TOWN AND COUNTY.

THE FOURTH IN OREGON CITY.—The Fourth of July was most gloriously celebrated in this city last Tuesday, and everything passed off to the entire satisfaction of all who participated. At 10 o'clock the procession was formed at the corner of Main and Eight streets, in the following order: Grand Marshal, W. P. Burns, Esq., with Messrs. S. D. Pope, and A. F. Forbes as aids: national colors, Brass Band, Officers of the Day, Mayor and City Council, Chief Engineer of the Fire Department, Fountain Hose Company No. 1, Cataract Hose Company No. 2, Columbia Hook & Ladder Company No. 1, Liberty Car containing thirty-seven beautiful little girls with banners representing the different States of the Union, drawn by four grey horses, which was the great feature of the procession. We doubt whether an equal number of as beautiful young misses can be found in any town in Oregon or elsewhere. The car was trimmed by A. White and it was most artistically done for which he deserves credit. The Fire Companies presented a very good appearance, with their handsomely decorated carts and truck. The Hook & Ladder Company were dressed in their new uniform, and certainly looked well enough to reflect credit on our city. The procession then marched up Main street to the corner of First and then counter marched to the arbor by the Catholic church, which had been erected for the occasion, and a better and more convenient place could not have been found in the State. The breeze off the river made it comfortable and cool, and long after the exercises were ended, the people resorted to the arbor for a cool retreat. The following order of exercises were had when the procession reached the arbor: Music by the Oregon City Brass Band; Introduction of the President of the Day, Col. W. L. White; Singing by the Glee Club; Prayer by the Chaplain; Music by the Band; Reading of the Declaration of Independence; Singing by the Glee Club; Oration; Music by the Band; Singing by the Glee Club. The prayer offered up by the Chaplain, Rev. J. R. W. Sellwood, of Milwaukie, was very appropriate; the singing, under the leadership of Rev. J. R. Sellwood, was most excellent, and showed that we have good musical talent in our city. Chas. E. Warren, Esq., read the Declaration in a clear and distinct manner. The oration by Hon. J. F. Caples, of Portland, was a rich treat to our citizens. He spoke for near an hour, reviewing the history of the world in a concise and distinct manner, and brought himself down to our own country's history in such a comprehensive style and eloquent language, that he inspired the spirit of our patrotic ancestors in the hearts and minds of his hearers. His oration was entirely historic, and destitute of anything which could have given offence to any one present. He was frequently interrupted with applause and at the close of the oration, the President of the Day proposed three cheers for our country and three cheers for the Orator of the Day, which was responded to in a hearty and spirited style by the large assemblage. It was the best oration which it has been our fortune to listen to for the past ten years, and which will give the author a foremost rank in this State. We heard a number of citizens declare it to be the best oration that they had ever listened to. The celebration was a success in every point, and did much to heal those feelings of hatred which had been engendered by partizan and political stump orators on such occasions. We feel, in common with all our citizens proud of the occasion, and hope that the spirit which manifested itself on Tuesday last may long be cherished by every citizen of our county. Among the persons who were invited to take seats on the stand, we noticed Senator Kelly, C. Bills, Esq., S. C. Silvers, Esq., of Portland, John Fleming, Esq., Mayor Charman and the officers of the Day. Space prevents us from giving as much attention to the celebration as we had desired, and will close by saying that it was an occasion that will ever be remembered by our citizens with pride. All deserve credit who had anything to do with managing the affair, and they will have the consolation for their labor that it was a success. There were about 2,000 persons present, many from Portland.

COULDN'T COME.—We learn that some sixty couples crossed the river at Portland on the fourth, expecting to come up here by railroad, but found there was no train there to bring them. They offered double fare to be allowed to come up on the chartered car but the "powers that were," would not entertain their petition. The people of Oregon City, we hope will hereafter remember their friends and bestow their patronage on those who so willingly accommodated those who came up on the boat. We suppose if there were any more subsidies to be given by our citizens, the Railroad Company would have been kind enough to put on an extra train for the occasion. People will hereafter not place their dependence in railroads. They are uncertain things.

PATENT.—Mr. T. M. McCarver, of this city, has been allowed a patent on his window sash fastening invention. It is a very simple thing and one which will certainly supersede all other window fastenings. The window can be raised or lowered, and whenever the spring catches, there the window must remain. We are informed that the fastenings can be made cheaper than any now in use, and where they will be superior and supplied cheaper this invention cannot fail to come into general favor. We congratulate our friend on his inventive proclivities, and hope he may recieve a just reward for his labor.

FINANCES OF THE FOURTH.—We are unable to publish an official account of the receipts and expenditures this week on account of the Fourth. There was subscribed $418. The amount of the bills audited by the committee and paid at their meeting last Wednesday, was $368, leaving a balance on hand of $50, which was donated by a vote of the committee to the Fire Department. We shall publish next week an official statement from the Treasurer of the committee.

FIREMEN'S BALL.—The ball given by the Firemen of this city last Tuesday evening was the grandest affair that has taken place in this city for a long time. There were present fifty couple, consisting of the beauty and fashion of our city. The music was splendid and all enjoyed themselves highly. The occasion will long be remembered by our ball going people with pleasure.

