The writing of Charles Dickens was minute and presented further difficulties to the proofreader because it was generally written in blue ink upon blue paper.

BUTTERFAT ADVANCES ONE CENT

LOGANBERRIES IN GREAT DEMAND

Canneries' Contracts Tie Up Most of Supply

PORTLAND, July 18.—(AP)—Following its cent rise of Thursday, the butter market held steady today, with demand less brisk than previously.

Top grades of eggs were firm with the demand reported good. Receipts are in fair volume.

Reviewing the fruit and vegetable situation, the Portland bureau of the U. S. department of agriculture says:

"Supplies of loganberries are very light, and canners' contracts have tied up most of these; consequently, active home-canning demands have resulted in sharp price advances to $2.00-2.25 per crate, compared with $1.25-1.50 a few days ago.

Oregon Celery Shipments Large

"Cucumbers from The Dalles are also in light supply, and prices are up a bit, to 75c per box.

"Early Crawford peaches from California — the first free-stones of the season, are now being distributed at $1.50-1.75 per box, to retailers.

"Tomatoes are steady. Fancy outdoor tomatoes from Walla Walla are topping the market by a wide margin, and are supplanting hothouse stock.

"Oregon celery is moving in considerable volume via motor-truck to nearby northwestern territory, and in carlots in limited volume. Wide distribution is being obtained on the few cars now moving, destinations ranging from Vancouver, B. C., to Alabama and Georgia. Oregon stock is selling at top market prices, in competition with eastern celery, wherever offered."

CHERRY DEAL WILL CLOSE NEXT WEEK

Wednesday will see the close of the cherry deal which Young and Well have been operating in one end of the Terminal Ice and Cold Storage company plant on North Front street. About fifty have been employed in sorting and packing and a good run of business has been enjoyed. The fruit is precooled and then shipped to eastern markets by passenger freight.

While the eastern auctions on cherries have held up pretty well, according to Mr. Wells, Salem shipments have not received the best prices owing to small sizes and not such perfect quality as fruit from other districts this year. The firm is undecided whether it will engage in apple shipping or not, depending on the crop developments. It handles a big tonnage of onions in the fall of the year.

CHICAGO GRAIN

CHICAGO, July 18—(AP)—Broadening of export demand, together with indications huge quantities of wheat are being fed to livestock, did much to lift wheat values today.

Statements were current that if the rate of wheat feeding to livestock keeps up the season's otal will reach 200,000,000 bushels.

Closing quotations on wheat were strong, 1¾ to 1⅞c a bushel higher than yesterday's finish. Corn closed 1¼-1 7-8c up, oats ½-1c advanced.

Second Cutting Of Rhubarb Now Being Received

The second cutting of rhubarb is being received at Reid, Murdoch's for canning. The cutting is said to be of high quality and gives a part day's run each day.

Night work is being kept up at this plant with a run on red raspberries and loganberries which come in from Gresham. The peak of the berry canning season is over, but the Gresham fruit is enabling the plant here to work a while longer on berries. Blackberries will come later.

Five Harvard students, spending the summer in Alaska, hope to scale Mount Fairweather.

"Short Season" Cuts Volume of Dairy Products

An advance of one cent in the price of butterfat and of one-half cent in the price of wheat were the principal events of interest in market row on Friday.

The "short season" in dairy production is approaching when pastures are low and production falls off accordingly.
