Have you seen the Raycycle, the best and handsomest wheel made; will run 1000 miles without oiling; will run 27 per cent lighter than any bicycle made. The easiest hill climber made. For sample and prices call at Reeser's hardware store.

The grain harvest is in full blast throughout the Palouse country. Crop reports are in parts discouraging, though it is generally admitted that the grain crop will be better than usual, both in regard to yield and price. Late spring-sown wheat to the west and north of Colfax is producing much less than was expected, in many fields the yield not being over 14 or 15 bushels an acre. Fall-sown wheat is all of good grade, the average yield being between 25 and 30 bushels an acre, and nearly all will pass muster as No. 1.

Owing to scarcity of water in the Klondike country the summer output will be very small.

Two robbers entered the room of Frank Underhill at Los Angeles and took what valuables they could find. Underhill tried to capture the men but both escaped after beating him severely.

Lester Truilett, an æronaut, was seriously injured at Oakland Sunday while making a balloon ascension.

The aggregate wheat yield of Umatilla county, Or., this year will exceed 5,000,000 bushels, according to reliable estimates. These figures have only been exceeded by one or two seasons in the past.

Ex-United States Senator John J. Ingalls died of bronchitis at East Las Vegas, N. M., a few days ago, surrounded by his wife and two sons, Ellisworth and Sheffield. Ingalls' illness dated from March, 1899, when at Washington his throat began troubling him. He was treated by several specialists, but received no relief, and, on their advice, returned with his family to Atchison. At home he grew no better, though under constant attention of a specialist. Ten months ago he again took the advece of physicians and sought another change of climate, traveling through New Mexico and Arizona but received no benefit.

Judge Allen of Los Angeles, gave a decision of $5000 damages in favor of Joseph Green, who sued the terminal railway for $30,000 damages for the death of his wife, caused by one of its trains last November.

Footpads are again stirring up San Francisco by bold hold-ups.

There are practically no sugar beets in the Salinas section. They were planted as usual, but did not come up, no doubt on account of the long continued dry weather. There should have been a crop of at least 300,000 tons and the highest estimate of this year's yield is $65,000 tons.

Yakima hopgrowers are considerably encouraged by receipts of information that the New York crop is about 25 per cent short this year. The parties who send out this information also estimate that there is a shortage in the American crop of something like 60,000 bales. In Yakima valley the crop will be less than last year on account of reduced acreage and failure to cultivate some yards as carefully as usual. Few contracts have been made, and none which cover any of the large growths. The yards are in excellent condition, as a rule.

Owing to lack of water many mines in Tuloumne county are compelled to close down, thereby throwing over 700 men out of employment.

John Carroll, a violinist and music teacher, aged about 65 years, disappeared from his lodging-house at Sacramento last Wednesday and has not since been seen. His landlady says that shortly before that he had intimated that he might commit suicide, but she did not think him in earnest. It is now thought he may have done so.

Alexander King who shot and killed Herbert Davenport near Dawson a short time ago, has been found guilty of murder and is to be executed October 2.

Mrs. Rob London, a former San Francisco girl, committed suicide in New York a few days ago. The heat is supposed to have driven her insane.

Daniel Slinkey, a well-known character, committed suicide at Sausalito some days ago by taking morphine. He had tried many ways of killing himself before but always failed. He was erratic.

The transport Warren sailed from San Francisco last week carrying the Ninth cavalry, colored, which is bound for China.

A young named Zimmer about 20 years old was recently found dead in his home near Corning. Suicide was doubtlessly the cause of his death.

A man was killed by being runover on the Southern Pacific railroad at Hanford who was supposed to be stealing a ride. A card found in the pocket of the dead man bore the name of Thomas Curran, San Francisco.

TROUBLE IN CHINA.

BERLIN, August 16. A dispatch received here from Tien-tsin, dated August 14, announced that the allies captured Chang Chi Wan with slight loss. The Chinese left 500 dead on the field. The remainder fled, some to Tung Chow and some to Peking.

WASHINGTON, Aug. 17.—The acting secretary of state makes public the following plain telegram received this (Friday) evening from the United States Consul at Chefoo: "Chefoo, Aug. 17, 1900 (received Aug. 17, 7:55 p. m.)—Secretary of State, Washington: Seventeenth—Japanese admiral reports allies attacked Peking, east, 15th. Obstinate resistance. Evening, Japanese entered capital with other forces. Immediately surrounded legations. Inmates safe. Japanese lost over 100; Chinese 800. FOWLER."

