WHY NOT A USED CAR?
The car in which your friend drives you over the highway is a used car.
The car the salesman uses to demonstrate for the sale of a new car is a used car.
Every car you see on the street is a "used car."
You may buy a car for $50—it won't be much of a car but you are not "stung" if you know what you are getting.
It isn't how much you pay or how good a car you buy, but it is in knowing exactly what you get for the price you pay that counts.
The best buy in an automobile is the slightly used car.
Remember, we tell you the truth about every used car we sell.
