A GOOD TIME.—Last Sunday we were present at the marriage of Jas. B. Upton, Esq., of Portland to Miss Amanda Shaw, of this county, and had a very pleasant time. Mr. Upton has secured to himself a most excellent wife, and she, a good husband, and a life of happiness most assuredly awaits them. We were presented with a piece of the wedding cake to dream over. We laid it carefully under our pillow, but all that we could see in our dream was a bachelor in all his glory of single blessedness. We fear the dream was prophetic.

VOLUME IV.—This number is the beginning of volume four of the ENTERPRISE. Just before we took charge of the paper Mr. Ireland, former proprietor had put the price of subscription down to two dollars, and we concluded to finish out the volume at the same rate. But we find that two dollars per year is not enough to pay more than the cost of publication and hardly that. Therefore we are compelled to return to the old price of three dollars per year, and will endeavor to give our subscribers the worth of their money.

LOST.—Some verses, by Miss Permelia A. Hayes, addressed to Miss Amanda Shaw on the occasion of her marriage, were handed us for publication, but they have been mislaid. We regret this very much, but hope to find them and publish them hereafter.

HOMICIDE.—A telegram to the *Commercial*, from Umatilla, says that at Boise City on the 6th inst., Theodore Burmester shot and killed R. B. Morford, of Umatilla.—What the provocation was, if any, is not stated.

OREGON CITY WOOLEN MILLS.—The Oregon City Woolen Mills, in the award of Premiums at the late Industrial Fair at San Francisco, obtained the silver medal for the best samples of Cassimers. Good.

KEEP YOUR PAPER.—We would suggest to our subscribers the propriety of filing the No's of the *Enterprise* which contains the County Court proceedings, as there are many items in such proceedings that will be the subject of comment hereafter.

NEW OFFICES.—By reference to the County Court Proceedings in to-day's paper, it will be seen that the County Court has created two new offices—that of Coroner's Clerk and Clerk of Road Viewers: for the Court has allowed James A. Smith $1 for making out report for Road Viewers, and $2 50 for acting as Coroner's Clerk in the inquest held on the body of Thomas M. Barry.

The Coroner and the Road Viewers get all the law allows; and we would respectfully suggest that, if such officers desire clerks, they pay them out of their own pockets, and not out of the County funds.

NEW YORK, Nov. 10.—The failure of White, Heath & Co., woolen dealers, is announced. A large firm is also reported as suspended, and there are rumors of a tumble in a large banking house.

We understand that at the closing exercises the Rev'ds Messrs. Sellwood and Gerry, addressed the pupils in a few very appropriate remarks, and hope that the scholars of our city school will duly weigh the thoughts presented and maxims enforced by the Reverened Gentlemen.

We had intended to publish, this week the proceedings of the Circuit Court, but they are unavoidably crowded out.

MARRIED.

At the residence of the bride's parents in Clackamas county, Nov. 7, by Rev. E GERRY, Mr. JAMES B. UPTON, of Portland, and Miss AMANDA SHAW.

At the residence of the bride's father near Oregon City, on the seventh of Nov. 1869 by Rev. C. W. Todd, Mr. GEO. W. PULLEN to Miss JANE RINEARSON.

A VOICE FROM THE MINES.

The miners of California are a straight forward and outspoken-class. What they think, they say, and what they say is always to the point. If there is anything they particularly detest, it is humbug.—When, therefore, they endorse, in the most enthusiastic language, the merits of HOSTETTER'S STOMACH BITTERS as a preventive of the intermittent and remittent fevers prevalent in the gold regions in the Spring and Fall, and as a means of strengthening, cheering, and sustaining them at all seasons in the prosecution of their arduous labors, it may be taken for granted that they speak from experience, and that their testimony is prompted by a grateful remembrance of the benefit they have derived from the preparation. During the past year, upwards of ONE THOUSAND LETTERS have been received from gold-diggers, employees in quartz crushing mills, &c., &c., dated from every portion of the Pacific gold region, and they all tell the same simple story of sickness averted or cured by this potent prosective and restorative. From districts where the water and air are inimical to health and life, come the most cheering accounts of the improved physical condition of the inhabitants, consequent upon the general use of the famous vegetable tonic and alterative. Epidemic diarrhœa and dysentery, bilious and gastric fevers, fever and ague, and scorbutic diseases, are stated to be *literally disappearing* in the localities where it has become a staple. Malaria appears to have no effect upon systems toned, regulated and reinforced by HOSTETTER'S BITTERS. In all the cities and towns of California they are rapidly displacing the adulterated stimulants heretofore used as medicines, and now, like an echo of the praise accorded to the article in the densely populated localities of the State, comes back this emphatic and enthusiastic voice of approval from every segment of the golden circle of the Pacific Territories.