LONDON, August 19, 4:20 A. M.—Rear-Admiral Bruce cables to the Admiralty from Chefoo, August 19, as follows: "Am informed on the authority of the Japanese that street fighting still continues in Peking, part of which is on fire. Yung Lu prevented the empress from leaving and a last stand is now being made in the inner city, which is surrounded by the allies and being bombarded."

WASHINGTON, August 19.—The navy department has received the following cablegram:

"CHEFOO, Bureau of navigation, Washington, Taku, August 18.—Telegraph line to Peking interrupted. Information Japanese sources empress dowager detained by Prince Yune in inner city, which is being bombarded by allies. Chaffee reports entering legation grounds on evening 14. Eight wounded during day's fighting. Otherwise all well. REMEY."

WASHINGTON, Aug. 19.—As a solution of the Chinese problem this government will propose an international congress to go to China, clothed with power to adjust the present difficulties and make China a safe place for foreigners in the future. President McKinley has had this scheme under consideration for some time, and the result will undoubtedly be a commission of the character indicated, to consist of one or more representatives of each nation interested in the Chinese muddle. The proposition has not yet been made to the powers, but it will be in a short time, as President McKinley is a firm believer in the wisdom of having men on the spot to deal with situations.

Commands China's Army.

The commander in chief of the Chinese regular army is General Yuan Shih, a great mandarin and very influential. His force, which is known as "the new army," has been organized since the war with Japan, and he really deserves much credit for what he

GENERAL YUAN SHIH.

has done. He came to the front in 1884, when, as a civil officer connected with the Chinese military guard in Korea, he drove the Japanese out of the Korean capital and saved the young king's life. For this he was made minister to Korea, a post which he held for nine years.

As the result of an accident, Engineer E. W. McCurdy recently lost his life and the big dynamo which supplies San Diego with light was burned out, so the city will be without a portion of its electric light until a new armature can be secured from San Francisco. Just how the accident occurred no one knows, and probably no one will ever know, because McCurdy was alone at the time, and when he was found he was dead.

Sergeant "Buck" Taylor, 42 years old, known as "King of the cowboys," a dashing cavalryman and one of the best known of the Rough Riders, died at Providence hospital recently of consumption, the result of illness contracted during the Cuban campaign. Taylor's correct name is said to have been Berry F. Tatum. He was the son of a former well-to-do merchant of Montgomery, Ala.

J. D. Bester, general superintendant of the Chicago, Burlington and Quincy railroad, was injured at Chicago by an explosion of escaping gas in the company's office building, caused by a lighted match. Mr. Bester was severely burned, but was able to go to his home in a carriage, where his burns on the hands and face were treated.

The mill-owners and their striking employees at San Francisco are to settle their differences by arbitration.

Work on the new tile works at Tropico is progressing rapidly.

A franchise has been granted at San Bernardino for the construction of an electric street railway.

The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt and permanent cures have made it a great favorite with the people everywhere. For sale by E.A. SHERWIN.

Antone Vierra, his mother, Joaquin Vierra, and his brother and sister-in-law were arrested at Rio Vista, charged with murder. Some time ago Vierra's wife was murdered and her body thrown into the river. The officers have arrested the above people for committing the deed.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

Hall's Family Pills are the best.

PRETORIA, Thursday, Aug. 16.—General De Wet has managed to elude General Kitchener, in spite of the fact that all the British wagons had double teams of picked animals. The Boers evaded the British by marching at night over ground known to them, while their pursuers were obliged to march in the day time. Lord Kitchener, after a forced march, has relieved Colonel Hoare and the British garrison at Elands river.

A Saturday dispatch from Pretoria says: General De Wet appeared yesterday at North Commando Nek, held by General Baden-Powell, and sent in a flag of truce, asking the surrender of the British force. General Baden-Powell replied, asking what terms De Wit was prepared to offer. De Wet is evidently moving eastward. Lord Roberts is issuing new, strict and rigorous orders, recinding the ones previously issued.

A meeting of all the leading Republican politicians of Iowa with the state central committee was held at Des Moines recently to discuss the probable choice of Governor Shaw for the vacant position in the United States senate caused by the death of Senator Gear. Four candidates are being considered by the governor—Congressman Dolliver, M. B. Cummings, Congressman Hepburn, and E. H. Conger minister to China.

Kalamazoo, Mich., is overrun by crickets and gsasshoppers. They come in immense droves, and stores and houses are compelled to close up at times. Electric lights cannot be burned, owing to the swarms that hover around them at night. At one point a train could not pass until the crew shoveled the hoppers from the track.

