Hundreds of housewives here in the West compared breads for months. They told us the qualities a bread must have to win them. So expect to find this new loaf *unlike* usual "baker's breads." It's *a woman's idea* of what good bread should be

Discover today the special goodness of this new "woman's recipe" loaf

By Julia Lee Wright
Head of one of the world's largest Home Economics Bureaus

And we're very certain you'll agree no *man-made* bread has ever been so tender—so really thrilling to eat!

Day after day housewives tested loaves made from many recipes. And out of it came this new Julia Lee Wright Bread—*very different from "baker's bread."*
