

38 Candidates are Now in the Field Young and Old Have Entered the Race

As prophesied in our opening announcement the candidates are not confined to any one sex nor does there seem to be any age limit in either direction. It is difficult to tell who displays the most enthusiasm; the young folks or their usually more deliberate elders. When the door opens with a rush, we know it is an excited candidate with inquiries concerning the contest. We are at a loss, however, whether to look up to see the tall angular form of neighbor John Jones filling the doorway or to look down at a blue-eyed curly haired tot who lisps, "Pleath thir, how many votes for a thubscription?"

The list of candidates this week really does not tell anything about the race. The contest is so young yet and has so long to run that the votes cast the first week form merely a stepping stone. Undoubtedly this is true, but it should not lead anyone desiring to become a candidate to linger; neither should it encourage the candidates already entered to put off work in earnest. It should be remembered that constant dripping will wear away stone and also that the steady, consistent, systematic worker will have the best chance of winning. The old maxim that "A rolling stone gathers no moss," is reversed in a contest, for here it is the rolling stone gathers the most votes. A candidate who sits down and waits for her friends to do it all is extremely liable to gather moss instead of votes.

USE THE COUPONS

A nominating ballot good for 2000 votes when used to nominate a new candidate appears herein, and also a coupon good for 100 votes for any candidate already nominated. No candidate may receive credit for more than 2000 nominating votes. The weekly coupons which will appear in the issues of the Argus for a time only, will be numbered and must be cast before the next counting of votes, or they will not be credited. This fact should be remembered by all candidates and their friends. Act now! Do not hesitate. The present is the best time to enter the race. Nothing can be gained by delay. Use these coupons at the present time for it should be remembered that the nominations will close in a short time after which no candidate will be accepted unless by special arrangements with the contest manager. The weekly ballots crediting 100 votes also will not appear regularly except for a short time.

REMEMBER THE PRIZES

The prizes in this contest are of extreme durability. The first one is the splendid \$1650, fully equipped McIntyre. It will go absolutely free to some fortunate candidate.

The McIntyre is designed to appeal to motorists who want none but the best cars. It is a car that can be driven with satisfaction by the man who has driven only the highest priced cars. To realize this standard it is necessary that every part

should be as elegant as the parts of those big honest priced cars. In design, in material, in workmanship, in finish, in grace and riding quality, and in every essential it is up to the highest standard.

OTHER PRIZES

As stated in our opening announcement of this joint contest there will be other prizes given away from time to time, which prizes will go to the most energetic candidates.

LIST OF CANDIDATES

We print below a list of candidates in order of their standing at the first count. If your name or that of a friend is not included see that it is added to the list before the next count. Use the ballots printed elsewhere. A candidate may nominate himself or may be nominated by a friend, but in no case will the name of the person nominating the candidate be revealed.

BRIEF NEWS OF OREGON

Timely rains have fallen in Sherman and Gilliam counties and the crop outlook is regarded as very promising.

A new gold saving machine has been set up on the sands at Gold Beach. It will handle 150 tons in 20 hours. Those interested hope they have solved the separation problem.

The state engineer has approved applications of the Harney Valley Reclamation company to irrigate 54,000 acres. Four to six reservoirs will be required for storage purposes.

On the request of Senator Lane, the war department has ordered the seagoing dredge Chinook in commission as soon as possible, on account of the high water on the Columbia bar.

A full classification of the government land in the Metolius river valley has been started by the United States government, following the filings of many applications for homesteads in that territory.

The department of commerce has informed Senator Chamberlain that it has requested the treasury department to assign a revenue cutter to patrol the course for the Astoria Motorboat club regatta.

Ten striking linemen accused of engaging in a riot at Oswego have been bound over to the grand jury. One of them was shot in the groin and another hit with a hand axe by non-union men.

With practically no opposition, bonds have been voted at Klamath Falls to take up the outstanding warrant indebtedness. The city will be on a cash basis so soon as the bonds are sold.

A rancher from Illinois river walked out of the third story of the Gold Beach hotel while asleep, falling about 30 feet. He was picked up unconscious and badly shaken, but apparently not seriously injured.

With a large number of ledgers, journals and others books in evidence, the grand jury began an investigation into the affairs of the Roseburg National bank. The bank suspended business about a year ago.

Referendum petitions against the workmen's compensation act, the county attorney bill and the sterilization bill have been presented at the secretary of state's office for filing, and the names are being checked.

Representatives of over 60 publishing firms have appeared during the past few months before the Oregon text book commission, which will meet at Salem for the purpose of adopting text books for the schools of the state.

It is announced at Marshfield that the Southern Pacific has issued orders for two more tunnels on the Willamette Pacific line between the Siuslaw and the Umpqua, thus disproving the rumors that the line was to come in by way of Drain.

Senator Chamberlain has written to Secretary Lane informing him that according to the statements of Engineer Hapson the estimated cost of \$100 per acre for the West Umatilla extension will be the outside cost of the project, and that the first unit could be completed for \$75 an acre.

In a natural amphitheater formed by sloping hillsides, with the grass-covered hollow at their base as a stage and the blue sky overhead as a ceiling, the students of the University of Oregon will this year present Henrik Ibsen's drama, "Peer Gynt," before the visitors to the commencement exercises.

The people of Gardiner, Scottsburg and Elkton have decided to incorporate the Port of Umpqua, by a majority of 89 votes. A bond issue will be floated for the purpose of building a jetty at the mouth of the Umpqua. The proposed port will have an assessed valuation of over \$4,000,000 and contains about 650 square miles.

Officials of Milwaukie have announced that the town will proceed at once to sell the water bonds of \$20,000 authorized at the recent special election and erect a new plant, refusing to purchase the two private plants at the prices the owners demand. The bonds run 20 years and bear five per cent interest.

Full negotiations have been concluded with an English syndicate through W. J. Wilsey for the sale of part of Major L. D. Kinney's Coos bay property for \$600,000, and a deal is pending for the purchase of the remainder for \$475,000, making a total million dollar sale. The minor portion of the Kinney property which has not been purchased has a questionable title according to the owner, and when this has been settled in the courts, the English people expect to purchase the balance.

J. C. La France, accused of substituting a dead body for himself to secure insurance money, was held to the grand jury in the municipal court at Portland. The Modern Woodmen of America are the plaintiffs in this case. June 18, 1912, La France disappeared from Portland, a body being found a few days later on the Clackamas river, which body was claimed by his wife and buried. The insurance companies took up the case and had him arrested four weeks ago at Bandon, Coos county.
