TOWN AND COUNTY.

PICNIC.—The Sabbath Schools of this city and Canemah have joined in a picnic excursion with the various Sunday Schools of Portland, to take place to-day (Saturday.) The Portland schools will come up to Judge Matlock's place, about five miles below here, where the schools from this place will join them. All who desire to go are requested to go to the M. E. Church at 9 o'clock, from whence they will start to the depot. The cars leave at 10 o'clock. A pleasant time is expected.

STOLEN.—Last Friday Mr. Chas. Catting entrusted to a man the sum of $80 to deliver to a person about eight miles from here. But the fellow thought it a good chance to make a raise, and neither him nor the money has been seen since. He lately, so he said, worked at a grist mill on Tualatin Plains; is a small man, weighing about 135, large blue eyes, and weak voice. Any person that will apprehend him can get the money he stole, as a reward.

PERSONALS.—We have been favored with calls during the week by Col. J. H. Reed, of Portland, W. H. Watkinds, business manager of the Salem *Press*, ex-Governor Curry, of this county, and Hon. B. F. Burch, of Polk county. These gentlemen all speak very favorable of the prospects for the Democracy in their respective localities.

ELECTION OF OFFICERS.—At the annual election of the Oregon City Woolen Mills the following gentlemen were elected Directors: W. S. Ladd, R. Jacob, L. White, I. Jacob, Isam White. Officers: R. Jacob, President; L. White, Vice President; W. S. Ladd, Treasurer; Wm. E. Howell, Secretary.

TO REOPEN.—James Sellwood's select school will reopen for the second quarter of the term on Monday next. We are pleased to learn that the prospects for the second quarter are better than the first. He is an excellent teacher, and we feel satisfied that all will receive full consideration that may attend.

REAL ESTATE JOURNAL.—We have received the first and second numbers of a paper by the above title, issued in Portland, by Messrs. Stitzel & Upton. It is full of valuable information to persons arriving in Oregon or desiring to come here. It will be sent free to any person outside of Oregon, or furnished to subscribers in this State for $1 per annum.

IT WILL BE DONE.—There is a report, and no sensible man will doubt its truth, that Ben. Holladay and Williams propose to discharge all the white men now at work on the railroad to make room for the Chinese, immediately after the election. White men, he is using you for a tool.

EXCURSION.—A train of three cars passed through our city yesterday, containing the scholars of the Sisters' School of Portland, who were taking a picnic and railroad excursion.

SPEAKING.—R. E. Bybee, Esq., Democratic candidate for Prosecuting Attorney, and A. C. Gibbs, opposing candidate, will speak at the Court House this (Friday) evening. Turn out and hear them.

PREMIUM LIST.—We have received the premium list for the Oregon State Fair to be held at Salem, October, 1870. A liberal change has been made in the award of premiums.

We will attend to our Butteville correspondent next week.

MEETS.—The Grand Lodge of I. O. O. F. of Oregon meets in Portland next Tuesday.

A MISERABLE DODGE.—Jo. Wilson and the Negro-Chinese-Mongrel sheets hold out the idea that Mr. Patterson, the Democratic candidate for printer, is responsible for what the *Herald* says editorially. Judging from Wilson's speech, we think he makes the charge innocently as he don't know any better; but the Mongrel editors ought to know that a business manager of paper is not morally held responsible for the utterances of the editor. If he were, Scott, of the *Oregonian*, would have long since everlastingly damned his owner. The fact is, that neither Mr. Patterson nor Mr. Pittock have any more to do with the editorial columns than the compositors who set up the manuscript furnished them. It is another dodge at deception and lying.

Sam. Clarke, the editor of the Salem *Statesman*, speaks of the six voters from Polk county, which he accompanied to Portland last week to deliver to St. John, as the six "roughs." We recognize most of the names attached to the affidavits which we publish on our first page, and where these young men are known, their words would be good where it would require an oath from the editor of the *Statesman*, and then considerable allowance would be made by those who know him.

GOOD THING TO BE A DEMOCRAT.—The Radicals are employing none but Democrats on the public works at present. They do this to get them out of doubtful counties, and also in the hope of being able to make them vote the Radical ticket. Radicals who had aided to elevate these scoundrels to power, see now that they are even deprived of the privilege of working on the public works, and consequently are forsaking the party of false promises.

CROPS IN CALIFORNIA.—A dispatch from San Francisco has the following in relation to the crops in parts of that State:

Gentlemen from Antioch last night say that on the right bank of the San Joaquin, from that point to Visalia, the crops are entirely perishing from drouth, and the majority of the farmers will not even be able to make hay from their grain fields.

STATE NEWS.

PORTLAND.

[From the Daily Herald.]

Chas. Bain, who was arrested a short time since on the suspicion of having murdered his partner, at Astoria, has been discharged from custody. The supposed dead man made his appearance, and, of course, the charge against Bain was dismissed.

A young son of Ed. Chambreau had his arm broken while engaged in playing last Saturday afternoon.

We have from time to time warned our citizens that there was a great deal of counterfeit coin in circulation in and around this city. Our warnings have been disregarded, and as a consequence we hear most every day of some one being "taken in." The execution of these counterfeits is in some cases good, while in others the work is very inferior.

The bark Almatia brought up, on her last trip, a large quantity of material for the Salem Gas Works. From present indications, our friends will soon enjoy the luxury of having their city lighted by gas.

Dr. Loryea, while in the Eastern States, purchased a Hambletonian horse full brother to the celebrated trotter Dexter. The animal is on his way out here and will shortly arrive.

