WANTED—Small property to buy like rent. Inquire 930 N. Com'l.

Interesting Facts

Every time the second hand of your watch ticks off 20 seconds, somewhere there is a fire.

Three fires a minute, every hour of every day—such is America's fearful fire rate.

America has a total of more than 1,577,000 fires a year.

Every 24 hours fire destroys 1,211 buildings. Of these 931 are homes — 5 are schools — 5 are churches—15 are hotel buildings —6 are department stores—2 are theatres—8 are public garages—3 are printing plants—3 are dry goods stores—96 are farm buildings. The balance of 137 are miscellaneous occupancies.

Fire costs America over $800.00 a minute, or $48,200.00 every hour.

In the last five years the total property loss from fire reaches the gigantic total of $2,086,392,098.

In the last five years the total number of lives lost from fire exceeded 50,000—almost as great a loss as that of American soldiers in the World war.

More than 75 per cent of the losses of life from fires occur in dwellings.

Of the lives lost in dwelling fires, more than one-third are children.

Three thousand five hundred people are burned to death in farm fires each year.

The farm fire loss amounts to, in round numbers, $150,000,000 each year.

The majority of farm fires are due to just seven causes — all largely preventable. In the approximate order of their importance these are:

(1) Lightning
(2) Defective chimneys and heating apparatus
(3) Matches and smoking
(4) Combustible roofs
(5) Spontaneous ignition
(6) Gasoline and kerosene
(7) Electricity

Nine out of ten fires of all kinds could be prevented.

Everyone you meet or talk to or know will help pay for a fire today. The cost of fire goes into every budget.

Of all industrial buildings burned during the last five years an average of 43 per cent failed to rebuild or resume operation.

No building is any safer than those which expose it, or the contents which may be stored therein.

Over a five-year period approximately 90 percent of all forest fires were man-caused and could have been prevented.

Reports show that 1 per cent of the number of fires is responsible for 66 per cent of the amount of the loss.

During the last ten years statistics show an advance of 43.05 per cent in the number of dwelling fires.

Accidents that occur from inflammable liquids in the home are 80 per cent fatal and practically no one escapes without severe injury.

Insurance is not a shock absorber; it is simply a shock distributor.

This is national fire prevention week.

Acreage

SPECIAL

Butter Trading in Portland Limited

PORTLAND, Oct. 8—(AP)—Rather limited trading was suggested in the butter market. The reported buying in the east by the government aided the situation there and gave coast speculators hope of activities here.

Trifle slower tone was suggested for eggs. One of the trade leaders suggested this was due to the fact that many were pushing their storage eggs as the best quality, thereby penalizing the producer of current lay.

There was a slightly dragging tone for colored spring chickens but a steady tone was suggested in other lines of live chicken offerings. Turkeys continued in good call.

Country killed meats were generally steady.

Apple trading was about steady with growing call for Spies, which are still scarce.

Tomato trade was still gaining in activity with little change in price.

Bridges to be Repaired

The city council authorized the repair of bridges on Ford street, South High street, and South 25th street at Shelton ditch and Turner road at cost of $1100. A WPA project to remove the center parkings from Marion street was tentatively approved.

NOTICE OF FINAL SETTLEMENT
Notice is hereby given that the undersigned has filed in the County Court of the State of Oregon, for the County of Marion, her duly verified final account, as executrix of the last will and testament and estate of Ellen Privett, deceased, and that said Court has fixed Tuesday, the 29th day of October, 1935, at the hour of ten o'clock A. M. of said day, as the time, and the County Court Room in the County Court House at Salem, in Marion County, Oregon, as the place for hearing said final account and all objections thereto.
Dated at Salem, Oregon, this 25th day of September, 1935.
STELLA F. NUTTING,
Executrix of the last will and testament and estate of Ellen Privett, Deceased.
RONALD C. GLOVER,
Attorney for Executrix,
Salem, Oregon.
S. 25; O. 2-9-16-23

War News is Largely Bearish

Utilities Strong, Average is Lower

Decline of .4 Point Not Accompanied by Great Selling Pressure

NEW YORK, Oct. 8—(AP)—Stock market traders showed today a rather general disposition to offer recent share leaders at price concessions and to concentrate their limited buying in utilities and a few specialties.

A number of gainers in the past few sessions, such as Anaconda and the other coppers, U. S. Steel, Westinghouse, Bethlehem, New York Central and Union Pacific lost around a point or a little more.

While the market was not under acute pressure at any time, and the day's turnover in the stock exchange was only 1,207,510 shares, market forces seemed to be feeling an increased friendliness toward the side-lines as they scanned the African war news.

The day's decline, as measured by the Associated Press average of 60 stocks, was .4 of a point at 48.3 in the face of a rise of .4 of a point in the 15 utilities used in the compilation.

Copper Shares Sold

The advance late yesterday in the price of domestic copper to 9¼ cents a pound was followed by realizing in a number of the recently strong and active red metal shares.

General Motors reported its September sales to dealers in the United States and Canada, plus overseas shipments, at 39,152 cars and trucks, sharply off from the 124,680 units sold in August and below a year ago. The stock was about steady as the results were closely in line with Wall street expectations.

Individual freight loadings reports, many of which appeared during the day, showed steep gains over the previous week.

Followers of the utility shares were predicting a good rise in power output when the official figures appear tomorrow.

Valley to Front As Apple Center

Quality Gains Recognition While Quantity Good But Below 1934

The Willamette valley is coming forward as a producer of quality apples. The crop has reached a good quantity this year, although it is still somewhat below the 1934 crop, it has been reported here.

A few fancy Jonathans have been offered from the Lafayette section, the first fine apples of the season from that locality. These have sold to retailers at around 85 cents for extra fancy, fancy face and fill.

Prices continue low, with a noticeable absence of cash buyers from abroad, while producers have shown little disposition to consign to Europe and possibly get less than available by low prices locally.

Elsewhere than in the Northwest, increases over last season's light crop are general, the bureau of agricultural economics of the United States department of agriculture has reported. About three-fifths of the market production—a larger proportion than usual—is in the East, South and Middle West, and this part of the crop shows much scab and other defects. The conditions hardly suggest high prices for apples, excepting for the best grades.

Gardeners' and Ranchers' Mart

PORTLAND, Oct. 8—(AP)—The demand for high quality lettuce increased at Tuesday's early Gardeners' and Ranchers' eastside wholesale market. The No. 1 quality lettuce sold readily at $1.50 a crate. No. 2 stuff sold for 90 cents and $1.20.

Prices in most other produce were fairly regular. Sweet potatoes of the No. 1 quality held $1.50 while the unclassified went for $1.35.

Field packed celery sold for $1.10 to $1.15 a crate. Large jumbled sold for 70 cents and washed celery sold for $2.60.

Beans sold as high as 4½ cents a pound.
