Have been a standard

Household Remedy

Since 1837

Use them for all forms of illness arising from DISORDERED STOMACH OR LIVER and all ailments proceeding from

Deranged Digestive System

The Best Policy.

If an income tax they frame,
And you find they've got your name,
Will you truthfully disclose
All that in your pocket goes?
Will you count each fee you earned,
Tell how much your stocks returned?
Will you, on your honor true,
Pay the utmost cent that's due?

Tell the truth, sir, if you can!
Tell the whole truth like a man!
Would you stoop to lies, forsooth?
Tell the truth!

If to wed a girl you seek,
And the maiden thus should speak:
"When we're married will you be
Just as you are now to me?
Will you bring me sweets and flowers,
Sit and hold my hand for hours?
Will you take me to the play,
Never care from me to stray?

Tell the truth, sir, like a man!
Tell the whole truth if you can!
Falsehood is a serpent's tooth—
Tell the truth! —Judge.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Where Ignorance Is Bliss.

Decisions of the United States Supreme court are the most carefully and most successfully guarded edicts that ever issued from the government channels in Washington, D. C. For many years the Supreme court judges have succeeded in guarding their decisions against any "leaks," even though preliminary proofs are printed for their own use.

While presidential messages, interstate commerce decisions and other documents are given out in confidence to newspapers, the Supreme court decisions never come to light. New York brokers often would pay immense sums for accurate information as to the court's decisions in railroad or corporation suits that may affect the stock market; but the information is always secured first when it falls from the lips of the justice as he reads the decision from the Supreme Court bench.

With this preliminary, the feelings of a Washington newspaper correspondent may be better imagined when he got this letter from the editor of a Southern paper for which he corresponded:

"Please try to get the decision in the Jones case a couple of hours in advance so we can get out an extra on it. You ought to be able to pull a good scoop out of this. Go around and see Chief Justice White; he knows all about the case, and if you jolly him up perhaps you can pry the decision loose 'way ahead of time."

No, he didn't go. — Cincinnati Enquirer.

Kill Dandruff Make Hair Grow

For dandruff, falling hair, or prematurely gray hair use this formula: Bay Rum, 6 ounces; Lavona de Compose, 2 ounces, and Menthol Crystals, ½ drachm. If you desire, add 1 drachm of your favorite perfume. Mix the tonic yourself or have your druggist mix it. Apply night and morning with fingers. Lavona contains a powerful drug that stimulates the activity of the hair-growing follicles and is believed to give renewed action to the pigment-forming cells so as to actually restore natural color to prematurely gray hair without the use of dye.

Eternal Feminine.

Margaret, aged seven years, was playing housekeeper. As she pretended to wipe the perspiration from her face she turned from the toy washboard upon which was rinsing out a handkerchief, and, addressing her brother, a year younger, said: "There you are sitting at your ease and me breaking my bones doing your washing."

Tobacco Habit Easily Conquered

A well-known New Yorker of wide experience has written a book telling how the tobacco or snuff habit may be easily and completely banished in three days with delightful benefit.

The health improves wonderfully after the nicotine poison is out of the system. Calmness, tranquil sleep, clear eyes, normal appetite, good digestion, manly vigor, strong memory and a general gain in efficiency are among the many benefits reported. No more of that nervous feeling; no more need of pipe, cigar, cigarette or chewing tobacco to pacify the morbid desire. The author, Edw. J. Woods, 534 Sixth Ave., 159 B, New York City, will send his book free on application, to anyone who writes to him.

Not Triplets.

My little grandson was told by his mother to run across the street and inquire of a lady who was going by with three little babes in a cart if they were triplets. He soon came back, looking much disappointed, and said: "No, they are not triplets. They were born the same day, but two of them are girls and the other is a boy."—Exchange.

Dr. Pierce's Pleasant Pellets first put up 40 years ago. They regulate and invigorate stomach, liver and bowels. Sugar-coated tiny granules.

Man in the Case, Probably.

Alice—"I think Kitty's new hat is simply a fright." Marie—"Isn't it. I helped her to select it."—Boston Transcript.

Love Eternal.

They that love beyond the world cannot be separated by it.—William Penn.

GATUN LOCKS OPEN

Most Important Step Yet In Opening of Canal.

Gates Swing With Smoothness and Precision—Crowds Cheer Success of Work.

