AUTOMOBILES AND ACCESSORIES 44

WHY!

When it is possible to buy used cars from a most responsible dealer, from a dealer who conscientiously rebuilds his motor cars, from a dealer who takes pride in refinishing to the utmost the used cars he sells, from a dealer who is handling such a popular make of new cars that his used car trades are only accepted provided they are of the best and at a low enough price so they can be resold below their actual rebuilt value.

Why, kind reader, will anyone go to a dealer who pays long prices on trades so as to stimulate a market for his new cars. A dealer who must sell such cars in competition with other dealers and cannot therefore afford to expend money to make his offering to you an honest transaction.

WHY!
