The correct way to pronounce it is Es-ta-ca-da, accent on the third syllable, a having the sound of a as in ah in the two last syllables.

The Portland Rose Show for 1910 is over. It was more elaborate than any yet held. Each year new features are added in the attempt to outdo previous efforts. Portland entertained as visitors to this Rose Festival a greater number of people than was ever in the city at any one time before. A great many Estacadaians were in the number. Thursday the largest number of persons from this section were in attendance and remained for the late special car home. It was a "jam" from start to finish. The carline was taxed to it's limit in handling it's patrons The number of persons crowded into a car was simply marvelous. The ever ready "room for one more" packed them so full that it was a wonder that more accidents did not occur. While the crowded condition of street car and city accomodations were not agreeable and very tiresome, yet it was a good natured crowd in the main, accepting these conditions as the best under the circumstances. It certainly was a great week in Portland.

By the end of the present year. it is promised that the most remote districts of Oregon will be served by railroad transportation. Central Oregon will have two main lines, the Oregon Trunk and the Deschutes Railroad and the building of these roads is of course the prime achievement of the year in transportation. In addition, the Harriman line to Tillamook will be completed and much progress will have been made by the end of the year on the Natron-Klamath road. This year the cost of contracts for new railway lines and betterments in this state will aggregate about $30,000,000. Many other important new projects will undoubtedly be mapped out and started before 1911.

Portland will get the 47th annual convention of the National Wool Growers' Association, the dates for which have just been fixed for January 5, 6, and 7, 1911. On those dates there will be thousands of delegates there from the wool growing states and the convention will be of wide interest to stockmen. In connection with the gathering there will be a big sheep show that is expected to draw many exhibits from the farms of Oregon sheep raisers, and many blooded sheep will be brought here from other parts of the country. Preliminary plans are now being made for the gathering, various committes being already at work.

Livestock shipments to the Portland markets for the month of May are far ahead of the same statistics for May of last year, showing the growing importance of this market. Particularly is a big gain shown in hogs, which is gratifying to the trade. A total of 515 cars of livestock of all kinds came to the stock yards during May of this year. The increase in hogs received was over 7000 head. The O. R. & N. has decided to place in commission a regular stock train service, operating twice a week from Huntington to Portland and way points. This will begin June 21 and will be a great convenience to the stock raiser.

All orders shipped same day letter is received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a trial order at once, hence this remarkable tire offer.

Notice the thick rubber tread "A" and puncture strips "B" and "D," also rim strip "C" to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.

IF YOU NEED TIRES don't buy any kind at any price until you send for a pair of Hedgethorn Puncture-Proof tires on approval and trial at the special introductory price quoted above, or write for our big Tire and Sundry Catalogue which describes and quotes all makes and kinds of tires at about half the usual prices.
