GIRL WOMEN.

The general standard of measurement for womanhood is "grown-up-ness." When a girl is emancipated from school and arrives at the dignity of trailing skirts and elaborate hair dressing she is looked upon as a young woman. But nature knows nothing of such standards. When the womanly function is established, womanhood is attained according to her standards, and there is need of womanly care and caution. It is girlish ignorance or neglect at this critical time which often results in long years of after misery.

Mothers who perceive the evidences of functional derangement in young girls should promptly have them begin the use of Dr. Pierce's Favorite Prescription. It establishes regularity, tranquilizes the nerves and tones up the whole system.

"My troubles started during my girlhood," writes Miss Flora I. Greer, of 107 Howe Street, Akron, O. "but did not prove serious until 1893. From that time I did not see a well day. I suffered at every monthly period with terrible headache, irritation of the spine and pains in my heels. I had soreness through my hips and ovaries all the time and constant backache. One doctor would tell me one thing ailed me, another would say something altogether different, but they only relieved me. I then wrote you and followed your advice. I took five bottles of Dr. Pierce's Favorite Prescription, four of 'Golden Medical Discovery' and five vials of 'Pellets.' Have not had a single symptom of my old trouble so far. Can sleep good, work hard, and eat solid and substantial food without distress."

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the sluggish liver.

Old age is not a question of years but a question of vitality. There are young people of seventy-five and old people of sixty. The difference between these young-old people and old-young people is a difference of vital force. Where does this vital force come from? How is it produced? How may it be preserved? The answer is that all physical vitality comes from food properly digested and assimilated. Food fills but does not feed unless the processes of digestion and assimilation are thoroughly performed. It is from the nutrition extracted from food that physical vitality is produced. It is quite possible to eat heartily and yet lack vitality because the nutrition in the food is not extracted. This happens when there is disease of the stomach and other organs of digestion and nutrition. Then the food is imperfectly digested and the nutritive values are largely lost. The consequence of this loss of nutrition in general is physical weakness and in old age it is the forerunner of senile decay. Strength then in youth or old age is only a question of sufficient food which is properly digested and assimilated. If vital strength is produced from food under these conditions, it is evident that this vital strength may be preserved while the stomach and its associated organs are kept in a healthy condition.

It is imperfect digestion and loss of nutrition caused by disease of the stomach and the other organs of digestion and nutrition, to which in general loss of vitality may be attributed.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition in young or old. It enables the perfect digestion and assimilation of food, from which alone the body receives its strength and by which it preserves its vitality.

"When I wrote you for advice, I was feeling very miserable with not simply one ailment but a general debility," writes Mrs. Martha Jones, of Claremont, Surry Co., Va. "I purchased a bottle of 'Favorite Prescription' and also one of 'Golden Medical Discovery' and a bottle of 'Pellets.' I soon began to improve and continued taking them until I was feeling so well I discontinued. That was last spring, and I continued feeling as well as could be expected of *an old lady seventy-three years of age*. I have so much faith in your medicine; I feel that the number of my days has been prolonged by taking it. I recommend Dr. Pierce's medicines every chance I get. I think there is no medicine equal to yours for old people. It makes their declining days easy and cheerful. I would say to the aged especially, take Dr. Pierce's medicines, they will *help* and *cure* also."

"I was a sufferer from chronic diarrhea for five years," writes Mrs. Mary M. Aaron, of Rolla, Phelps Co., Mo. "I tried different remedies which would give me relief for a short time only. My trouble would return as bad as ever. I consulted you in July, 1900, and by your advice commenced using Dr. Pierce's remedies. I took two bottles of the 'Golden Medical Discovery,' three vials of the 'Pellets,' and some of the 'Extract of Smart-Weed,' as you advised. I have not had any return of my trouble since using your medicines. *Am now seventy-one years old*, and I never had anything to relieve me so quick. I think Dr. Pierce's medicines the greatest on earth. My thanks to you for your advice and thanks to Almighty God for restoring me to health through your hands."

One of the consequences of partly digested food is the clogging of the system and corruption of the blood by the accumulation of waste material. In such a condition some outbreak of impure blood is quite liable to take place, and the lack of vital force resulting from loss of nutrition makes disease a hard thing to fight under such conditions. Dr. Pierce's Golden Medical Discovery not only cures diseases of the stomach, but it purifies and enriches the blood, eliminating from it the poisons which produce disease.

"Three years ago my husband was taken sick," writes Mrs. C. S. Towle, of San Ardo, Monterey Co., California. "He had three carbuncles. Two on back of the neck and one was in region of kidneys. It was six inches in diameter and he had the best doctor we could get. He attended him two months and then said he could do no more for him; that he had so little vitality there was nothing to build on; that a change might do him good. The children insisted on his going away, but I said no, if he must die, he should die here in our own home, but if he could be raised from that bed of sickness I could do it with Dr. Pierce's medicines. We bought one bottle of 'Golden Medical Discovery' and a vial of Dr. Pierce's Pellets. My husband had not been able to sit up, even to have his bed made. When he had taken one bottle of the medicine he could sit up and go out of doors, and when seven had been taken he was in better health than for five years previously. *He is now seventy years old*, and can do a good day's work."

As a tonic for old people there is no medicine superior to "Golden Medical Discovery." It strengthens the stomach, purifies the blood, and so gives new life and new strength.

Dr. Pierce's Pleasant Pellets. The best laxative for old people.

BRIGHT'S DISEASE

The largest sum ever paid for a prescription, changed hands in San Francisco, Aug. 30, 1901. The transfer involved in coin and stock $112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to Aug. 25, 87 per cent of the test cases were either well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address JOHN J. FLYNN COMPANY, 420 Montgomery St. San Francisco, Cal.
