Bad management keeps more people in poor circumstances than any other cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. Respectfully, Mrs. Mary A. Beard, Claremore, Ark. Sold by Marsh & Medler.

Another Fine Volume.

Standard books are ever welcome when they come to us in forms and bindings representing all the embellishments of the art of bookmaking. Such a book is the Story of the Philippines, published by the Dominion Co. of Chicago, a copy of which has just come to our desk. The contents are well arranged, the illustrations are fine, the print is clear and neat and the binding superb. The Dominion Company is forging ahead as the leading Western publishing house making a specialty of fine subscription books. Having salespeople in nearly every nook of the country, the company enjoys a large and growing trade. As this company has a known reputation for liberality toward its agents and fair treatment of them, an agency in this community for the above book, or some other published by this company would be a source of considerable profit to the one fortunate enough to secure it. Interested readers should write the company for full particulars.
