Grain Market Declines on Profit Cashing

CHICAGO, April 27—(AP)—Grain markets rallied after an uncertain beginning today, but profit cashing appeared on all the hard spots and at the finish most quotations were on the off side, some of them down a cent or more.

The trade, particularly in rye, was nervous and price trends changed frequently.

The wheat market was quiet. Pit traders were on the short side at the start and some selling was believed hedging against cash purchases.

Primary receipts of wheat today were 1,571,000 bushels, compared with 2,034,000 bushels a year ago.

At the finish wheat was 1/8 higher to 3/4 lower than yesterday's close, May $1.74 1/4. Corn was off 3/8 to up 1/2, May $1.15. Oats were up 3/8 to down 1, May 66-66 1/8. Rye was unchanged to 1 1/8 lower, May $1.35 1/4-3/8. Barley was off 1/4 to 3/8, May 98.

Buyers Send Stocks Ahead

NEW YORK, April 27—(AP)—Investors returned to the buying side of today's stock market and gave a substantial lift to selected rails, liquors, aviations and assorted industrials. Transfers ottaled 1,360,000 shares, compared with 1,370,000 Thursday.

Recovery inspiration was found partly in the revival of postwar prosperity psychology. Meeting of American and Russian armies in the heart of Germany, to observers spelled the quick doom of the nazis and the return of home industry to civilian production. Dissensions at the United Nations conference brought a tinge of bearishness.

The Associated Press 60-stock average was up .3 of a point at 64.7, with the rail and utility composites making new 8-year peaks.
