# WORLD ROAMERS ARE IN SALEM

## Captain Wanderwell and Party to Present Travel Pictures Here

Captain Walter Wanderwell is in town.

Who is the captain?

You know, if you have been a reader of the magazines, for you have read of the captain—and his automobile.

The automobile is attracting a lot of attention and the captain and his party have traveled in it for a year on their world tour which is to culminate in the "Wanderwell World Tour Travelogue," a motion pcture story of Wanderwell's wanderings which will be released in 1923 upon his return to America from European travels.

With Captain Wanderwell are Nell Wanderwell, Jeanne Hanson, a correspondent, and Al Nelson, mechanic. Originally the captain started to go it alone. He isn't much more than a boy now, but he made his start back in 1812 when as a lad of 17 and a captain of Boy Scouts, he started from Posen, Poland, to walk around the world. The captain is of Polish birth. After visiting many countries the war came on and Wanderwell was drawn into the conflict. He entered the Australian army and won a captain's commission.

After the war the long journey was resumed, this time from Atlanta, Ga., and since Mrs. Wanderwell and the other members of the party have been added.

As they go the members of the party make motion pictures of the scenic places found, and these are exhibited in theaters at the different places where stops are made. Friday night of this week Wanderwell's pictures will be shown at the Bligh theatre. At the present time the party is making motion pictures of the Pacific highway and these ultimately will be known as the "Pacific Highway Travelogue" in the "Wanderwell World Tour."

The party has come north from Mexico and is on the way to Vancouver, B. C. From there a drive will be made across Canada and from the Atlantic coast the travelers will sail for Spain, or return to the United States in 1923.

Much curiosity is shown in the human skull carried in the Wanderwell automobile. In the Sonora desert the party had the misfortune to break an automobile wheel and was delayed several days while the mechanic was making a new one. When members of the party were casting about over the desert waste for some form of life, grim irony offered a human skeleton, partially buried in the sand. But the Wanderwells get souvenirs everywhere. They have the skull.

### FIRE SWEEPS VILLAGE.

OTTAWA, Ont., Aug. 4.—A fire was reported today to be sweeping through the village of Carp, in Carleton county, 29 miles west of here, threatening it with destruction. The village has a population of 300.

The fire started in a general store, burning that structure and spreading across the street to a drug store, bank and two dwelling houses, all of which were destroyed, and several other residences were reported on fire. Telegraphic communication with the town has been cut off. A special train carrying fire fighting apparatus was sent from here tonight.

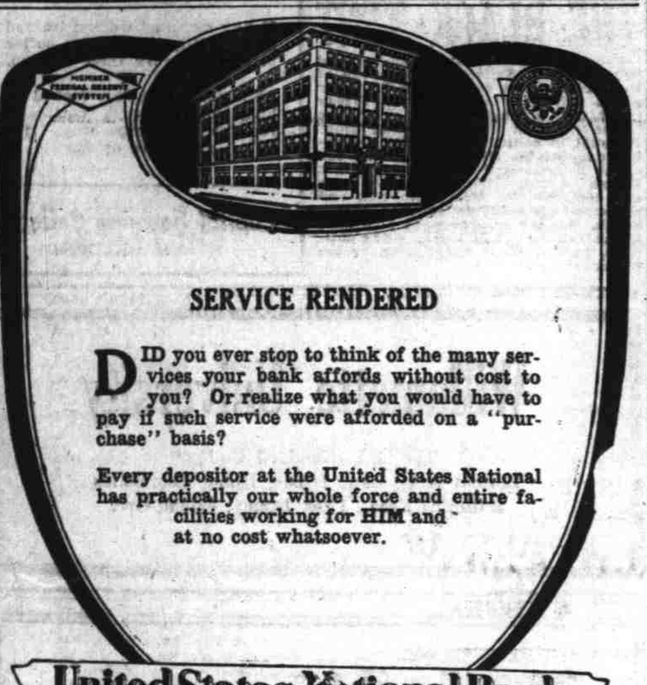
## *Franklin Roosevelt Calls at White House*

WASHINGTON, Aug. 4.—Franklin D. Roosevelt, Democratic candidate for the vice presidency, with Mrs. Roosevelt, called at the White House today and took tea with Mrs. Wilson. The vice presidential nominee, it was said, at the White House did not see the president.

Mr. Roosevelt said today he had had no conferences of a political nature since coming to Washington yesterday. He will leave late this week for Dayton to attend the notification ceremonies for Governor Cox.



