THRIFT STAMPS and WAR SAVINGS STAMPS On Sale at Business Office, The Journal.

**Mrs. Talbert Speaks at Reed** — "The battle of this century is the battle of color," declared Mrs. Mary B. Talbert, prominent colored woman, who is visiting in Portland, in a compelling address given at Reed college Sunday afternoon. "The colored troops of America fought side by side with the whites that the world may be made safe for mankind. Now the black race is asking for the equality that victory in the war is making possible for the downtrodden of Europe." Mrs. Talbert's appearance at Reed Sunday was her second on the campus, she having addressed the student body at Thursday's assembly.

**Yellow Cab Service Is Reliable**—The rainy weather always adds to the number of calls on the taxicab business and when the streets are slippery it is well known that the Yellow Cab Service employs the most experienced drivers in the city. Every one of them has years of experience. The rates are the lowest in the city, 30 cents first half mile, 10 cents each additional quarter. These facts make the Yellow Cab Service the service you need. Main 59 day or night. Main 59.—Adv.

**Rotary Club Meets Tuesday** — Community service as a "great work with a place in our civic life and future possibilities," will be spoken of before the Portland Rotary club Tuesday noon, at the Benson, by J. H. Joyce, and Walter Jenkins will conduct musical features. Frank McGettigan, manager of the Orpheum, will introduce some of this week's stars from his showhouse and William O. Munsell and E. O. Dueker will make advertising talks.

**James J. Crosby** will address the Alaska society tonight at the society clubrooms, Hotel Portland, on "The Needs of Alaska." Miss Alice Johnson will give a group of songs, accompanied by Miss Mary Bullock. There will be dancing and cards for those who wish. Refreshments will be served. Any visiting Alaskans will be welcome.

**Building Activity in Vancouver**—Building operations in Vancouver during 1920 will exceed $1,000,000 officials believe. This is a flat increase of nearly 75 per cent over the most active building year in the past and an increase of 125 per cent over construction in 1919. Building permits taken out since the first of the year already total nearly $100,000.

**Packing Plant to Rise**—Construction of the big packing plant to be built at Vancouver by the Clarke County Prune Growers' association will begin April 1, according to an announcement by M. J. Newhouse, manager of the association. About $25,000 will be spent on the plant the first year, but according to present plans at the end of the year a cannery will be added and the cooperative packing advantages extended to berry growers. About 1200 acres have been entered in the Growers' corporation and less than three weeks will be required to sign up the 2000 acres necessary before the association can begin building.

**Take a Site at Troutdale**—Bissinger & Co., wool and hide dealers of Portland, have bought 12 acres of ground at Troutdale, across the railroad track from the town, and are planning to put up an extensive wool pullery plant in the spring. The site is that of the former meat packing plant and A. Shields, manager for the company, is negotiating for the wrecking of the old buildings. When the business is established the company expects to employe from 100 to 125 men.

**McDowell Made Manager**—Lloyd W. McDowell, formerly identified with the Portland Rose Festival, has been appointed manager of the advertising and publicity department of the Puyallup & Sumner Fruit Growers' Canning Co. He also will have charge of the public relations department of the company, which maintains its headquarters at Puyallup, Wash. Mr. McDowell was for a number of years identified with the Great Northern publicity department.

**Vancouver Company Promoted**—Articles of incorporation were filed at Vancouver last week by the Spirit Lake Railway & Power company with a capitalization of $350,000. Dr. Joseph Roane, C. C. Brown and James E. Rice, all of Vancouver, are the trustees.

**Portland Boy Heads Glee Club**—Due to John Medler's leaving Willamette university and thus leaving the post of president of the men's glee club vacant, an election was held to fill the vacancy. Herald Emmel of Portland, vice president, was elected to the position and the vice presidency was given to J. Fred McGrew. Other officers are: Manager, Edwin Socolofsky; secretary, Floyd McIntyre of Salem; treasurer, Lawrence Davies of Portland.

