WEATHER REPORT.

OREGON WEATHER BUREAU. CENTRAL OFFICE, PORTLAND, OREGON. CROP-WEATHER BULLETIN NO. 7, FOR THE WEEK ENDING SATURDAY, APRIL 23, 1891.

(This bulletin is based on reports received from 147 correspondents.)

In western Oregon cool, cloudy weather with rain prevailed. There were general light frosts, which did no damage, on the 19th and 20th; some hail fell on the 23rd in various sections doing no damage.

Along the coast and in the Willamette valley from one to two and a half inches of rain fell. In southern Oregon less than an inch of rain fell.

The rain was very beneficial to crops on uplands. On the lower lands seeding is not all done and it will now be further delayed. Fall sown wheat and oats have fine growths, and in sections it is being pastured down. Spring grain that has been sown is doing fine. The fruit crop is thriving. All trees are generally in full bloom. Present indications point to a phenomenal fruit crop this year. Hops have good growth; they are from one to two feet above the ground. The hop acreage has been increased. More potatoes than usual have been planted. Straw and other small berries are coming on finely; berries promise to be unusually plentiful. Lambs are doing well. Preparations are being made for shearing, which will be in full blast next week. The week closes with most favorable prospect for western Oregon crops and productions.

In eastern Oregon the weather has been more cloudy during the past week than for a long while and light rains were general. Over one half inch fell throughout the section.

The rain that fell was needed for the soil was becoming dry and late sown grain was not germinating. The rain gives renewed vigor to grain already up, and greatly assists that not yet appearing.

"August Flower"

Biliousness, Constipation, Stomach Pains.

"I have been afflicted with biliousness and constipation for fifteen years; first one and then another preparation was suggested to me and tried but to no purpose. At last a friend recommended August Flower. I took it according to directions and its effects were wonderful, relieving me of those disagreeable stomach pains which I had been troubled with so long. Words cannot describe the admiration in which I hold your August Flower—it has given me a new lease of life, which before was a burden. Such a medicine is a benefaction to humanity, and its good qualities and wonderful merits should be made known to everyone suffering with dyspepsia or biliousness

Baby's Fearful Suffering from Skin Disease Covering Entire Body Cured by Cuticura.

My baby was taken very sick when he was three months old, and in a few days began breaking out. We employed both of the home doctors, and they could do nothing for him. Then we sent for the best doctor in Eaton Rapids, Mich., and he doctored him for two weeks, and he got worse all the time, and then I took him to Jackson, to a doctor who attends especially to skin diseases, and then he got worse than ever. Then I told my husband we had better try the CUTICURA REMEDIES any way, did not have any hope they would do any good, but in less than two months from the time we began giving them to him he was entirely well, and not a spot on him. His hair began growing right off, and we thought he would always be bald-headed. There was not a spot on his whole body, face, and head, only his nice red eyes, but what was as raw as beef-steak. So sore there was not anything but bones, and so weak he could raise neither head nor hand.

Mrs. FRANK BARRETT, Winfield, Mich.

Cuticura Resolvent