SERVICE RENDERED

DID you ever stop to think of the many services your bank affords without cost to you? Or realize what you would have to pay if such service were afforded on a "purchase" basis?

Every depositor at the United States National has practically our whole force and entire facilities working for HIM and at no cost whatsoever.

# FERRIS LEADS GORE IN SCRAP

## Davis Concedes Nomination to Spenser in Missouri Primary

OKLAHOMA CITY, Okla., Aug. 5.—According to complete returns from 2111 precincts out of the 2708 in the state, compiled by the Daily Oklahoman early this morning, the lead of Representative Scott Ferris, candidate for the Democratic senatorial nomination over Senator Gore has been reduced to 25,000 votes.

The vote already reported is the heaviest ever polled in a Democratic primary in Oklahoma.

Gore headquarters refused to concede defeat.

Only three counties have not reported any returns.

Returns from a score of counties on the Republican senatorial race show J. W. Harreld of Oklahoma City is leading with 6409; J. B. Cullison of Enid is second with 3171.

ST. LOUIS, Aug. 4.—The renomination of Selden P. Spencer as Republican candidate for senator tonight was conceded by the local organization that has been promoting the candidacy of Dwight F. Davis, who, with Senator Spencer, led a three-man contest.

The announcement came from the Davis organization in a formal statement when, it was said, returns from the rural districts showed that Senator Spencer was far outdistancing both Davis and James L. Minnis.

Complete and partial unofficial returns from 56 counties in the state, and including St. Louis, give Davis 55,125 and Spencer 55,461, according to a tabulation by the Globe-Democrat. This, however, included the majority approximating 14,000 which it was indicated Davis rolled up in St. Louis.

The Globe Democrat, an independent Republican paper, states indications are that Senator Spencer has carried more than 100 counties out in the state.

Breckinridge Long, candidate for the Democratic senatorial nomination, also is gaining steadily in the rural districts, it is indicated.

TOPEKA, Kan., Aug. 4.—Returns late tonight from 60 counties, including approximately 1200 out of 2488 precincts, many of them incomplete, give for Republicans: United States senator—Curtis, 62,264; Edwards, 29,148. For governor, Allen, 74,751; Snow, 25,926. Democrats: For governor, Davis, 4943; Potts, 1991; Wood, 3907; Hyatt, 1853.

*See Superfluous Hair Roots Come Right Out*

(An Entirely New Process)

New, different, better than all depilatory and electrical treatments, is the marvelous phelactine process. It's the one thing that actually removes the roots as well as the hair on the surface. It does this very quickly, leaving the skin perfectly smooth and hairless.

Get a stick of prepared phelactine from your druggist today, follow the easy instructions and with your own eyes watch the hair-roots come out! You'll be astonished and delighted. Phelactine is entirely odorless, non-irritating, and so harmless you could eat it without any ill effect.

## *Kerr-Gifford Team Will Have to Face Mr. Bishop*

The shimmering aura of greatness which has been accompanying the Kerr-Gifford team in its mad gallop for the bunting in the Portland city league will vanish into thin air next Sunday when it clashes with the Salem Senators at Oxford park, declares Walter Kracke, the Salem manager.

Kracke is confident that the local team will be able to finish on top, because his star twirler, Biddy Bishop has just received a new supply of slippery elm. Not many fans know that Biddy is a "spit ball" artist. In the last two games Biddy has twirled superb ball. Opposing batters experience difficulties when facing the Salem ex-manager. After a week's rest and replenishment of his slippery elm supply, Biddy will be ready to send back to Portland the Kerr-Gifford team as vanquished invaders.

It is barely probable, according to a statement given by Kracke, that the Cottage Grove team of the southern part of the state will be seen in action against the local team on August 15. A definite announcement will be made at Sunday's game.

## *Lumber Interests to Get All Possible Cars*

PORTLAND, Ore., Aug. 4.—Every available freight car on the Northern Pacific system is being sent to the northwest in order to give relief to lumber operators and permit them to ship all unfilled orders before the new advanced freight rates become effective the latter part of this month.

Word of this movement was contained i na telegram received today by F. J. Fogarty, assistant general freight agent, from J. G. Woodworth vice-president of the Northern Pacific in charge of transportation.

Local traffic experts unite in asserting that the new freight rates if maintained according to the increases permitted by the interstate commerce commission will work a serious hardship on the lumber industry of the northwest and lumber operators are now making every effort to ship out all orders to outside points before these new rates are made effective.

