George just couldn't stay away from the big fair, so he came in early this week. He is one of the few survivors of the first fair board.

BITS FOR BREAKFAST

Salem Day at the fair.

And it is also Elks Day.

And the Battle of the Argonne in the evening.

The horse show at the state fair is great.

But everything is great at the state fair, and comparisons would be odious.

Everybody will be at the fair today, and it will be the biggest day ever seen there; though tomorrow may be still greater.

You have till Saturday at 5 o'clock to register, if you have not registered.

Harding will have to go back to that front porch at Marion, Ohio. He can speak to the whole nation there—through the newspapers. When he gets away, so many people want to see and hear him, and he can be seen and heard by such a small proportion of the great crowds, that it is embarrassing.

Everybody knows by this time that Harding is to be the next president, and everybody is so anxious to have him in the White House working out the ideas of sanity and American common sense, that he would be in danger of having his head turned if he were that kind of a man—which he is decidedly not. He feels and knows his limitations, and he is the most modest of men. But he feels the great responsibilities that have been thrust upon him, and he will give his best freely and thankfully and with humility.

ARGONNE FIGHT HERE TONIGHT

Reproduction of Famous Battle Overseas Great Event at State Fair

Bursting bombs, belching artillery, hand grenades, gas attacks, liquid fire, bombing raids on American trenches, flares, very flares, machine guns, rifle grenades, and all other kinds of war material that was used by the allied and German armies during the World war, will be on the program at the state fair race track tonight, when the American legion will stage a wonderful pyrotechnic reproduction of the Battle of the Argonne.

Many of Marion county's overseas veterans, assisted by old Company M, N. G. O., will participate in the battle scenes. Many of the men who will participate in the production are men who fought in the original famous Argonne. It is said that when the boys hear the machine guns popping and the artillery roaring, and they become lost in the smoke and confusion, just the same as they did in France, the air will be blue with something more than smoke. The "Battle of the Argonne" will be one of the biggest events of this year's fair, and anyone missing it will miss one of the biggest spectacular features ever presented in Salem, or, for that matter, in the state of Oregon.

An hour of fireworks will follow the Argonne battle and many of the biggest topical features will be displayed in fire. There will be many different kinds of ground and aerial displays such as "The Storming of the DarDanelles" by the British fleet, aerial gardens, wheel of the allies, Multnomah falls, volcano eruption, jewel rockets, rivers of molten lava, American legion emblem, Elks emblem, "Old Glory," the Bugler, airplane night signals and a hundred other big pyrothecnic wonders.

During the "battle" tonight Eugene Eyrely, Salem boy, will fly over the heads of his comrades while they are engaging the "enemy" and attack the "Jerry's" by airplane. His plane will be a mass of fire, as he has consented to having his plane rigged with a special kind of fire material. This is just a new invention and this is one of the very few times it has ever been used. This feature in itself is worth the small price of admission that is being charged by the legionaires.

Automobiles will be allowed to park inside the race track and it is advisable to purchase tickets in advance, as the crowd will be enormous and it will save time and at the same time you will be the "early bird."

The men who are to take part in the battle will assemble with Company M in front of the armory at 6:15 p. m. Captain Leroy Hewlett will be in command and will take the men in trucks to the fair grounds direct. Those men who are late will report in rear of the grandstand before 8 o'clock.

The bombardment over the United States Bank building Tuesday noon was a thrilling reminder of air raid days two years ago and is only a suggestion of what the Argonne show tonight will be.

A special compliment to the Elks, tomorrow is Elks day along with Salem day, will be a set piece in fireworks showing an antlered elk's head in the Elk colors.

The veterans will go over the top with a vengence for it was just two years ago that the Battle of the Argonne was being fought in France.

Spectators who go in their cars will find ample parking space and

BE PRETTY! TURN GRAY HAIR DARK
Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur
Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.
Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.