A pleasure yacht capsized in the river near Quebec a few days ago and three people were drowned.

The population of Kansas, according to the returns of township assessors, is 1,444,708, a net gain in the preceding year of 19,589, or 1.37 per cent.

The grape crop in the State of New York is reported to be in good condition and promising a large yield.

Georgia is now marketing the last of the largest peach crop in the history of the state. New York, Rhode Island, Delaware, Maryland and New Jersey have the largest crop in the last ten years. Ohio's farmers will double their last year's record; Micigan also has a large crop.

There is no truth in the rumor spread recently that there was a plot on foot to assassinate President McKinley.

Whitecaps took Pedro Bounetti, a young Italian woodchopper from his home in Marin county tied him to a tree and whipped him into insensibility. He had been warned to leave the neighborhood. Bounetti's friends have come to his assistance and there promises to be some hot times among the sons of Italy in the locality.

Joseph B. Gareghty, a young clerk, was found dead in bed at his home in San Francisco. The gas has been accidentally turned on and he was asphyxiated.

Two-thirds of Kansas west of the three easternmost tiers of counties is experiencing one of the most severe droughts in the history of the state, and the general opinion is that the Kansas corn crop will be the smallest in proportion to its requirements for feeding that has been raised in many years.

Five hundred union millmen are on a strike at the lumber yards in San Francisco for shorter hours. They want to work eight hours instead of nine.

The sugar beets are ready for harvesting in Santa Barbara county, where the crop is quite "spotted"—some fields good and some poor.

There seems quite a difference of opinion in regard to the size of the walnut crop which indicates that it is good in some districts and bad in others.

J. G. Grundey of Alma in the Santa Cruz mountains has raised and cured Connecticut seed leaf and Havana tobacco, which is said to be of very fair quality.

A Mother Tells How She Saves Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhœa Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter much suffering.—Yours truly, MRS. GEO. F. BURDICK, Liberty, R. I. For sale by E. A. SHERWIN.

The southern counties are getting interested in the size of their citrus output. The 17,000 carload line was passed long since, and some enthusiasts are now claiming an output of 19,000 carloads of citrus fruits. It is the big lemon crop which is piling up the figures.

The stories about hop prospects in Oregon and elsewhere continue to be very conflicting. One week we hear that there will not be half a crop anywhere, and the next that prospects are generally good. Last week was one of the good weeks for Oregon hops. Growers in need of money were contracting at 10 cents per pound.

The outlook for a good sugar beet crop grows bad as the season advances. In some localities there is disease, in others insufficient moisture. It is stated that the Anaheim growers have become so discouraged that the growers' association offers its dumps and scales for sale.

Fire destroyed two barns containing 750 tons of hay, the property of Chrisman Brothers, at San Jose, at an early hour Sunday morning. Loss, $8000; insurance, $3000. The cause of the fire is unknown.

They look like DeWitt's, but instead of the all-healing witch hazel they all contain ingredients liable to irritate the skin and cause blood poisoning. For piles, injuries and skin diseases use the original and genuine DeWitt's Witch Hazel Salve. E. A. SHERWIN.

HUNTINGTON IS DEAD.

The Railroad Magnet Dies Suddenly While Camping.

RACQUET LAKE, N. Y., Aug. 14.—C. P. Huntintong, president of the Southern Pacific Railway company, died at his camp, Pineknot, in the Adirondacks, at about midnight.

Apparently well on retiring at 11 o'clock he was taken suddenly with a choking spell, which was quite common with him, and was not thought to be serious, but he became worse.

As soon as the seriousness of the attack was realized, a messenger was dispatched to the neighboring camp of Governor Lounsberry for a doctor and he was on hand in half an hour. Mr. Huntington died without gaining consciousness, not more than three-quarters of an hour having passed between the attack and his death. Mrs. Huntington and Mr. Huntington's secretary, G. E. Miles, were at his bedside at the time of his death.

Heart trouble and apoplexy are both credited with having conduced to his death.

Mr. Huntingtons fortune is estimated at from $40,000,000 to $50,000,000.

Henley, Cal., March 20, 1899. We have used the Frue Vanner, Triumph and Wilfley concentrators. We are now using two of the Jacobs Concentrators in our mill at Henley. We consider the Jacobs Concentrator the best machine manufactured. It does the work cleaner and saves a much higher per centage of sulphurets than other machines, and we recommend it to all mining men to be the best concentrator on the market. J. O. GILLSON. W. C.