Panama—The most important step thus far toward the operation of the Panama canal took place Saturday when the seagoing tugboat Gatun, drawing 12½ feet of water, was passed successfully through the Gatun locks. This was the first attempt made to operate the locks on the canal, and the result was highly pleasing to Colonel Goethals, chairman of the Canal commission, and canal officials generally.

All day long hundreds of persons—men, women and children—withstood the burning rays of the tropic sun to see the act of passing the first vessel from sea level to the level of Gatun lake, which had reached a height of little over 65 feet, or within 20 feet of its normal level.

The operations were conducted with great care and everything went through according to schedule. The three chambers, upper, middle and lower, on the west side of the locks, were used on this occasion. The men worked far into the previous night, making everything ready for the operation. The upper lock filled in the forenoon, and in the afternoon the water was admitted to the middle and lower locks, but it was not until 4:45 p m. that the water in the lower lock had reached the level of that in the sea channel outside.

At that hour the sea gate was swung and a moment later the tug, which had been in readiness all day, approached the channel and turned its head toward the entrance.

As the vessel passed inside the lower lock chamber a mighty cheer went up from the assembled thousands that lined the lock walls, the tug's whistle was blown loud and long and all the whistles in the neighborhood joined in. The Gatun was in charge of Captain Stewart.

Among the party on board were Colonel William L. Sibert, division engineer of the Atlantic division of the canal, under whose supervision the Gatun locks were built; Colonel Harry F. Hodges, assistant chief engineer and designer of the canal locks and the operating machinery, and Major J. P. Gervey, who has had personal charge of the masonry constructon of the locks. Colonel Goethals was on hand all day, but did not make the trip.

The tug, gaily decorted, in the roomy lock chambers appeared like a toy boat in a tub. Its navigation was personally supervised by W. G. Comber, head of the dredging operations of the canal. The vessel was raised to the middle level at 5:45 p. m. and passed into the upper chamber at 6:15 p. m.

Then at 6:42 p. m. the last gate was swung, and, although the tropic night had fallen, the waiting crowd remained and watched the tug sail out on the placid waters of Gatun lake. The rousing demonstration of the early afternoon then was repeated.

The massive 500-ton leaves of the lock gates performed their functions perfectly, working like a well-oiled door.

RICH AIRMAN QUITS GAME

After $50,000 Is Spent, Decides That Safe Airship Is Impossible.

Chicago — Harold F. McCormick's costly experiment station at Cicero, maintained for testing of improved methods of aeroplane construction, has been closed.

Some of the equipment which can be used for hydro-aeroplanes is being shipped to the McCormick estate at Lake Forest. The remainder is being sold and it is believed that this ends the efforts made by Mr. McCormick for the last two years to produce an aerial machine that would be safer and more efficient than any model heretofore evolved. Failure of models from which much has been hoped is believed to be mainly responsible for McCormick's move.

It is estimated that at least $50,000 has been spent in equipping and operating the experimental station.

Rival Canal Suggested.

London—The Standard, in a long editorial, hints that English capital, represented by Pearson & Son, will give Colombia a chance to avenge herself against Panama by constructing an ocean-to-ocean canal by way of the Atrato and Cupica rivers.

"What," says the Standard, "is to prevent Colombia, if it has sufficient support from foreign capitalists, from making this canal itself and thereby setting up a formidable rival to the enterprise which is now rapidly approaching completion?"

Wilson Refuses Pardons.

Washington, D. C. — Holding that the defendants still had an opportunity to obtain full justice, if it has been lacking, through their pending appeals, President Wilson declined to act at this time on the applications for pardon of John H. Bullock and C. E. Huston, convicted at Seattle November 20, 1912, of conspiracy to defraud the government by collusion in bids on coal. It is said Bullock has informed the govermennt that he probably will dismiss his appeal because of lack of funds to prosecute it.

Price on Hay Is Soaring.

St. Paul—Prices of all grades of hay broke all local records Saturday and gave indications of still higher prices. Choice timothy sold at $20 a ton, with but little for sale. No. 1 clover mixed went to $17.75 and choice upland sold at $15 a ton. Packing hay was sold at $9.25 and what little alfalfa was sold went at $19.75. Hay dealers say that the farmers of the Northwest practically have ceased to raise hay except for their own use.

The Ruling Passion.

The Amazon in days of old displayed
A man-like vigor on the battlefield,
But, none the less, ere fighting she surveyed
Her features in her shield!

