SODAVILLE.

It is to be hoped that the days that follow this one will be as clear and bright.

Mr Cheshler has moved into his boarding house.

Mr Beeler, the barber, left Sodaville last week, but another moved in yesterday, so you see business will not stop for long.

Several of the men of this place, took their guns and hounds and started for Wes Miller's on a fox chase. "Catch him if you can."

Mr Hue Peery was visiting relatives near Albany the latter part of last week.

Mr Barger has improved the appearences of his dwelling by a new coat of paint.

Mrs Solan Falkner is away visiting relatives this week.

Mr Hue Peery is improving his place by new picket fences.

Mr Shepard has a very sick child.

SCRATCHED 28 YEARS

A Scaly, Itching, Skin Disease with Endless Suffering Cured by Cuticura Remedies.

If I had known of the CUTICURA REMEDIES twenty-eight years ago, it would have saved me $200.00 and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body, and got under my nails. The scales would drop off of me all the time, and my suffering was endless, and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but feel rich to be relieved of what some of the doctors said was leprosy, some ringworm, psoriasis, etc. I cannot praise the CUTICURA REMEDIES too much. They have made my skin as clear and free from scales as a baby's. All I used of them was $5 worth. If you had been here and said you would have cured me for $200.00, you would have had the money. I looked like the picture (No. 2, page 47) in your book, "How to Cure Skin Diseases," but now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while, but to no purpose. I am all well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times.

DENNIS DOWNING, Waterbury, Vt.

BRONCHITIS

Is an inflammation of the bronchial tubes—the air-passages leading into the lungs. Few other complaints are so prevalent, or call for more prompt and energetic action. As neglect or delay may result seriously, effective remedies should always be at hand. Apply at once a mustard poultice to the upper part of the chest, and, for internal treatment, take frequent doses of

Ayer's Cherry Pectoral

C. O. Lapper, Druggist, Fort Wayne, Ind., writes: "My little sister, four years of age, was so ill from bronchitis that we had almost given up hope of her recovery. Our family physician, a skillful man and of large experience, pronounced it useless to give her any more medicine, saying he had done all it was possible to do, and we must prepare for the worst. As a last resort, we determined to try Ayer's Cherry Pectoral, and I can truly say, with most happy results. After taking a few doses she seemed to breathe easier, and, within a week, was out of danger. We continued giving the Pectoral until satisfied she was entirely well. This indisputable evidence of the great merit of Ayer's Cherry Pectoral has given me unbounded confidence in the preparation, and I recommend it to my customers, knowing it cannot disappoint them."

"Ayer's Cherry Pectoral cured me of a bad cough and my partner of bronchitis. I know of numerous cases in which this preparation has proved very beneficial in families of

Young Children,

so that the medicine is known among them as 'the consoler of the afflicted.'"—Jaime Rufus Vidal, San Cristobel, San Domingo.

"A short time ago, I was taken with a severe attack of bronchitis. The remedies ordinarily used in such cases failed to give me relief. Almost in despair of ever finding anything to cure me, I bought a bottle of Ayer's Cherry Pectoral, and was helped from the first dose. I had not finished one bottle before the disease left me, and my throat and lungs were as sound as ever."—Geo. B. Hunter, Altoona, Pa.

A Revelation.

Few people know that the bright bluish-green color of the ordinary teas exposed in the windows is not the natural color. Unpleasant as the fact may be, it is nevertheless artificial; mineral coloring matter being used for this purpose. The effect is twofold. It not only makes the tea a bright, shiny green, but also permits the use of "off-color" and worthless teas, which, once under the green cloak, are readily worked off as a good quality of tea.

An eminent authority writes on this subject: "The manipulation of poor teas, to give them a finer appearance, is carried on extensively. Green teas, being in this country especially popular, are produced to meet the demand by coloring cheaper black kinds by glazing or facing with Prussian blue, turmeric, gypsum, and indigo. *This method is so general that very little genuine uncolored green tea is offered for sale.*"

It was the knowledge of this condition of affairs that prompted the placing of Beech's Tea before the public. It is absolutely pure and without color. Did you ever see any genuine uncolored Japan tea? Ask your grocer to open a package of Beech's, and you will see it, and probably for the very first time. It will be found in color to be just between the artificial green tea that you have been accustomed to and the black teas.

It draws a delightful canary color, and is so fragrant that it will be a revelation to tea drinkers. Its purity makes it also more economical than the artificial teas, for less of it is required per cup. Sold only in pound packages bearing this trade-mark:

BEECH'S TEA

"Pure As Childhood."

If your grocer does not have it, he will get it for you. Price 60c per pound. For sale at
