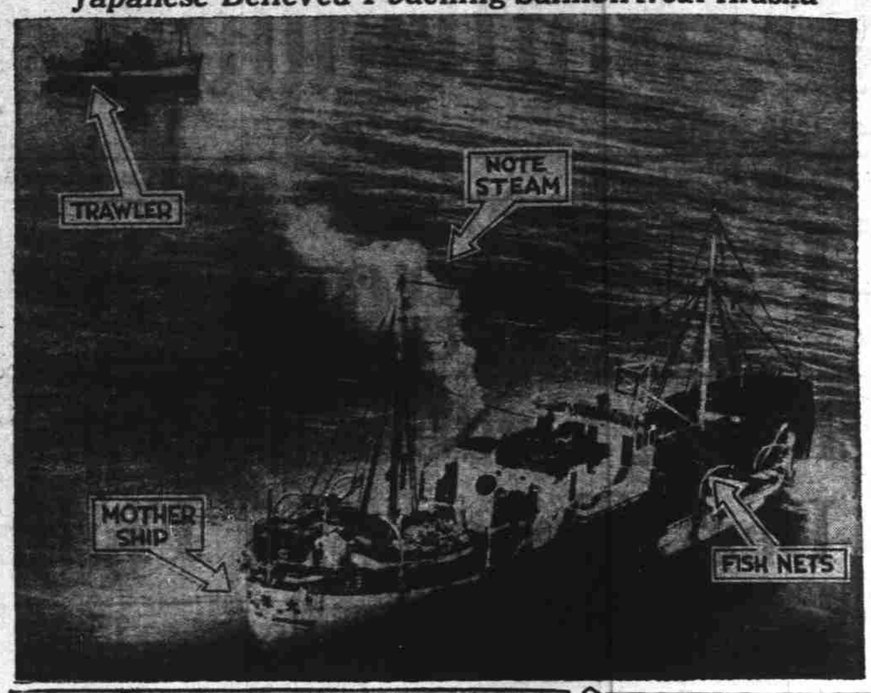
Japanese Believed Poaching Salmon Near Alaska



Convinced that Japanese fishing off Bristol Bay, Alaska, were raiding the American salmon run and were not fishing for crabs, as presupposed, H. B. Friele, chairman of the board of the Association of Pacific Fisheries, recently produced photos of Japanese craft in Alaska waters. Top photo shows a Japanese trawler and a mother ship. The nets drying on the deck are allegedly two miles long while 900 foot gill nets are the longest allowed to American fishermen. Friele said the nets were salmon gear. Steam rising from the mother ship, while at anchor, was viewed as evidence of processing operations. Map at right shows how the nets, if spread to catch salmon on their way into Bristol Bay, will form an artificial shore line and endanger the whole Alaska fishing industry by not allowing the fish to enter the bay and spawn.—I. Zimmerman Hears Picketing Cases

Plans Materializing for Polk 4-H Club Picnic Set for Dallas

DALLAS—Judge Zimmerman of Astoria was in Dallas Monday and Tuesday of this week to hear the case of the employes of the Foster Mills at Willamina against the local union of the sawmill and lumber workers. The employes of the Foster Mills seek an injunction against the union to prohibit picketing of the Foster Mills.

The testimony ended late Tuesday night and the case was taken under advisement by Judge Zimmerman. Attorneys for the defense are allowed to submit a list of questions to Foster and his answers will be by deposition.

Plans are going forward for the annual 4-H picnic to be held in the Dallas city park Saturday, August 7, according to W. C. Leth, county agent. Indications are that this year's picnic will be an outstanding affair.

Besides having Miss Gertrude Warren, one of the outstanding figures in 4-H club work in the United States at the picnic there will be a softball game between a team from the Yamhill county 4-H club membership and a team selected from the Polk county membership. Lots of eats, games and swimming will make the program complete for the day.

Mr. Leth states that many parents of 4-H club members are becoming interested in the affair because of the attendance of Miss Warren.