The modern maid who also yearns to face
Some day, if need arise, her country's foes,
Would she not, ere the battle, pause and place
Some powder on her nose?
—London Opinion.

Discovery Valuable to Science.

A German chemist recently discovered that the extract of the skin of red radishes in alcohol is more sensitive to acids and alkalis than litmus, tumeric, or any of the chemicals usually used to detect their presence.

Is A Wonder In the Blood

A Remedy That Has Shown a Most Remarkable Purifying Effect.

The word medicine is one of the most abused in our language. There are certain medicinal properties just as necessary to health as the food we eat. Take, for example, the well-known tonic medicine S. S. S. This famous blood purifier contains medicinal components just as vital and essential to healthy blood as the elements of wheat, roast beef, the fats and the sugars that make up our daily ration.

As a matter of fact, there is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutriment. That is why it regenerates the blood supply; why it has such a tremendous influence in overcoming eczema, rash, pimples, and all skin afflictions.

And in regenerating the tissues S. S. S. has a rapid and positive antidotal effect upon all those irritating influences that cause rheumatism, sore throat, weak eyes, falling hair, loss of weight, thin, pale cheeks, and that weariness of muscle and nerve that is generally experienced as spring fever. Get a bottle of S. S. S. at any drug store, and in a few days you will not only feel bright and energetic, but you will be the picture of new life. S. S. S. is prepared only in the laboratory of The Swift Specific Co., 160 Swift Bldg., Atlanta, Ga., who maintain a very efficient Medical Department, where all who have any blood disorder of a stubborn nature may write freely for advice and a special book of instruction. S. S. S. is sold everywhere by drug stores, department and general stores.

Beware of any attempt to sell you something "just as good" as S. S. S. Such a claim is preposterous. There is nothing else "just as good" as S. S. S., nor is there another remedy similar to this famous blood purifier.

RAISE $82,298,000

Income Revenue Affects 425,000 Persons All Told.

Exemptions Must Be Submitted to Federal Officers to Determine Reasonableness.

Washington, D. C.—According to estimates by treasury experts, 425,000 American residents must report to the income tax collector next spring exactly how much they owe the government under the new income tax law.

The tariff bill, in which the law is embodied, will not be signed until next week, and the first returns do not have to be made to the internal revenue collectors before March 1, 1914. When the returns are made they will cover the incomes of citizens from March 1, 1913, to December 31, and the first payment of tax will be for money received during this period.

Every single person (citizen or foreigner) whose annual income exceeds $3000 and every married person with an income above $4000 is expected to report his or her receipts in detail to the government agents March 1 of each year. The estimate completed indicates that the income tax will produce $82,298,000 from the 425,000 persons taxed. To this will be added the $35,000,000 or more produced by the present corporation tax, which is continued as part of the law. The income tax estimates follow:

Incomes—	Number.	Total tax.
$3000 to $5000	126,000	$ 630,000
$5000 to $10,000	178,000	5,340,000
$10,000 to $15,000	53,000	4,240,000
$15,000 to $20,000	24,500	3,185,000
$20,000 to $25,000	10,500	2,100,000
$25,000 to $50,000	21,000	9,660,000
$50,000 to $75,000	6,100	6,832,000
$75,000 to $100,000	2,400	4,766,000
$100,000 to $250,000	2,500	13,775,000
$250,000 to $500,000	550	8,805,500
$500,000-$1,000,000	350	13,653,000
$1,000,000 or above	100	9,301,000
Totals	425,000	$82,298,000

President Wilson, the federal judges of the supreme court and inferior courts now holding office and employes 'of a state or any political subdivision thereof," are the only persons specifically exempted from the tax by the new law.

The president and judges now in office were made exempt to escape any questions of the constitutionality of the law and their successors in office will be compelled to pay the tax.

Two primary methods of collecting the tax are contained in the law. One is the individual return made by the citizen; the other the returns by corporations and other employes who pay their employes' taxes "at the source." Under the law as it will be signed by President Wilson next week, every large company employing labor will be compelled to report any regular salaries it pays in excess of the $3000 figures and will pay the taxes for its employes and deduct the tax from their pay envelopes.

THREE CANDIDATES IN FIELD

De la Fuente Accepts Nomination for Presidency of Mexico.

