BEAUTIFYING THE HOME WITH PAINTS AND FINISHES

It is really remarkable what transformations may be made now-a-days, with paints and finishes. McBratney-McNulty company are showing this week in the center of their window a beautifully finished panel showing results that can be easily secured by anyone over old painted surfaces or on old bare wood. It is one of the handsomest and most practical displays we have seen and reflects great credit both to McBratney-McNulty company and to Acme Quality Paints and Finishes. The extensive newspaper advertising being done by McBratney-McNulty company in behalf of Acme Quality goods is producing excellent results.

Kill Disease Before It Reaches Its Victim

Remove Causes of Human Misery

By Dr. CHARLES W. ELIOT, President Emeritus of Harvard University

THE medical practitioner of the future will be one who prevented disease rather than cured it. More than half the physicians of the country eventually will be engaged in PREVENTIVE RATHER THAN CURATIVE MEDICINE.

PREVENTIVE MEDICINE IS CAPABLE OF REMOVING THOSE CAUSES OF HUMAN MISERY, POVERTY AND SORROW, WHICH LEAD TO INTERNAL REBELLION AND DISORDER AND, AMONG NATIONS, TO WAR AND STRIFE.

The Chinese people have been through every form of misery which a despotic tyranny, ravaging diseases, destructive floods, can bring to mankind. As a result there have been strife and rebellion. They have taken the sword as the only remedy for misery and death. Out of such conditions PREVENTIVE MEDICINE IS CAPABLE OF LIFTING THEM.

One of the most irritating things in international relations is the strife that arises out of the distribution of population. Preventive medicine is MAKING SAFER THE IMMIGRATION OF PEOPLES.

Our achievements in the Panama canal zone have made safer future migrations to tropical countries.

Make Opportunities on the Farm Equal Those of the City

By HENRY J. WATERS, President of the Kansas State Agricultural College

THE call of the city always has been answered by the brightest and best of the young men and women on the farms. THE WEAKER ARE LEFT BEHIND as a general rule.

Is there a stockman or farmer in the country who would expect to keep up the standard of his herds, flocks or crops if he persistently sold off the best he produced and kept as parents or seed the poorest or the most unfit?

TO RETAIN A FAIR SHARE OF THE BEST STOCK OF BOYS AND GIRLS ON THE FARM IT WILL BE NECESSARY TO EQUALIZE THE OPPORTUNITIES OF THE FARM AND CITY. WE MUST MAKE THE CHANCES FOR SUCCESS—CONSPICUOUS SUCCESS—AS LARGE IN ONE PLACE AS IN THE OTHER.

We must MAKE FARMING MORE PROFITABLE. The intelligence of the people on the farm in any country finally is directly related to the income derived from the business as compared with the income derived from other occupations.

PEOPLE WILL STAY ON THE FARMS IF THE OPPORTUNITIES ARE AS GOOD IN AGRICULTURE AS IN OTHER LINES. IF THEY ARE NOT, THE INTELLIGENT AND AMBITIOUS WILL LEAVE THE FARM.
