HARPER'S BAZAR,

ILLUSTRATED.

HARPER'S BAZAR will continue to maintain its reputation as an unequalled family journal. Its art illustrations are of the highest order, its literature is of the choicest kind, and its Fashion and Household departments are of the most practical and economical character. Its pattern sheet supplements and fashion-plates alone will save its readers ten times the cost of subscription, and its articles on decorative art, social etiquette, house-keeping, cookery, etc., make it indispensable to every household. Its bright short stories, and timely essays are among the best published; and not a line is admitted to its columns that could offend the most fastidious taste. Among the attractions of the new volume will be serial stories by MRS. FRANCIS HODGSON BURNETT, MRS. ALEXANDER, WILLIAM BLACK, and THOMAS HARDY, and a series of papers on nursery management by MRS. CHRISTINE TERHUNE HERRICK.

REPORTS OF GOVERNMENT CHEMISTS

As to Purity and Wholesomeness of the Royal Baking Powder.

"I have tested a package of Royal Baking Powder, which I purchased in the open market, and find it composed of pure and wholesome ingredients. It is a cream of tartar powder of a high degree of merit, and does not contain either alum or phosphates, or other injurious substances. E. G. LOVE, Ph.D.

"It is a scientific fact that the Royal Baking Powder is absolutely pure. The Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public. H. A. MOTT, Ph. D.

"The Royal Baking Powder is purest in quality and highest in strength of any baking powder of which I have knowledge. WM. MCMURTRIE, Ph.D.

The Royal Baking Powder received the highest award over all competitors at the Vienna World's Exposition, 1873; at the Centennial, Philadelphia, 1876; at the American Institute, New York, and at State Fairs throughout the country.

No other article of human food has ever received such high, emphatic, and universal endorsement from eminent chemists, physicians, scientists and Boards of Health all over the world.

NOTE.—The above DIAGRAM illustrates the comparative worth of various Baking Powders, as shown by Chemical Analysis and experiments made by Prof. Schedler. A pound can of each powder was taken, the total leavening power or volume in each can calculated, the result being as indicated. This practical test for worth by Prof. Schedler only proves what every observant consumer of the Royal Baking Powder knows by practical experience, that, while it costs a few cents per pound more than ordinary kinds, it is far more economical, besides affording the advantage of better work. A single trial of the Royal Baking Powder will convince any fair minded person of these facts.

* While the diagram shows some of the alum powders to be of a comparatively high degree of strength, it is not to be taken as indicating that they have any value. All alum powders, no matter how high their strength, are to be avoided as dangerous

$1.50 Weekly Examiner. $1.50

No weekly paper published in the United States containing as much or as great variety of good reading matter as THE WEEKLY EXAMINER.

The coming year promises to be crowded with stirring events.

In the United States the entrance of new issues into the political arena has been followed by a change of administration. But the great economic question on which the campaign turned is still unsettled, and discussion is now committed to a Congress almost equally divided between the two great parties.

Europe is an armed camp. Army corps patrol the frontiers, and millions of men await the signal for the most titanic war the world has ever seen.

The EXAMINER'S news-gathering machinery is unequaled. Its correspondents cover the habitable globe. Nothing can escape their vigilance, and no expense is spared in spreading the results of their efforts before the EXAMINER'S readers.

The most noted writers of fiction in the world contribute to the WEEKLY EXAMINER. Jules Verne, author of "A Trip to the Moon," etc.; Robert Louis Stevenson, author of "Treasure Island," etc.; Rider Haggard, author of "She," etc.; Anna Katharine Green, author of "The Leavenworth Case," etc., have all written stories for the WEEKLY EXAMINER, and will do so in the future.

The WEEKLY EXAMINER has established an Agricultural Department, the latter of a practical agricultural character, being earlier in the United States on agricultural subjects. This department will contain articles upon the most vexatious topics of interest to the farmer and fruit grower and horticulturist.

The EXAMINER'S Commercial News is compiled by experienced men who carefully guard the producer's interests in all market reports.
