It has been demonstrated by George W. Turner that the raising of flax in Morrow county is a success. He will harvest this year about 300 acres, and a number of other farmers in the western part of the county have tried the industry. The amusement feature of the Oregon Industrial Exposition is always a living issue, and this year it will be kept up to its usual high standard. Two of the greatest aerial and acrobatic attractions in the world have been engaged, and others are being negotiated for. People who delighted in seeing the wonderful Hegelmans last year will see other wonders even more wonderful at the exposition this season. The fair will be held from Sept. 28 to Oct. 28, and all railroad and steamboat lines will give reduced rates.

The boys and girls, as well as the old folks, will find lots of interest and value in the Farm Journal. Its fashion page alone is well worth the cost of the paper, to say nothing of the articles on domestic economy. Nearly one-fourth of the paper is devoted to the interests of the household. We have not seen a paper of its class which makes itself so genuinely useful to all. Get it now by paying up a year ahead for the NEWS, and when we say get it now, we do not mean for one year, but for nearly five. We will send it the balance of 1899 and all of 1900, 1901, 1902 and 1903. Just think of it!

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought and it is now perfectly healthy.—C. L. Boggs, Stumptown, Gilmer Co, W. Va. For sale by Marsh & Medler. 1

The Wasco Pharmacy.

Wasco can now boast of having one of the most complete and up-to-date drug stores in the county, and indeed, in Eastern Oregon.

The proprietor of the Wasco Pharmacy, Mr. E. D. McKee, formerly of Oregon City, comes to us well recommended as a young man of good character and sterling business ability, and as being a thoroughly qualified pharmacist.

His store, located in the Draper building, is a model of neatness and is furnished with a prescription case, shelving and show cases that would be a credit to any city pharmacy.

He carries a complete and well selected stock of prescription drugs, and in addition a full line of druggist's sundries, including candy and cigars.

Another welcome feature is the soda fountain, from which he dispenses both plain and ice cream soda to his thirsty patrons.

We bespeak for Mr. McKee a liberal share of the public patronage, and are glad to welcome him to our city.

The Best Remedy for Flax.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me." For sale by Marsh & Medler, druggists. a

Printing Without Ink.

An English company has been formed to print without the use of ink in any form, by simply bringing the plate into contact with chemically dampened paper, linen, silk, wool, or other fabric, and obtaining a good, clear impression of any desired density. The operation is as quick and more simple than letter press printing, and the work resembles in clearness and delicacy a copperplate or litho-engraving. Ordinary printers' type, blocks, forms, stereotypes and electrotypes may be used as a printing surface, and drawings, etc, requiring special blocks or electros, lithographic work or copperplate engraving can be done at a great saving. Original sketches, scrolls or fancy lettering can be made upon the transparency or traced through from drawn or printed sketches, the words being typed in their respective places, and, if opaque paper is used, photographic replicas of any size can be made, while engravings can be reproduced direct from the artist's work. Any class of paper may be used, the sensitizing solution is much cheaper than printing ink and the speed of the process is greatly in its favor.

Played Out.

Dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores are all positive evidences of impure blood. No matter how it became so it must be purified in order to obtain good health. Acker's Blood Elixir has never failed to cure scrofulous or syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy, and we sell every bottle on a positive guarantee. Marsh & Medler, druggists.

ANAEMIA

is a disease met with among young women principally. It is very common and is a forerunner of consumption. It is a disease of the blood. There is only a small quantity of blood in the system, and it is of a poor quality. The symptoms of the disease are quite numerous. They are readily discerned. If the progress of the disease is not checked death from consumption or some other disease is inevitable. HUDYAN will check its progress. HUDYAN will enrich the blood and make the patient strong. HUDYAN is for women as well as men. HUDYAN is a vegetable remedy and it is harmless in its effect. It contains no iron to cause the teeth to decay. If you are suffering you should take HUDYAN now and then note the change in your condition. Study your symptoms carefully. These are your symptoms. Take HUDYAN now and they will disappear.

YOUR WEAK POINTS ARE:

1. CONSTANT HEADACHE—THE feeling is as though the head were going to burst from too much pressure. HUDYAN by its action on the blood, will equalize the circulation of blood and the headache will disappear.

2-2. SUNKEN EYEBALLS AND DARK RINGS BENEATH THE EYES. HUDYAN will cause the rings to disappear and make the eyes bright.

3-3. PALE CHEEKS, from the poor quality of the blood, it being almost devoid of red coloring matter. HUDYAN will enrich the blood and cause the cheeks to become bright and rosy.

4. WEAKNESS IN THE HEART. This is the most pronounced symptom. The heart becomes weak and there is a constant sinking feeling around it. HUDYAN will make the heart strong and cause it to beat regularly, and the sinking feeling will disappear.

5. FEELING OF WEIGHT IN THE STOMACH AND INDIGESTION. This is due to the fact that the food in the stomach is not acted upon by healthy blood therefore it is not properly digested. This leads to habitual constipation. HUDYAN will cause the food to be properly digested, improve the appetite and relieve the constipation. HUDYAN will relieve all the above symptoms and make you well. HUDYAN is for you. It is for men and women. After you are cured tell other women what HUDYAN has done for you. There are many other sufferers and they also wish to be cured. HUDYAN can be procured of druggists for 50c per package, or six packages for $2.50. If your druggist does not keep it send direct to the Hudyan Remedy Co., San Francisco or Los Angeles, Cal. Call upon the HUDYAN doctors. Consultation is free. You may call upon the doctors or write, as you desire. Address

THE ARGENTINE GIRL.

Pretty Picture of Beauty in Early Life—The Beauty Gone Before She Is Thirty.

A pen portrait from a foreign correspondent of a typical Argentine girl presents a very charming picture. In the bloom of youth, and maturity as well, for she is fully developed at fifteen, she is beautiful to look upon, with her erect and splendidly proportioned figure, perfect oval face, hair as dark as night, and lustrous eyes shaded with long, curling lashes. A tinge of European blood gives her cheeks the dainty pink of a damask rose. And as her full, red lips part in a smile over teeth of that pearly perfection rarely seen, she is a fascinating object of sensuous beauty. To complete the enchanting picture she must be clad in some soft, clinging material made in the latest Parisian styles, with here and there a gleam of diamonds, and a coquettish hat to frame her dainty face. A woman in the highest sense of her peculiar nature, and yet a child with all the vivacity of youth. She captivates with her beauty, but in mind and soul there is something wanting which physical perfection does not satisfy, and the charm is soon gone, for at twenty-five, when the American girl is just at her best, the Argentine girl is passee, growing corpulent and coarse very rapidly as she approaches middle age. Her habits are indolent, and she is addicted to the use of rouge and powder to such an extent that her original complexion is entirely concealed.
