepted by the Russians, December 25."

The protest, it was stated, "had pointed out that such suppression by the German government of this declaration had misled public opinion in Germany."

Harden Sounds Warning

Amsterdam, Jan. 23.—(I. N. S.)—The annexation of Poland, Courland and adjacent Russian territory would create "another Alsace-Lorraine for Germany in the east," is the warning that Maximilian Harden, famous German editor, sounds. Harden defends the peace program of the Russians, attacks the German annexationists and calls Trotsky, the Bolshevik foreign minister, a great man.

Registration Near End

Hillsboro, Or., Jan. 23.—The Washington county war board has but few more classifications to make on the registration and will conclude its work soon. There are over 1900 registrants, and practically 35 per cent are placed in class 1 as far as booked. The last 355 classified furnished 139 class 1 men, while the first 350 classified show but 107 class 1.

Conductorette Faints on Duty

New York, Jan. 23,—(I. N. S.)—Traffic was tied up for 40 minutes on the Seventh avenue surface line when Miss Florence Smith, conductorette, fainted and fell off her seat at the coin box.

Court Stops Alien On Eve of Sailing

San Francisco, Jan. 23.—Federal Judge Dooling Tuesday issued an injunction stopping Bertrand Grunwald, an Austrian inventor, from leaving the United States and returning to Austria. Grunwald holds the secret formula for the manufacture of carbonate of magnesia from magnesite and the National Magnesia Manufacturing company of Redwood City claims that he broke a contract by which the company was to have the formula. The company declares that it built a $135,000 plant on the strength of its contract with Grunwald.

Chinese Tong War Revives in Seattle

Seattle, Jan. 23.—(I. N. S.)—The Chinese tong war that has been smoldering here for months broke out afresh Tuesday afternoon with the coming of the Chinese new year. Wong Si Wee is the first victim. The police heard shots in Chinatown and found Wong's body in a doorway. Wong was 52 years old.

Draft Registrant Injured

Winlock, Wash., Jan. 23. — Tony Waters, employed at the Black Diamond Llumber company at Veness, was seriously injured while working at a winch on a flatcar. A sudden pull on the winch caused the handle to revolve, striking Waters and knocking him off the car. His left leg was broken and his left elbow was badly crushed

Baker Will Help

Baker, Or., Jan. 23. — Beginning on Thrift day, February 3, the Baker Y. M. C. A. will conduct a thrift week campaign here, which will embrace efforts among all citizens. Special services will be held in all the churches Sunday, February 3, inaugurating the campaign, which will be carried to schools, business institutions, mills, etc., with a series of public meetings, illustrated lectures and moving picture shows, which will urge not only the purchase of thrift stamps, but conservation in all lines by all classes of people. Prominent business men are heading the arrangements committee.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or another, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease. (Adv.)