Mexico City.—Colonel David de la Fuente, ex-minister of communications and public works in General Huerta's cabinet, has been put forward as presidential candidate by the so-called Liberal Republican party. This makes the third nomination for presidential honors.

Dr. Gregior Mendizabal, an ex-senator, was nominated for the vice-presidency with Colonel de la Fuente. Both have accepted. The sphere of influence of the Liberal Republicans is confined largely to the capital. The party has no definite organization, but consists chiefly of the adherents of a group of congressmen who constitute a wing of the opposition in the chamber of deputies to the Catholic party.

Lively interest is centered in the announcement of the recall to Mexico of General Porfirio Diaz. Many appear to see a connection between the recall of General Felix Diaz, the recent visit to the capital of General Geronimo Trevino and the invitation to the aged ex-president to return. Porfirio Diaz has been on the retired list for more than a year. He is in his 84th year.

The war minister, General Blanquet, reiterated the statement that General Porfirio Diaz had been asked to resume his former status in the army and return to Mexico. He declined to discuss the reasons for the request, nor would he say what the ex-president might be expected to do.

Big Eagle Ties Up Phones.

Spokane.—The long-distance service of the Interstate Telephone company was badly disarranged Saturday by an eagle. The service "went bad" on the line between Spokane and Coeur d'Alene. As near as could be estimated by the instruments which serve for testing purposes, the trouble lay about six miles this side of Coeur d'Alene. Trouble Hunter Ramon traced the wires and discovered a monster eagle at the top of a pole. He disabled the eagle with rocks. Then he discovered the bird had attached to one of its feet a large steel trap and about ten feet of chain.

Hazing Brings Riot Call.

St. Louis.—The antics of six Washington University freshmen, who were disciplined by sophomores here, created such a commotion near a summer garden that persons living nearby turned in a riot call. Several mounted policemen were required to disperse the crowd. The freshmen were compelled by the sophomores to propose marriage to every woman who passed on the street. Some of the women fled in terror, but one young woman startled two of the proposing students by accepting both. The two students then were to decide by combat which should have the prize.

Fish Weighs 5000 Pounds.

Newport, Or.—A big shark captured by the Ollie S. was hoisted to Gray's dock Sunday. It took every bit of power of the schooner Ahwaneda's hoisting engine to land the fish on the wharf.

It measured 16 feet 9 inches and was 7 feet 8 inches through the body. It weighs about 5000 pounds. It is the intention of Captain Carner to ship the fish to Portland. He says that if he had realized the size of the monster he would never have attempted its capture.

WINCHESTER

"Leader" and "Repeater"

SMOKELESS POWDER SHELLS

Carefully inspected shells, the best combinations of powder, shot and wadding, loaded by machines which give invariable results are responsible for the superiority of Winchester "Leader" and "Repeater" Factory Loaded Smokeless Powder Shells. There is no guesswork in loading them. Reliability, velocity, pattern and penetration are determined by scientific apparatus and practical experiments. Do you shoot them? If not, better try the W brand. They are the

FIRST CHOICE OF THE BEST SHOTS.

More Valuable Accomplishment.

Helter—"Holmes gets a gigantic salary from that mining corporation." Skelter—"Able to locate gold mines, is he?" Helter—"Not much. Able to locate stock purchasers."—Life.

To Patch Wall Paper.

Tear a piece slightly larger than the portion to be covered, to match, but torn with rough edges and without any definite shape. Then paste over and the patch will not be noticeable.

Woman's Danger Signals

Hot flashes—dizziness, fainting spells, headache, bearing-down feeling and ills of a kindred nature—are nature's danger signals. The female disturbance or irregularity back of these calls for help, should have immediate care and attention. Otherwise the delicate female constitution soon breaks down.

℞ Dr. Pierce's **Favorite Prescription**

for more than 40 years has been lending its health restoring aid to thousands of women year after year throughout its long life.

This wonderfully successful remedy imparts strength to the entire system—particularly to the organs distinctly feminine. Nerves are refreshed. The "stale", overworked business woman, the run-down house-wife, and the weary care-worn mother of a family—all will gain strength from this famous prescription which 40 years has demonstrated its effectiveness—in liquid or tablet form.

SOLD BY DEALERS IN MEDICINES.

Write Dr. R. V. Pierce's Specialists at the Invalids' Hotel—Correspondence Strictly Confidential—and no charge.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated tiny granules—easy to take as Candy.