**Promotes Big Timber Deal**—Officials of the Prudential Lumber and Timber company, recently incorporated at Tacoma, were in Portland last week to interest Portland capital in a project to take over 34,000 acres with an estimated stumpage of 1,500,000,000 feet of timber located east of Castle Rock, in the Cowlitz area. Options have been closed on nearly all of the timber, which is costing $3 a thousand feet, bringing the total cost to about $4,500,000.

**Road Fund Is Proposed**—According to C. B. McColloch, bridge engineer for the state highway commission, who has just returned from Washington, where he attended a conference of delegates from Western states, Senator Chamberlain of Oregon will introduce in congress within the next few days a bill providing for an appropriation of $100,000,000 which to match state and county money for highway construction in the so-called 10 Western road states.

**Conspiracy Cases Dismissed**—Federal court cases against C. L. Byron of Portland and E. M. Comyns of Seattle, both lawyers, charging them with conspiracy to obstruct justice by lobbying among grand jury witnesses, were dismissed at Seattle by United States District Judge Jeremiah Deterer. Two weeks ago Byron and Comyns were found guilty of using the mails to defraud claimants of government land.

**Near East Relief Workers Dine**—Executives and workers in the recent Near East relief drive will hold a social dinner in the crystal room of the Benson hotel Tuesday evening, it was announced by State Manager J. J. Handsaker today. Each attendant will pay for his own dinner, so as not to draw on the relief fund. It was reported unofficially that Oregon's quota has just been attained.

**Head Injured in Fall From Bicycle**—F. E. Dodge, a painter, fell off his bicycle this morning at Twenty-third and Marshall streets when it ran into the curb, and severely injured his head. He was taken to Good Samaritan hospital. Dodge is 49 years of age and resides at 842 East Fifteenth street north.

# WOMEN USE HEADS AS WASTE BASKETS NOW, FAY KING DECIDES

By Fay King

(Miss King is a Portland girl, whose first newspaper work was published in The Journal several years ago. She now is located in New York.)

Select secrets from shampoo salons reveal the fact that the latest hair "do" is going to look like a dame smuggling anything from pearls to coal scuttles.

The idea seems to be that dodangles shall trail down her head and scatter themselves about her ears and shoulders, and milady, sitting in a high-back chair, which gives only a view of the top of her head, may look to those who approach not unlike the waste basket left there by a careless maid—the sort one can only expect to hire these days if one wishes to expend a mere $80 or $90 a week for a dame who dusts!

What with bows, and ribbons, and combs, and beads, and what not scattered about in the crowning glory of a woman's dome, the reformers have a chance to get busy to clear the feminine head of such rubbish. But for a great many of the empty headed females I know it seems a good thing to see them acquire something in the proximity—or should I be real catty and spell it proxide-imity—of the brain, though it be only on the outside!

There is always the hope that one day they may be so enthusiastic about a new shell comb one of the prongs may penetrate the skull and set in motion the idle machinery that nature installed and forgot to start!

Curls, hanging about the ears like the receiver on a telephone, and every bit as circular, have put in an appearance, but now that fresh fruit and vegetables are to be strung in clusters over the ears many a dame will have a guy whispering sweet nothings to her—not because of her money as hitherto suspected, but for the excellent boiled New England dinner she is wearing over her ears.

# George C. Warner One of Reed College Students, Is Dead

George Calvin Warner, once a Journal carrier, died on March 1, at his home, 269 Hall street, from influenza and pneumonia. He would have been 25 years old on March 25. He is survived by his father and mother, Mr. and Mrs. J. W. Warner of Portland, Mrs. W. H. Clark, a sister, and two brothers, Harold J. and Andrew J. Warner. Funeral services were conducted Thursday from Skewes undertaking establishment and from the Fourth Presbyterian church directed by the Rev J. E. Everett, assisted by H. W. Stone, general secretary of the Portland Y. M. C. A. He was a graduate of Lincoln high school and was within one year of graduation at Monmouth college, Illinois, when he enlisted for overseas Y. M. C. A. work, serving in Mesopotamia and Afghanistan for two years, then returning to Portland, finally taking up studies at Reed college. At the time of his death he was secretary of a boys' division at the Y. M. C. A.
