GALBRAITH IS COMMANDER

Soldiers Vote for Exclusion of Japanese From America

CLEVELAND, Sept. 29.—F. W. Galbraith Jr., of Cincinnati was unanimously elected national commander of the American legion today at the closing session of its second annual convention. Galbraith received the majority necessary for choice on the second ballot, his closest opponents being Hanford McNider of Iowa and J. F. J. Herbert of Massachusetts.

Upon motion of McNider, seconded by Herbert, the election of Galbraith was declared unanimous.

The passing of a resolution which puts the legion on record as being in favor of the rigorous exclusion of Japanese as immigrants, cancellation of the so-called "gentlemen's agreement" with Japan, the exclusion of "picture brides" and the decision of the convention to continue its policy of "strict neutrality" in regard to political questions were the predominating questions acted upon.

The Japanese question came up when the committee on Americanization presented its report. This report stated:

"Be it resolved that we go on record as being in favor of the cancellaation of the so-called 'gentlemen's agreement' with Japan; exclusion of 'picture brides' and rigorous exclusion of Japanese as immigrants.

"And that we enter a vigorous protest against the demand of Japan that naturalization rights be granted to its nationals now located in the United States and that we earnestly request the state department of the United States in its settlement of this question not to consider any proposition which will grant rights of naturalization to this unassimilable people.

LUMBER PRICES CUT.

KANSAS CITY, Sept. 29.—Reductions in retail lumber prices, ranging from 10 to 20 per cent, according to grade of the product were announced today by all retail lumber dealers here. The reduction is the fourth this year and makes a decline of 20 to 40 percent from the peak prices of last May, the dealers say.

Some Alien Arms Are Unreturnable

PORTLAND, Ore., Sept. 29.—Firearms owned by alien enemies which were seized during the recent war have been ordered returned to their owners, according to an announcement of the United States district attorney here.

The police may experience some trouble along this line because of the fact that not all of the guns seized are now in their possession. During the war, when preparedness and the guarding of docks, waterfronts, etc., was in vogue and the end of the war nowhere in sight, a large number of these guns were given away by the chief of police to various guard organizations and individuals, station officers said today.

W. C. T. U. Convenes in Portland for Two Days

PORTLAND, Ore., Sept 29.—The 37th annual convention of the Women's Christian Temperance Union of Oregon opened here today with about 250 delegates present. Reports of officers occupied most of the time at today's session. The convention will continue tomorrow.

SALEM SLOGAN PAGE

On this page are some of the outstanding concerns which and men who have put Salem on the map and are helping to keep it there

THIS IS THE FIFTY-SECOND SLOGAN ISSUE

This is the fifty-second Salem Slogan issue of The Statesman.

The object was to exploit the fifty-two most important basic industries of Salem and the Salem district, in a series of issues, once a week, for an entire year.

The list is now complete; and everybody has been surprised; the writer surely has, at the many strings to the bow of Salem's Gibralter prosperity and growth.

No city in the world of Salem's size can equal it.

No other city any where has such prospects.

Another year's campaign will be commenced next week; with better and larger support than the last year's campaign.

The new schedule will be announced next week.

DID YOU KNOW That the new Salem paper mill, the most up to date paper mill in the world, is now in full operation, beginning today the shipment to market of its product; that it will add greatly to the industrial activiy of Salem and the Salem district; that it will grow in capacity, because provision has been made for growth, and this is the greatest pulp wood center in the entire world; and that the construction and activities of this mill will attract many other industrial activities and developments here?

We are cut after a million. We are now paying $400,000 a year to the dairymen of this section for milk. "Marion Butter" is the best butter.

More cows and better cows is the crying need
