The Forum.

A MONTHLY REVIEW OF LIVING SUBJECTS

By the Foremost Writers in the World.

THE FORUM has won the highest place reached by any periodical; for it publishes articles by more authoritative writers and by more workers along instructive lines of activity than any other publication. It contains eleven studies of great subjects every month. It is impartial, giving hearings alike to each side. It is financially independent, and it belongs to no sect or party or "interest." It is never sensational, but it aims always to be instructive.

THE FORUM is of great value to that part of our college work which deals with practical politics and current questions. Two sets are hardly enough for daily use of students.—PROF. ALFRED BUSHNELL HART, of Harvard.

I consider THE FORUM as furnishing the most intelligent and scrupulous evidence that a thoughtful writer can find to address in any land.—PROF. ALEXANDER WINCHELL, of the University of Michigan.

THE FORUM continues to hold its place as the foremost of our magazines, for the variety, the value, and the weight of its contributions.—THE NEW YORK TIMES.

There has come forward no problem of grave importance since THE FORUM was established that has not been discussed in its pages by masters of the subject. Announcements of forthcoming articles can seldom be made long in advance, for THE FORUM'S discussions are always of problems of present concern. Every such problem that the year 1890 will bring forward will be discussed, whether in politics, or religion, or social science, or practical affairs. The January number will contain a reply by ex-Speaker J. G. CARLISLE to Senator Cullom's recent article on "How the Tariff Affects the Farmer."

THE FRUITS OF INVENTION.

The inventor of the roller skate made over $1,000,000.

The rubber tip at the end of lead pencils has yielded $100,000 in England.

The gimlet pointed screw has produced more wealth than most silver mines.

Upward of $10,000 a year was made by the inventor of the common needle threader.

The American who first thought of putting copper tips to children shoes made a fortune of $2,000,000;

The inventor of the metal plates used to protect soles and heels from wear realized profits of over $5,000,000.

An income of no less than $75,000 per annum was realized by the inventor of the "Dancing Jim Crow" toy.

The invention of "Pharaoh's serpents," a toy which was the outcome of some chemical experiments, brought the inventor more than $50,000.

That favorite American toy, a "return ball"—a wooden ball with an elastic attached—yielded the patentee an income equal to $50,000 a year.

A clergyman realized $2,000 a week by the invention of a strange little plaything to be seen for a long time in every toy shop window and even in the streets of London.

A large fortune has been reaped by a miner who invented a metal rivet or eyelet at each end of the mouth of coat or trousers pockets to resist the strain caused by the carriage of pieces of ore or heavy tools.

TELEGRAPHIC NEWS

A Vessel Wrecked.

PORT TOWNSEND, Jan. 7.—The following report of the loss of the Wide West by Captain Frederick Sparling is received: The steamer was lost off Destruction Island on the 26th of December. Thursday she crossed the bar and took farewell departure. "We were from 2 A M until 4 A M drifting helplessly until wrecked on Destruction island. We let go the anchor in seven fathoms of water, when she snapped her cable and was thoroughly helpless.

The Ohio Contest.

COLUMBUS, O., Jan. 7.—The contest for senator has shown no material change to-day, except in the way of unsupported claims in behalf of the leading candidates, Brice, Thomas and McMahon. The managers for Brice claim they have sufficient strength to secure the nomination on almost any ballot they may desire, the second being most frequently mentioned. Mr McMahon does not concede the claims of strength for Brice, and is somewhat aggressive and hopeful. Thomas's friends are also working hard.

Senator Blackburn Re-Elected.

LOUISNILLE, Jan. 8.—Senator Blackburn was to-day re-elected senator by the Kentucky legislature in joint session.

The Storm Losses.

SAN FRANCISCO, Jan. 7.—Now that that it looks as if the storms were over railroad men are estimating the losses occasioned by washouts, landslides and snow. The Southern Pacific Company is the heaviest loser, the amount of damage caused being estimated at about half a million dollars, not officially, however. The disaster were most severe in Soledad canyon, in Southern California, where twenty odd miles of track were rendered useless for traffic parposes, and seven miles in a single stretch were swept away.

A Aaluable Building Burned.

LEWISTON, Me., Jan. 7.—The Lewiston city building caught fire to-night and was totally burned. The building was erected ten years ago at a cost of $250,000, and is totally ruined. There was no insurance on it. The valuable library of the Manufacturers's and Mechanics Association, consisting of 11,000 volumes, many of which cannot be easily replaced, was wholly destroyed.

An Oregon Woman Dead.

SAN DIEGO, Cal., Jan. 7.—Mrs Mary E Henderson, of Eugene, Or., while visiting her son, Judge J J Henderson, in this city, died at his residence last night. She was the widow of the late Hon J H D Henderson, who represented Oregon in congress. The remains will be taken to Oregon.

A VERDICT—That the grand display of neat, ornamental baskets, each containing one pound of choicest tea, at LaForest & Thompson's, is the finest importation ever brought to Albany. This tea is basket fired, pure and of rich flavor. We offer it at the astonishly low price of 40c