The "Topgrade" Shoe

FOR MEN

A Really Classy Shoe

If your dealer does not handle, write to

PRINCE SHOE CO., Portland, Ore.

The One Exception.

They're handing our degress galore;
Most everybody lands one;
At colleges, from shore to shore,
Each proud director hands one;
They're giving 'em to men whose claim
Is not a whit o'er zero;
They're giving 'em — these tags of fame—
To lowbrow, sage and hero.
They're giving out degress today
To men who call it "drammer;"
(Not that upon this harmless play
We fain would use the hammer.)
There's only one place where you can't
Cop out some tag of knowledge;
At it take one admiring slant—
The good old 'Lectoral College!
—Denver Republican.

Subtraction.

The teacher was hearing the youthful class in mathematics.

"No," she said; "in order to subtract, things have to be in the same denomination. For instance, we couldn't take three pears from four peaches, nor eight horses from 10 cats. Do you understand?"

There was assent from the majority of pupils. One little boy in the rear raised a timid hand.

"Well, Bobby, what is it?" asked the teacher.

"Please, teacher," said Bobby, "couldn't you take three quarts of milk from two cows?"—New York Evening Post.

To Kill Odor of Onion.

To kill the odor of onions on the breath eat lemon afterward or drink strong lemonade. Many persons who never eat onions in any other form cannot very well avoid them in some salads which would taste exceedingly flat without this vegetable.

CHILDLESS WOMEN

These women once childless, now happy and physically well with healthy children will tell how Lydia E. Pinkham's Vegetable Compound made all this possible. Here are the names and correct addresses—write them if you want to, and learn for yourself. They are only a few out of many thousands.

"Our first baby is strong and healthy and we attribute this result to the timely use of your Compound."—Mrs. Fred Yohann, Kent, Oregon.

"I owe my life and my baby's good health to your Compound."—Mrs. W. O. Spencer, R. F. D., No. 2, Troy, Alabama.

"I have three children and took your Compound each time."—Mrs. John Howard, Wilmington, Vermont.

"I have a lovely baby boy and you can tell every one that he is a 'Pinkham' baby."—Mrs. Louis Fischer, 32 Munroe St., Carlstadt, N. J.

"We are at last blessed with a sweet little baby girl."—Mrs. G. A. Laperouse, Montegut, La.

"I have one of the finest baby girls you ever saw."—Mrs. C. E. Goodwin, 1012 S. 6th St., Wilmington, N.C.

"My husband is the happiest man alive today." — Mrs. Clara Darbrake, 397 Marilla St., Buffalo, N.Y.

"Now I have a nice baby girl, the joy of our home."—Mrs. Dosylva Cote, No. 117 So. Gate St., Worcester, Mass.

"I have a fine strong baby daughter now." — Mrs. A. A. Giles, Dewittville, N. Y., Route 44.

"I have a big, fat, healthy boy."—Mrs. A. A. Balenger, R.F.D. No. 1, Baltimore, Ohio.

His Penance.

He loved to dive and he loved to swim,
And he loved in the tide to play;
Then what in the world was the matter with him,
That he sat in the sands all day?
He sat by a girl whose bathing suit,
Whose cap and whose shoes were dry;
And she would have thought him a perfect brute
If he hadn't—so that was why!
—M. S. Bridges, in Judge.

Make the Milk Jug Sweet.

To sweeten a milk jug, scald it with boiling water, then fill with cold water and add a teaspoonful of salt and leave it for five minutes before emptying it.

Advice to misers: Take care of the pennies and the dollars will take care of your heirs and their lawyers.—Dallas News.

No "Let Up"

There will be no "let up" in that distress after eating until you first help the stomach and digestive system back to health and strength. For this work

HOSTETTER'S STOMACH BITTERS

is particularly well adapted. It brings back appetite, aids digestion, keeps the bowels open and improves the health in general. Try a bottle.

Above All Price.

Gold and silver may supply us with the necessaries of life, with food and drink, clothes and houses; but they can not give the joy of a kind look—Lord Avebury.

"DIDN'T HURT A BIT"

is what they all say

DR. W. A. WISE, President and Manager

of our

Painless Methods of Extracting Teeth.

Out-of-town people can have their plate and bridgework finished in one day if necessary.

An absolute guarantee, backed by 24 years in Portland

Wise Dental Co.