The sunset salutes was omitted owing to the effect the discharges had on Miss Mary Hedges, daughter of Captain Hedges who is lying very low and not expected to live. The people of this county will regret to hear that she is failing so rapidly and no hopes are entertained for her recovery. She has been confined to her bed for over five years, and is universally beloved by all who know her.

GENEROUS.—The P. T. Company dispatched a boat last Tuesday exclusively for the accommodation of people who desired to attend the celebration at this place at half fare.

HIGH OATS.—W. P. Partlow, Esq., left at our office yesterday two bunches of common oats the stalks of which measured about six feet, well filled out. He says he has plenty of the same sort. He also left a limb of cherries, measuring about three feet, off of which our devil and all his friends, and ours, have been eating ever since, and they are not all gone yet.

Following is the amount of money order business transacted at Oregon City for six months ending June 30, 1871:

Total No. orders issued	384
Amount for orders	$5527 64
Fees for the same	48 60
Total No. orders paid	161
Amount paid	5798 53

J. M. BACON, P. M.

THANKS.—Mrs Henriette Kelly desires us to return her thanks to the people of this place, and especially to the members of Columbia Hook and Ladder Company, for their liberal patronage at her ice cream stand on the 4th inst.

ELECTED.—The following gentlemen were elected officers of Oregon Lodge No. 3, I. O. O. F., on the 29th ult., for the ensuing year: N. G., A. Levy; V. G., S. D. Pope; R. S., A. C. Bailey; Treasurer, Jacob Wortman.

CIRCUS.—Mile. Jeal & Co's grand combination circus will exhibit in this city next Monday evening. This is said to be a first class circus and their performances are new and interesting.

COUNTY COURT.—The County Court has been in session during the week, but owing to the late hour at which it adjourned, we are compelled to delay the proceedings until next week.

PERSONAL.—We received a call yesterday from our old friend Gus. Schwatka, of Salem. He has somewhat increased in proportions and looks as though his stay in Idaho was beneficial to his growth.

THANKS.—At a meeting of Cataract Hose Co. No. 2, held the 5th day of July 1871, the following resolution was unanimously adopted.

Resolved, That the thanks of this Company are most respectfully tendered to the young ladies who so kindly assisted us in the decoration of our hose cart on the evening of July 3d, also to Mr. Geo. A. Huss for favors shown our Company.

Attest. WALTER S. MOSS, Secretary.

ORDERLY.—There was not a single case of disturbance in our city on the Fourth. This is creditable to the town.

Those who desire a good article to restore gray hair to its youthful color, we would recommend to purchase Hall's Vegetable Sicilian Hair Renewer, a most excellent and valuable preparation. Sold by all Druggists.

Of a far Higher Class than any other proprietary medicine of the day stands

Tarrant's Effervescent Seltzer Aperient.

And for this reason: it is an exact counterpart of one of the most valuable medicines in the world. We refer to the great Seltzer Spring of Germany, to which thousands of the dyspeptic, the bilious, the rheumatic, and the victims of venal diseases resort annually, and return to their homes convalescent or cured. The Aperient is one of the first, and by far the most successful of all the efforts made to reproduce, in a portable form, the popular mineral waters. Ask for Tarrant's and take no other.

TO STOCK DROVERS.

THE ROAD ACROSS THE CASCADE Mountains, known as the "Old Emigrant Road," is now completed in order for the accommodation of the travelling public. The bridges on the road have all been thoroughly repaired, and stock drovers will have no trouble in crossing the mountains by this route. There is plenty of good grass and water on this route, and the distance across is only 50 miles, being the shortest as well as the best road across the Cascades. Stock drovers and emigrants will find it to their advantage to travel over this road. Tolls reasonable.

The "PAIN KILLER" may justly be styled the great medicine of the world, for there is no region of the globe into which it has not found its way, and been largely used and highly prized. Moreover, there is no clime to which it has not yet to be welcomed for the cure of a considerable quantity of disease; it is a speedy and safe remedy for burns, scalds, cuts, bruises, wounds and various other injuries, as well as for dysentery, diarrhœa and bowel complaints generally, it is equally suited for every class of men on the face of the globe.

It is a very significant fact, that notwithstanding the long period of years that the "PAIN KILLER" has been before the world, it has never lost one whit of its popularity, but, on the contrary, the call for it has steadily increased from its first discovery, and at no previous time has the demand for it been so great, or the quantity made been so large, as it is to-day.

Another significant fact is, that nowhere has the Pain Killer ever been in higher repute, or been more generally used by families and individuals, than it has been here at home, where it was first discovered and introduced. That the Pain Killer will continue to be, what we have styled it, THE GREAT MEDICINE OF THE WORLD, there cannot be the shadow of a doubt.—*Providence Advertiser.*

Multnomah Lodge No. 1 A. F. and A. M.—Holds its regular communications on the *First and Third Saturday* in each month, at 7 o'clock from the 20th of September to the 20th of March, and 7½ o'clock from the 20th of March to the 20th of September. Brethren in good standing are invited to attend.

Dec. 23, 1870. By order of W. M.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

℞ No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. *Prevention* is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in bilious districts, where FEVER AND AGUE prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral; consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail.

Ayer's Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.