The Odd Fellows have negotiated upon a mortgage upon their building a loan of twenty thousand dollars from the bank of British Columbia. The money will be expended in finishing the exterior of the building.

From a gentleman recently from San Francisco we learn that it is the intention to form several parties to make an excursion trip to this State during the coming summer. A large number of persons will visit this coast the present year from the Eastern States, and quite a number of them will visit this State before they return home. Our citizens should exert themselves to make their visitors' stay as pleasant as possible.

The members of the Fifteenth Amendment Club represent that the Radical politicians are endeavoring to have the words "irrespective of party" stricken from the Constitution of the Club. Quite a large number of the dark members object, but the white Radicals threaten to withdraw if the words are retained. Gentlemen, give the poor black a chance.

We learn that the heavy trestle work bridge on the West side road, about two miles from the city, has fallen in. The late rains had washed away the earth on either side and the bridge gave way. The damage is considerable.

The rumor reached us yesterday that one of the conductors of the railroad on the East Side Railroad had been severely injured by being jammed between two cars. Upon repairing to East Portland we ascertained the fact that Chas. Adams, a conductor on the road, had broken his leg by jumping from the locomotive. Mr. Adams was conveyed to the residence of Mr. Burke, and medical assistance being sent for the fractured limb was set.

[From the Oregonian.]

Our city has presented a very lively appearance during this month. A great many strangers have been in the city, and business of all kinds has been good. Real estate has changed owners, and several new comers have purchased with the view of locating. Scores of letters have been received by citizens from various portions of the East and West, the writers stating many persons are preparing to visit our State. The immigration will not be as large this spring as it will next fall, still we expect a lively immigration of an energetic and thrifty class of people. To such, we say come. We have an abundance of cheap lands, rich soil and a fine climate, as well as everything else that go to make people prosperous and contented. We say to all, do not wait but come now, and assist those here in developing the resources of this great State.

SALEM.

From the Daily Press.

We learn that Judge Walling, an old and esteemed citizen of Polk county, met with a severe if not fatal accident yesterday. He was at work on the road with his team, which ran away. Our informant thinks it not possible for him to survive. He has since died.

From the Statesman.

Mr. C. P. Church, of Oregon City, is at present in Salem, making preliminary inquiries concerning a project to furnish the city with water. Mr. Church represents capitalists who are willing to invest $50,000 or $75,000 in this undertaking, if they can see a prospect of it paying bare expenses at first. This is a matter in which every one is more or less interested.

By private dispatch we learn that Jos. Hunt, of Corvallis, lost his brewery on Wednesday night by fire. Loss, $4 000; insured by the Pacific for $3,800.

Rev. Mr. Wilbur has been reinstated as Indian Agent at the Yakima Agency.

The sugar, tea and coffee, consumed in the United States in 1868, paid, in duties $64,910,589.—*Ex.*

So much for Jo. Wilson's assertion that the poor people are not taxed. It is true that the high tariff on these articles has put them beyond the reach of the poorer classes, but when we speak of the poor people of this country, we mean all who labor, and who constitute the bone and sinew of the country. With this high tariff, the actual consumers of these necessaries of life, had to pay at least five dollars per head taxes, indirectly, on these articles alone to the General Government. A family of six person, would thus pay $30 per year—a month's wages for a poor laboring man, while the taxes on these articles are no greater to the man worth a half a million dollars. Yet the Radicals tell us we are paying no taxes. Eight years ago, coffee was worth from 14 to 18 cents per pound; now it is worth from 28 to 35, and this increase is simply the tax upon it. There is scarcely anyother article of consumption but what is taxed in this same proportion. Take, for instance, matches; when you purchase twenty-five cent's worth, you have to pay for twelve cent's worth of stamps on the package—just one-half their value. This holds good on nearly every article that necessity requires us to use. In the face of these facts, Jo. Wilson, the Radical-Chinese-negro candidate, stood up in the presence of an intelligent audience in this city last Friday night and told the laboring people that they paid no taxes, but that the rich man was the party who paid them.

THE DIFFERENCE.—Ben. Holladay, the man who has purchased the Radical candidates for the Legislature, employs none but Radicals on his railroad; the Radical custom house builders employ none but Democrats. One is on the importing plan and the other on the exporting. They work in harmony with each other. If these scoundrels had not the almighty dollar to hold them together, what an interesting exposition of rascality we could get from them on each other. Rogues will fall out, and then look out for fun.

Don't fail to Read.

We call the attention of our readers to the affidavits published on our first page, taken from the *Press*. If these statements are not enough to digust honest men, they are past hope. The oath of these young men is certainly better than the assertion of any interested Radical. Read them and pass them around to your neighbors.

NOTHING OF IMPORTANCE.—The news by telegraph this week has been very unimportant.

Persons of either sex easily earn from 50c. to $5 per evening and a proportional sum by devoting their whole time to the business business. Boys and girls earn nearly as much as men. One of the Celebrated Physicians of Portland, says he is cured of the Lung and Liver complaint, and that he owes his life to Dr. Murray's Lung and Liver Balsam. Read what he says:

PORTLAND, May 21, 1869.

—I have tried Dr. J. W. Murray's Lung and Liver Balsam. I used it in my family with the best of success. I was sick for some months, and used every remedy. I called several physicians, but they did me no good. I exhausted every remedy known to the medical profession, and received no benefit. This Lung and Liver Balsam cured me, and I do not hesitate to recommend it to the public and my friends, as a good and safe remedy. Those who know me, as many do in this State, know that I would not recommend them to use a thing that has no merit, because I am opposed to quack remedies.
