POULTRY AND RABBITS 32

WHITE LEGHORN BABY CHICKS.
Now is the time to order your baby chicks. We are specialists in the chick hatching business and, owing to the high cost of feed, we have made special efforts this season to select our best stock for our breeding pens; all our breeders are Hoganized and have been raised on free range runs; our pens are headed with male birds that are from trapnested and a very high egg record strain, therefore we do not hesitate to say we can produce the strongest and largest chicks you can buy in the West; our past experience allows us to guarantee all our chicks good, sound and vigorous; safe delivery anywhere.
Will have chicks March 1.
