WHEAT REACTON IS BROUGHT ABOUT

Rise of Seven Cents in Week Leads to Slump Making Market Unsettled

CHICAGO, April 12.—Notwithstanding that as a result of active buying new high price records for the season ere reached today by wheat, corn and oats, the fact that wheat showed a rise of 7 cents within a week led to reactions and made the wheat market lower, taken as a whole. The finish in wheat was unsettled at 1-2c net decline to 1-4c advance with May $1.24 1-8 to $1.24 1-4 and July $1.22 1-4 to $1.22 3-8. Corn closed unchanged to 3-4 off, oats down 1-4 at 3-8 to 3-4 and provisions at 2 at 7c advance.

Much of the buying of wheat was due to nufavorable crop reports. Advices indicated that the Nebraska yield would be a poor one, that a large part of the Kansas crop was reteiorating and that considerable damage had been done in Ohio. Besides prospects in Illinois and Missouri were said to have been lowered. On the other hand rain in Oklahoma and Texas had some bearish influence and there was comment that today's advance at Liverpool was less than had been looked for in view of yesterday's price bulge on this side of the Atlantic.

Assertions that the wheat market advance here had been too rapid received particular attention after the season's topmost prices had again been surpassed. Profit taking sales became largely on every upturn and especially in the last half of the day the bull side appeared to be slightly at a disadvantage at least for the time being. Shorts, however, covered freely in the late trading and this circumstance operated to prevent any decided setback in values.

Corn and oats reflected the changes in wheat prices. Country selling of corn was reported to have increased a little as compared with wheat has been the rule of late.

Provisions were firmer in line with hog values.

STOCK MARKET SHOWS STRENGTH

Opening Is Irregular But Buying Demonstration Adds Impetus

NEW YORK, April 12.—Today's stock market opened irregular, turned dull on a subsidence of selling pressure on the oil group and then strengthened materially in response to a buying demonstration in rubber, independent steel and a few selected industrial specialties in the last hour. Other financial and commodity markets also showed an improved tone, wheat, corn and sugar prices mounting to ne high records for the year while cotton opened strong but forfeited a good part of its gain before the close.

Failure of the averages to break through their lows of last week and the relatively small amount of forced liquidation resulting from the recent professional attacks convinced many observers that the secondary reaction and many orders from these sources were reported in the late dealings.

Oil shares, which were the hardest hit in the recent wave of selling were the first to recover. Speculative belief that the rubber and tire companies will benefit materially from the record-breaking motor car production brought forth fresh buying power into that group.

No explanation was forthcoming for the six point drop in American express, current earning of which reported to be satisfactory. Jersey Central broke nine points on two sales. Other railroad shares showed mixed changes.

Call money opened at 5 er cent, eased off to 4 1-2 during the noon hour and thence to 4, where it closed. Short term loans were arranged at 5 1-4 per cent but bankers are still holding out for 5 1-2 for the longer maturities. Commercial paper was in fair demand with prime names selling at 5 and 5 1-4.

Foreign exchanges held fairly steady around yesterday's final rates. Demand sterling eased 1-4 to 4.65 3-4 in the late dealings and French francs advanced 2 1-2 points to 6.68 1-2. Silver exchanges showed marked improvement.

FRUIT

NEW YORK, April 12.—Evaporated apples dull; prunes easy; apricots steady; peaches dull.

PRATUM NEWS

A carload of broccoli which was shipped from Salem Wednesday night to Minneapolis over one-half of its contents was grown and packed in this neighborhood. Another car will be shipped Friday a large share of it again coming from this district.

For some unknown reason an airplane coming from the south Wednesday morning when about two miles south of here began to descend until it was only 20 to 30 feet above the ground when it crossed the school ground, and going north from here almost touched the ground, only rising high enough to get over wire fences and over telephone lines.
