It is actually economy to drink Beech's Tea. Being absolutely pure, it is much stronger than the artificial teas, about one third less of it, or about twenty grains, being equal per cup. As there are 7,000 grains to a pound, there will be seen to be between three and four hundred cups to the pound. As it is but 60 cents per pound, this is at the rate of about one fifth of a cent per cup. For sale at Allen Bros.

A large stock of pruning shears and pruning hooks, the best made, just received at Stewart & Son's. Now is the time to use them.

A SCROFULOUS BOY

Running Sores Covered His Body and Head. Bones Affected. Cured by Cuticura Remedies.

When six months old, the left hand of our little grandchild began to swell, and had every appearance of a large boil. We poulticed it, but all to no purpose. About five months after it became a running sore. Soon other sores formed. He then had two of them on each hand, and as his blood became more and more impure, it took less time for them to break out. A sore came on the chin, beneath the under lip, which was very offensive. His head was one solid scab, discharging a great deal. This was his condition at twenty-two months old, when I undertook the care of him, his mother having died when he was a little more than a year old, of consumption (scrofula, of course). He could walk a little, but could not get up if he fell down, and could not move when in bed, having no use of his hands. I immediately commenced with the CUTICURA REMEDIES, using all freely. One sore after another healed, a bony matter forming in each one of these five deep ones just before healing, which would finally grow loose and were taken out; then they would heal rapidly. One of these ugly bone formations I preserved. After taking a dozen and a half bottles he was completely cured, and is now, at the age of six years, a strong and healthy child. MRS. E. S. DRIGGS, May 9, 1890. 612 E. Clay St., Bloomington, Ill.

My grandson remains perfectly well. No signs of scrofula and no sores. MRS. E. S. DRIGGS, Feb. 7, 1890. Bloomington, Ill.

Wonders

Are wrought by the use of Ayer's Hair Vigor in restoring gray hair to its original color, promoting a new growth, preventing the hair from falling, keeping it soft, silky, and abundant, and the scalp cool, healthy, and free from dandruff or humors. The universal testimony is that this preparation has no equal as a dressing, and is, therefore, indispensable to every well-furnished toilet.

"I have used Ayer's Hair Vigor for some time and it has worked wonders for me. I was troubled with dandruff and was rapidly becoming bald; but since using the Vigor my head is perfectly clear of dandruff, the hair has ceased coming out, and I now have a good growth, of the same color as when I was a young woman. I can heartily recommend any one suffering from dandruff or loss of hair to use Ayer's Hair Vigor as a dressing."—Mrs. Lydia O. Moody, East Pittston, Me.

"Some time ago my wife's hair began to come out quite freely.

Ayer's Hair Vigor

not only prevented my wife from becoming bald, but it also caused an entirely new growth of hair. I am ready to certify to this statement before a justice of the peace."—H. Hulsebus, Lewisburgh, Iowa.

"Some years ago, after a severe attack of brain fever, my hair all came out. I used such preparations for restoring it as my physicians ordered, but failed to produce a growth of hair. I then tried, successively, several articles recommended by druggists, and all alike fell short of accomplishing the desired result. The last remedy I applied was Ayer's Hair Vigor, which brought a growth of hair in a few weeks. I think I used eight bottles in two years; more than was necessary as a restorative, but I liked it as a dressing, and have continued to use it for that purpose. I believe Ayer's Hair Vigor possesses virtues far above those of any similar preparation now on the market."—Vincent Jones, Richmond, Ind.

A Revelation.

Few people know that the bright bluish-green color of the ordinary teas exposed in the windows is not the natural color. Unpleasant as the fact may be, it is nevertheless artificial; mineral coloring matter being used for this purpose. The effect is twofold. It not only makes the tea a bright, shiny green, but also permits the use of "off color" and worthless teas, which, once under the green cloak, are readily worked off as a good quality of tea.

An eminent authority writes on this subject: "The manipulation of poor teas, to give them a fine appearance, is carried on extensively. Green teas, being in this country especially popular, are produced to meet the demand by coloring clean or black leads by glazing or facing with Prussian blue, turmeric, gypsum, and indigo. This method is so perfect that very little genuine uncolored green tea is offered for sale."

It was the knowledge of this condition of affairs that prompted the placing of Beech's Tea before the public. It is absolutely pure and without color. Did you ever see any genuine uncolored Japan tea? Ask your grocer to open a package of Beech's, and you will see it, and probably for the very first time. It will be found to be just between the artificial green tea that you have been accustomed to and the black tea.

It does not resemble either color, and is so superior that it will be a revelation to tea drinkers. Its purity makes it also more economical than the artificial teas, for less of it is required per cup. Sold only in pound packages bearing this trademark:

BEECH'S TEA

"Pure As Childhood."

If your grocer does not have it, he will get it for you. Price 60c per pound. For sale at
