AT THE COVEY MOTOR CAR COMPANY PLANT

Does it not seem reasonable to you that a firm handling a popular make of car is in a much better position to select its trade in business than one who does not?

Representing a well built car of good reputation and one readily purchased by the public with entire confidence, places such a dealer in the position to turn down undesirable trades and accept only the best at a figure that after rebuilding and refinishing will quickly turn these used cars over to an eager buying public.

You will find that cars accepted by us in trade on new Cadillac and Dodge Brothers' business are very desirable merchandise. Priced always in keeping with the market, these cars rebuilt and refinished offer a value far in excess of the average.

CADILLACS

At the present low scale of used car prices, you will find the actual sterling worth of the rebuilt and refinished Cadillac considerably in excess of its cost.

Being a strictly high grade motor car, reasonable mileage shows but little depreciation, and it is our firm conviction that one of these used Cadillacs holds a much higher value than any new car of equal cost.
