Good Cherry Tonnage Is Yielded on Chapman Farm

Sixty tons of chrries from a little more than 20 acres is the pleasing record this season of Captain J. R. Chapman, who lives about two miles west of Salem on the Oak Grove road and he would have saved more than that only for the rain that caused some of them to split and spoil.

But that is not all of Mr. Chapman's fruit crop by any means. He has 10 acres of apples, ten acres of prunes and 10 acres of English walnuts, all well loaded and coming on in due course. This is a typical planting for prosperity—four varieties of fruit coming along without rushing each other and with no possibility of failure that will affect all or half of them at the same time.

Captain Chapman will make a nice bank roll this year and he is entitled to it, as he has put in a large investment of money and time to make a desirable home, which is now making good returns.

Minnesota People Form Organization in Salem

The desire for social gatherings and promotion of friendship impelled a group of former Minnesotans to organize a club under the caption of "The Minnesota Club of Salem, Ore." It is the plan of the organization to hold picnics, the first to take place sometime next month.

The following officers were elected at the meeting held Wednesday night: Rev. Leland W. Porter, president; B. A. Shaver, secretary-treasurer, Mrs. C. M. Logan, Mrs. B. A. Shaver and C. M. Stenberg, to serve on the executive committee for the year.

Complete organization of the club was not effected at the meeting Wednesday night, and another meeting for that purpose is scheduled for August 4. The club extends an invitation to all former Minnesotans who may desire to join the new organization to be present at the meeting next Wednesday, which will be held in the Commercial club rooms.

HUNDRED CARS DAILY PROMISE OF S. P. ROAD

McNary and Oregon Terminal Committee Succeed in Bringing Results

SITUATION IS ACUTE

Willamette Valley Shippers Particularly Distressed by Shortage

A combination of efforts by the Portland terminal committee and Senator Charles L. Mcary has caused the office of the general manager of the Southern Pacific company to notify the Oregon Terminal committee that the railroad company will begin at once the delivery of 100 empty freight cars daily north of Ashland. The letter adds that the number may be increased to 150.

Fred G. Buchtel, chairman of the public service commission and who is a member of the terminal committee, said yesterday that this movement will go a long way toward alleviating the distressing conditions under which Willamette valley shippers have been for several months.

McNary Sends Wire.

United States Senator McNary telegraphed Clyde B. Aitchison of the interstate commerce commission, asking him to give personal attention to the car shortage situation in Oregon. Shortage is now acute, and Willamette valley shippers particularly are in distress. Senator McNary telegraphed Mr. Aitchison as follows:

"Car shortage conditions are unusually acute, causing lumber and other industries irreparable injury, particularly throughout Willamette valley points. The terminal committee, G. B. Winter, your representative, chairman, is accomplishing excellent results insofar as elimination of congestion and expediting movement at Portland terminal is concerned, but remedy, it appears, must be applied throughout points east to adequately relieve conditions. Will you not give the Oregon situation personal attention, considering the issuance of such mandatory orders as will augment the supply of empties on Southern Pacific lines north of Ashland to at least 100 cars daily. I have been supplied information to the effect that California points are experiencing very little if any shortage, which savors of discrimination if true."

Thirty-Five Babies Are Examined at Clinic Test

At the clinic held yesterday afternoon 35 babies were examined by the Marion County Children's bureau at the Commercial club. It was marked by the surprising things revealed to the mothers about the conditions of their children. The bureau has been fortunate in securing the aid of an expert nurse from the east who is spending the summer in Salem and who is giving her time at each clinic. The physicians who made the clinic possible yesterday by giving their services were Dr. Frank Brown, Dr. J. H. Garnjobst, Dr. C. A. Downs, Dr. Will Mott and Dr. R. E. Pomeroy, and the dentists were Dr. B .F. Pound, Dr. F. L. Utter and Dr. O. A. Olson.

Two Dogs Are Stolen From Sears Premises

"Some one stole my dog and pup." Such a report was received at the police station yesterday morning. F. W. Sears made the complaint to the authorities. He stated that his Collie shepherd dog and a month-old pup were stolen while they were tied up in his yard.

Mr. Sears suspects that some one in an automobile made away with his canine pets. He said that a car was heard to drive near his yard, and that a commotion was heard in the dog kennel. Later he missed the animals.

Ralph Wilson to Leave for Annapolis Saturday

Ralph E. Wilson, son of Mr. and Mrs. W. E. Wilson of 1156 Court street, leaves Saturday morning for Annapolis, Md., where he will enter the United States naval academy. He was one of the successful candidates who took the examination in June and was appointed by Representative Hawley.

He is a graduate of the Salem high school in the class of 1920.

Double-Deck Rate Is Sought by Shippers

The Portland Livestock exchange, the Western Oregon Livestock Men's league and the Jackson County Farmer's Co-operative exchange have joined in an application to the public service commission to have the tariffs of the Southern Pacific company amended so that shippers may be granted a double-deck rate when single-deck cars are furnished for livestock shipments in lieu of double-decked cars. It is said the Southern Pacific has comparatively few double-decked cars.
