NO "CHECKERBOARD" PLAN.

That no "checkerboard" plan will be adopted by the Department of the Interior creating forest reserves in Oregon is one of the policies announced in a letter just received by Governor Chamberlain. The letter was written by Commissioner Richards, of the General Land Office, and transmitted through Secretary of the Interior Hitchcock to William Loeb, secretary to the president, who sent a copy of it to Governor Chamberlain. This letter is one of a series that have passed between the governor and the authorities at Washington, and there is some reason to believe that the restoration to entry of a portion of the Rogue River and Warner mountain reserves last week was due in part to the letters written by Governor Chamberlain.

The reason for not adopting the "checkerboard" plan are first that the area of land in private holdings within the boundaries of the proposed permanent reserves is comparatively small, and second, that where the plan suggested has been heretofore adopted it has been found unsatisfactory.

It is also announced bp the department that where lands withdrawn from entry for forest reserve purposes are restored to entry the policy of the department is to give actual settlers preference right in the acquisition of the lands restored. The press dispatches from Washington last week reporting the restoration of the lands to entry made no mention of any rules or limitations which secure these preferences to settlers and there is nothing in the correspondence to indicate in what respect actual homeseekers will be given an advantage.

Last August Clerk G. G. Brown, of the State Land Office, wrote to the commissoner of the General Land Office, inquiring how soon the department would take final action on the proposed forests reserves in Oregon and asking to be informed at an early date as to the boundries of the permanent reserves. No satisfactory answer having been received, Governor Chamberlain wrote to President Roosevelt, complaining of the failure to get a satisfactory reply from the department and saying that the State of Oregon earnestly desired that immediate action be taken. The President took the matter up with the Federal Land Department with the result that a number of tracts in the Wallowa and Blue Mountain withdrawals are restored to entry.

Large contracts are being made in the prune belt of Oregon for dried fruit. A million pounds have been sold to be shipped from Salem, the price being about 3 cents net to the grower. It would seem as though that would be a profitable price for the dried fruit. As prunes can always be dried and are always staple, the grower is thus protected against a glutted market for the green produce.

A WONDERFUL INVENTION.

It is interesting to note that fortunes are frequently made by the invention of articles of minor importance. Many of the more popular devices are those designed to benefit people and meet popular conditions, and one of the most interesting of these thathas ever been invented is thd Dr. White Electric Comb, patented Jan. 1, '99 These wonderful Combs positively cure dandruff, hair folling out, sick and nervous headaches, and when used with Dr. White's Electric Hair Brush are positively guaranteed to make straight hair curly in 25 days time. Thousands of these electric combs have been sold in the varions cities of the Union, and the demand is constantly increasing. Our agents are rapidly becoming rich selling these combs. They positively sell on sight. Send for sample. Men's size 35c, ladies' 50c — (half price while we are introcucing them.) The Dr. White The Dr. White Electric Comb Co., Decatur, Ill.

THE NEW YORK WORLD

The tickets are now made up and the most interesting Presidential campaign the United States has ever known since 1860 has begun. And it is the most important, too.

Which will it be, Parker and Davis or Roosevelt and Fairbanks? Nobody knows yet, but The Thrice-a-Week World will tell you promptly, fully and truthfully every movement of a hot and thrilling campaign. The real newspaper now prints facts rather than hopes, and it has always been the effort of The Thrice-a-Week World to tell the thing that has happened exactly as it happened. Thus you can judge for yourself and form your opinion.

There is also a great war going on in the East, where The World has a brilliant staff of correspondents in the field, and their reports are found regularly in the columns of The Thrice-a-Week World.

The Thrice-a-Week World's regular subscription price is only $1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and The Times-Herald together one year for $2.50.

The regular subscription price of the two papers is $3.

A Manager of the Period.

Walter Kennedy wrote to the manager of a prominent theater in Connecticut, asking for his open time for a week in the following repertory: "Samson," "Othello," "Virginius" and "Damon and Pythias," and this was the answer: "Walter Kennedy—Dear Sir: I must say that I have never heard of but two of the actors you mention in your company. Samson was at the dime museum here not long ago, breaking fake chains, and Othello played here last winter at the opposition theater. They say he is a good actor, but I don't care about playing colored stars at my house, as I cater to the very best lady audiences, and then I don't think I would like a show with all men in it. I want shows with plenty of singing and dancing, soubrettes and comedians with funny gags. That's the stuff for me."—St. Louis Globe-Democrat.
