Horrors of Dachau Told At Nazi Trial

By Charles Chamberlain

DACHAU, Germany, Nov. 16 (AP)- An inmate who survived Dachau concentration camp today accused guards and officials of torturres and murders, of bleaching human heads for souvenirs, and skinning human bodies to make handbags for their women.

The witness, Dr. Franz Blaha, identified 17 of the 40 Dachau war crimes defendants in six hours of testimony which frequently evoked gasps from the packed courtroom.

The slight Czechoslovakian physician, first former Dachau inmate to testify, charged that:

Fifteen thousand persons died of typhus, but prison doctors were forbidden to report an epidemic because officials "didn't want a quarantine."

Naked prisoners were made to stand in line in front of the hospital for hours, in all kinds of weather, while doctors examined them to see if they were able to work. This lineup was called the "slave market."

Scores of inmates were given nothing but salt water for five days to see what effect it would have on them.

Stock Market Rises to New 14-Year Peak

NEW YORK, Nov. 16-(AP)- Stocks went through the 1937 bull market high by a nose today and touched a peak since 1931 as buyers pushed up leaders in virtually all departments 1 to more than 4 points.

Dealings were lively from the start although the pace slowed after midday and extreme gains were reduced in many cases at the close. Demand alternated between rails, steels, gold mines, utilities, motors and coppers. Transfers of 2,340,000 shares compared with 2,010,000 Thursday and were among the largest for the year.

Southern Pacific's boosted disbursement again aided carriers. Standard Gas preferreds jumped 3½ to 7 points on word the company would seek to alter its amended reorganization plan. Motors were spurred by the OPA grant of an "interim" price increase for more trucks and an unexpectedly pleasing Chrysler earnings compilation.

The Associated Press 60-stock composite was up .3 of a point at 75.4, a top since April 14, 1931. Both rails and industrials were at highs for nearly nine years. Of 1,012 issues appearing, 589 advanced and 239 declined.

Track Workers Declared Needed By Rail System

A critical need for track workers to replace the thousands of Mexican nationals returning to their homeland with war's end was voiced this week by L. B. McDonald, vice president in charge of operations for Southern Pacific company.

Replacements must be found, it was pointed out, to carry on vital track maintenance work. Laborers are also wanted in the railroad's shops and supply department.

In addition, thousands of skilled workers are badly needed by Southern Pacific, it was stated to help meet the huge transportation job resulting from the return and redeployment of troops and reconversion of plants to peacetime activity. In particular demand in this category are mechanics, brakemen, switchmen, signalmen and bridge and building carpenters.

BREAD Containing ROMAN MEAL is offered by your grocer. Delicious, healthful, nourishing. It has the qualities of a splendid bread and has a nut-like flavor.

Made by the bakers of MASTER Bread

Quotations at Portland

Portland Produce

Law School Elects Officers

With the return of the Willamette university college of law to an enrollment approaching prewar proportions this semester, and its recent re-occupancy of the law building, the future barristers reorganized their ranks at a meeting held in the law school this week.

Officers elected for the coming year were, Cecil Quesseth, Salem senior, president; Clark Brown, Salem, former V-12 student, vice-president; and Margaret Geisler, only full-time woman law student, secretary-treasurer. Otto Skopil, Salem senior, was selected as law school representative to the associated student body council. Both Quesseth and Skopil have been recently discharged from the service.

Grain Futures Lifted at End of Slow Session

CHICAGO, Nov. 16-(AP)-A late rally lifted grain futures prices today at the end of a featureless session.

Prices were off fractionally most of the time, largely due to lack of buying interest. The only prop to the market was demand for cash wheat due to export needs.

Buying interest has dried up considerably because of general trade belief that measures to increase parity prices will not be passed, at least for a long time.

Wheat closed unchanged to ¼ higher than the previous finish, December $1.80½ ceiling, corn was unchanged at $1.18½ ceiling, oats were up ⅞ to ⅞, December 74-74⅛, rye was unchanged to 2⅞ cents higher, December $1.82-¼, and barley was off ⅞ to ⅞, December $1.20½.

British buyers were reported to have bought a cargo of U. S. dark spring wheat at $1.98 a bushel. The purchase, trade authorities estimated, brings British buying to 3,500,000 bushels against November and December allocations of mare than 8,000,000 bushels.

Baby Born 20 Minutes After Mother Dies

PHILADELPHIA, Nov. 16 -(AP) A baby girl was delivered at Jefferson hospital today 20 minutes after the death of her mother, Dr. Irvin Uram, attending physician, reported.

Dr. Uram said the mother of the child, Mrs. Mary Zaccario, died of a heart ailment. Dr. Allison Price of the hospital medical department saw Mrs. Zaccario's body immediately after her death and said he realized the possibility that the baby might still be alive.

Dr. Price ordered the body moved into the operating room where Dr. Uram, a 28-year-old obstetrician, had just completed delivering another child.

Dr. Uram said an examination disclosed Mrs. Zaccario's child would have been born in six weeks had the mother lived. He delivered the baby by Caesarian section.

The child weighed four pounds. Dr. Uram said her condition was excellent.

The obstetrician termed it "a miracle" the baby lived because of the mother's heart disease. He added the birth 20 minutes after the death of the baby's mother may have established a record. Dr. Uram said a search of available medical records disclosed a case in New York City in 1936 in which a Caesarian operation was performed and a boy safely delivered 15 minutes after his mother had died.

There are about 18,000 species of birds in the world.
