Wentworth & Irwin, Inc.

200 Second st., cor. Taylor

19 years in business have taught us that we must look beyond the immediate sale. We expect to be selling trucks in 1925 and in 1930, as well as the intervening years. We know that we are today building the good will and reputation that we will enjoy in the future. This justifies the additional expense and extra care which goes into the overhauling and repair of the trucks we are offering for sale.

3½ ton GMC. Every unit in this truck from start to finish has been taken out and examined, repaired or replaced if necessary and the entire truck is in such condition that there is infinitely less difference between this and a new truck than the price would indicate. Price $200

1½-ton GMC, on pneumatic tires. We are overhauling this truck at the present time and it is a splendid opportunity to examine it thoroughly in every particular for yourself. The truck has never run on other than paved streets and shows very little signs of depreciation. Price $1250

1-ton GMC, pneumatic tires. This truck is equipped with seat and top and has a nearly new standard express body. This is our famous model 16 and is in every respect the same truck as the K-16 with the exception of a continental motor in place of our new sleeve motor. Price $550