## *Rate Increases Sought by Oregon Railroads*

The Portland Railway, Light & Power company and the Willamette Valley Southern railway have filed with the Oregon public service commission petitions asking that their freight rates on intrastate shipments be increased to conform to interstate rates recently granted by the interstate commerce commission to roads operating in Oregon.

### MANY FIRES IN MONTANA

MISSOULA, Mont., Aug. 4.—A disastrous fire in the Kootenai national forest in northwestern Montana; a new fire in the Kaniksu forest in northern Idaho and northeastern Washington; two serious blazes on the Pend O'Reille forest in northern Idaho and a 20-mile gale which raised havoc on the Flathead forest, northwestern Montana, were reported to headquarters of forest service district No. 1 here today. In addition there were 35 other smaller fires on Kootenai forest.

### 3,493 JAPS IN OREGON

PORTLAND, Ore., Aug. 4.—There are at present 3,493 adult Japanese in Oregon. In the state 2,815 acres of land are owned by and 7,911 acres under lease to Japanese. The value of the realty holdings is $860,000. These facts were made public tonight by the Japanese association of Oregon from a report it has prepared after an investigation for submission to the congressional committee of inquiry now investigating oriental conditions on the Pacific coast.

According to the report Japanese land holdings in the state have decreased since 1913 by 875 acres.

## *Farmer-Labor Heads Say I. W. W. Control Party*

SALT LAKE CITY, Aug. 4.—Two leaders in Utah activities of the farmer-labor party tonight made public a joint letter of resignation to George Crosby, state chairman of the party, charging I. W. W. were in control of the party. They were H. A. McCollem, state vice chairman, and Charles A. Weaver, assistant secretary of the state organization.

The two former officers of the party recited a number of facts which they said tended to prove I. W. W. influence had been active in the party, accused some members of that organization of seeking to subvert the new part to their own ends and made a general denunciation of radicalism.

The letter called attention to pronouncements by Parley P. Christensen, the party's presidential nominee against the I. W. W., and said he had failed to live up to these statements. Both signers of the letter live here and this also is Christensen's home.

Reciting the reasons which led them to aid in formation of the new party, the writers quoted Christensen as saying "he would resent the exercising of the I. W. W. vote in the new party's behalf." It continued:

"The Farmer-Labor party delegates had barely returned home before they began to form plans to control the new party and * * * began to pursue their own radical ends. Christensen * * * has sacrificed his integrity to labor unions and I. W. W."

The letter explains that the signers are not attacking all unions, but only those inclined to radicalism. It goes on to say that "I. W. W. interests" are "operating under the misnomer of the Farmer-Labor party" and adds "no law-abiding citizen would dare belong to it (the farmer-labor party)."

## *Government Receives No Reply to Jap Note*

WASHINGTON, Aug. 4.—The reply of Japan to the American note regarding Japanese occupation of Siberian territory has not been received here, it was said today at the state department.

The department, in a statement today, referred to the interchange of communications between Washington and Tokio as "frank discussions of pending matters between the government of the United States and the government of Japan."

### G. A. R.'S WANT LOW RATE.

PORTLAND, Aug. 4.—Efforts are being made by Adjutant C. A. Williams of the Grand Army of the Republic of Oregon, to arrange for special railroad rates to the national encampment of the G. A. R. to be held at Indianapolis September 19-25. Until the rate question has been definitely decided, Adjutant Williams said today, there can be no prediction of what the Oregon attendance will be.

## *Salvation Army Western Headquarters in 'Frisco*

SAN FRANCISCO, Aug. 4.—Creation of a new western territorial division of the Salvation Army, with headquarters at San Francisco, embracing California, Oregon, Washington, Nevada, Utah, New Mexico, Idaho, Arizona, Wyoming, Colorado, Montana, the Texas panhandle and the Hawaiian islands, was announced here today.

Adam Gifford, colonel in charge of Salvation Army work in New England, has been named commissioner of the new territory, while Brigadier Andrew Crawford of Atlanta, Ga., will be made provincial officer here. Changes in activities as announced include the publication here of a western edition of the War Cry, the official organ of the Salvation Army.

### COUCHMAN DIES.

CHICAGO, Aug 4.—William V. Couchman, vice president of the International Harvester company and in charge of its European business, died suddenly today at Brussels, according to a cablegram received here.

Mr. Couchman had been in the agricultural implement business 37 years, starting as an office boy for the McCormick Harvesting Machine company.

Be Slender

A true way to become slender, agile, healthy is now yours. See the pictures: the shadows are to give you idea of size before reduction of weight.
