FOR THE FARMER.

Celebrate the Forth by planting a little more sweet corn.

The man who is governed by a good wife is well and wisely ruled.

Whistle and hoe, save as you go;

Old age won't be so dull then, you know.

Soap-suds will kill plant lice. So will tobacco extract, kerosene emulsion or whale-oil soap.

Steel tools put in a barrel of air-slaked lime will never rust. I have alway kept my spades and such tool in lime.

Now get in the rutabagas. They'll come in nice for stock feed next winter. A turned-under timothy sod will do for them.

Secrets of successful turnip growing: Have the seed bed very fine, then roll it: sow the seed soon after a rain, and cover the seed by lightly rolling the the ground.

The nick of time in spraying potatoes for blight is before the blight strikes them. It is discouraging to look out on a nice field turned black. We hope that will not be the way with yours.

Alfalfa is the great farm enricher. Those who are learning how to grow it successfully connect it in their minds with lime, and with inoculation of the field where it is sown. The field can be inoculated by spreading over it 200 pounds or more per acre of soil from a good alfalfa field, and harrowing it and the seed in together at once. Dr. E. H. Jenkins of the Connecticut Experiment Station, states that soil from a good sweet-clover field is equally able to provide the bacteria which lives in the nodules of the alfalfa roots, and which enables this plant to take the nitrogen from the air.

From July FARM JOURNAL

Happiest girl in Lincoln.

A Lincoln, Neb., girl writes, "I had been ailing for some time with chronic constipation and stomach trouble. I began taking Chamberlain's Stomach and Liver Tablets and in three days I was able to be up and got better right along. I am the proudest girl in Lincoln to find such a good medicine." For sale by all good Dealers.

A "get-together" excursion from Bend south to Klamath Falls, Lakeview, Paisley and other cities of South-Central Oregon was a pleasant event of the past week in the interior. The trip was made in automobiles from Bend and a number of Portland people, including an official of the Oregon Development League, went along. A better feeling was established and a better knowledge gained of the country visited.

Job printing—The Times-Herald

A Handsome Woman

Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have sallow skin, dull eye, blotchy complexion, who pays proper attention to her health. Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and stomach to fulfill their proper functions. So mild and gentle do they act that one hardly realizes that they have taken medicine. Chamberlain's Tablets can be relied upon to relieve biliousness, indigestion, constipation and dizziness. Sold everywhere. Price 25 cents.

FOR SALE—Two good milk cows for sale. Gentle. Inquire at this office.

Right in your busiest season when you have the least time to spare you are most likely to take diarrhoea and lose several days' time, unless you have Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand and take a dose on the first appearanse of the disease. For sale by all good Dealers.

NEW CLUBBING PROPOSITION

We have arranged to offer in connection with this paper, the new monthly farm magazine just started at Lincoln, Nebraska, by Prof. H. W. Campbell and devoted to the subject of how to farm in the dry country and how to get best results from soil tillage under normal conditions. This Paper is Campbell's Scientific Farmer and we offer it clubbed with The Times-Terald both for $2.50 per year cash. Prof. Campbells' new paper is a monthly, chock full of good things, the only paper of its kind in the world, and it embodies the results of the editor's many years of painstaking investigation of the soil tillage proposition.

Marlin

This rifle is built for settled districts, where good range and killing power are desired, with safety to the neighborhood.

The *Marlin* .25-20 is a light, quick-handling, finely-balanced repeater, with the solid top, closed-in breech and side ejection features which make *Marlin* guns safe and agreeable to use and certain in action.

It is made to use the powerful new high velocity smokeless loads with jacketed bullets as well as the well-known black powder and low pressure smokeless cartridges, and is the ideal rifle for target work, for woodchucks, geese, hawks, foxes, etc., up to 300 yards.

This rifle and ammunition, and all other *Marlin* repeaters, are fully described in our 136-page catalog. Free for 3 stamps postage.
